2015-16 NFHS RULES REVISIONS:

10-6-12	<p>The following acts constitute a foul when committed against a ball handler/dribbler. <u>A player becomes a ball handler when he/she receives the ball. This would include a player in a postposition.</u></p> <ul style="list-style-type: none">a. Placing two hands on the player.b. Placing an extended arm bar on the player.c. Placing and keeping a hand on the <u>player</u>.d. Contacting the player more than once with the same hand or alternating hands. <p>Rationale: The current rule covers the ball handler/dribbler situations but ignores the action that goes on in the post area with the hands, arm bars, etc. The additional language will clarify that the illegal acts should be ruled for every position on the floor.</p>
Signal New	<p>Establish a signal to be used after a basket is made and there is a stoppage in play. The signal is used by the officials to indicate the team inbound the ball may run the baseline.</p> <p>The signal will be executed by extending the arm laterally, bending the elbow at a 90-degree angle, moving the hand and forearm from the elbow in a waving motion horizontally along the end line. A new picture will need to be added to the signal chart. Rationale: Currently there is no signal to indicate when a player may move along the baseline after a made basket and there is a stoppage in play. (i.e.: timeout, injury).</p>

2015-16 NFHS EDITORIAL CHANGES:

3-4-2c	By state association adoption, one commemorative/memorial patch may be worn on the jersey. The patch shall not exceed 4 square inches, shall not be a number and must be located above the neckline or in the side insert.
3-5-3c	All sleeves/tights shall be the same solid color and must be the same color as any headband or wristband worn.
3-5-4a	Headbands and wristbands shall be black, white, beige or the predominant color of the jersey and the same color for each item and all participants. They must be the same color as any sleeve/tights worn. See 3-6 for logo requirements.

2015-16 NFHS POINTS OF EMPHASIS:

1. POST PLAY

New information has been added to the Rule Book that addresses cleaning up post play.

It is legal for offensive and defensive players to touch when both are maintaining a legally established position. Illegal contact on a post player is any tactic using hands or arms or just generally demonstrates rough physical movements that allows a player on offense or defense to control the movement of an opposing player.

It is a foul and should be ruled as such when:

- a) An opponent is displaced from a legally established or obtained position;
- b) An arm-bar is extended and displaces an opponent;
- c) A locked and/or extended elbow displaces an opponent;
- d) A leg or knee is used in the rear of an opponent to hold or displace;
- e) Holding, hooking, slapping, pinning or pushing the leg or body of an opponent;
- f) An offensive post player "backs-down" and displaces the defender once that defender has established a legal guarding position.

2. REBOUNDING

One of the leading causes of injury in high school basketball continues to be the result of illegal contact that takes place during rebounding. Any activity to illegally gain rebounding position on an opponent must be properly enforced and penalized. Some examples of illegal rebounding activity are:

- a) Displacing, charging or pushing an opponent;
- b) Extending the arms or elbows to impede the movement of an opponent;
- c) Using the hips or knees to hinder or impede an opponent;
- d) Violation of the principle of verticality;
- e) Contact between players in free-throw lane spaces prior to the ball being released by the free thrower.

Rebounders include each player involved in the act, whether an offensive or defensive player. It is a coach's responsibility to teach players the proper rule based technics of legal rebounding.

3. FREE THROW SHOOTER

Rule 9-1-3g was revised in 2014-15 to allow a player occupying a marked lane space to enter the lane on the release of the ball by the free thrower. As a result of this change, protection of the free thrower needs to be emphasized. On release of the ball by the free thrower, the defender boxing out shall not cross the free-throw line extended into the semicircle until the ball contacts the ring or backboard. A player, other than the free thrower, who does not occupy a marked lane space, may not have either foot beyond the vertical plane of the free-throw line extended and the three-point line which is farther from the basket until the ball touches the ring or backboard or until the free throw ends.

4. NFHS SIGNALS AND MECHANICS

The NFHS Basketball Officials Manual was revised for 2015-16. Officials are reminded that, when officiating a high school basketball game, the proper NFHS signals and NFHS mechanics are to be used.

Requests for rule interpretations or explanations should be directed to the OSAA. The NFHS will assist in answering rules questions from the state associations whenever called upon.

OSAA BASKETBALL POLICIES

Effective during Association Year, outside the designated OSAA sport season.

1. PRACTICE LIMITATION RULE (*Excerpt OSAA Handbook, Executive Board Policies*) (*Revised Spring 2014*):

- A. **Team Sports Limitation.** Schools may conduct practices and/or compete in contests in team sports (baseball, basketball, football, softball, soccer, volleyball) only during the designated OSAA sports seasons as outlined in Rule 6. It shall be a violation of the rule if there is any attempt during the Association year to gather more than two members of the same high school program together per day outside the OSAA defined season to receive specialized athletic instruction from any coach associated with the participating athletes' high school program. Attempts to circumvent the rule by encouraging team members to attend out-of-season practices or camps during the Association year other than through general dissemination of information or brochures shall be considered a violation of this rule. **EXCEPTION:** Baseball and softball coaches may begin pitching instruction and throwing workouts with pitchers and catchers only (maximum of eight total per day) two weeks prior to the Spring Sports First Practice Date.

Effective First Practice Date through End of HS Season.

2. PRACTICE MODEL (*Excerpt OSAA Handbook, Executive Board Policies*) (**Revised Fall 2015**):

Schools and students are required to adhere to the following practice model.

- C. **All other sports** (Cheerleading, Swimming, Wrestling, Basketball, Dance/Drill, Golf, Tennis, Track & Field, Baseball, Softball)
- 1) All practices shall allow for water breaks and general acclimatization to hot and/or humid weather. Ample amounts of water should always be available and a student's access to water should not be restricted. In addition, all practices shall follow the fundamentals set forth in the NFHS's Heat Acclimatization and Heat Illness Prevention Position Statement. While the risk of heat illness is greatly dependent upon weather conditions, the fundamentals in the NFHS's Heat Acclimatization and Heat Illness Prevention Position Statement promote safety and minimize injury risk in any setting.
 - 2) A student may not practice or participate in a contest for more than six consecutive days without a rest day. A rest day must be complete rest – no organized team physical activity is allowed. Travel is allowed on a rest day.
1. **Q.** Can the one-hour weight training session allowed on single practice days be conducted both prior to practice and after practice if players only participate in one of the weight training sessions?
A. Yes, multiple one-hour weight training sessions may be held but individual players are limited to participation in a single session.
 2. **Q.** Is the one-hour weight training session allowed on single practice days required to be immediately prior to and after the practice?
A. No, the training session does not have to immediately precede or follow the scheduled practice.
 3. **Q.** Is the one-hour weight training session allowed on single practice days also allowed on multiple practice days?
A. No, weight training conducted on multiple practice days counts toward the daily five-hour practice limit.
 4. **Q.** On single practice days may coaches conduct classroom-training sessions that would involve no physical activity?
A. Yes, classroom instruction that requires no physical activity is allowed and does not count towards the daily five-hour practice limit.
 5. **Q.** Is classroom instruction with no physical activity allowed during the required three-hour recovery period between multiple practices?
A. Yes, classroom instruction that requires no physical activity is allowed during the recovery period.
 6. **Q.** A team plans to conduct multiple practices on a single day but wants to reduce the length of each practice to 90 minutes. Can the team reduce the required recovery time of three hours between practice sessions because they have used less than the maximum practice time allowed?
A. No, the three-hour recovery period between practices is required regardless of practice length.
 7. **Q.** Are multiple practices on a single day required for all Fall teams?
A. No, teams are not required to have multiple practices on a single day. If multiple practices are conducted, the second practice of the first two multiple practices days is a teaching session only.

8. **Q.** What is the definition of a teaching session?
A. During a teaching session the intensity, duration, and pace of all practice components shall be modified from a normal practice session. The focus of a teaching session should be directed at developing skills fundamental to the sport at a significantly reduced pace. In Football, light contact with bags is allowed but full contact situations are prohibited. Practice components in all activities intended to develop skills while conditioning the athlete at the same time are not allowed. Coaches are encouraged to use this teaching only session to address offensive and defensive strategies, skill development drills and other types of team building activities that do not involve conditioning.
9. **Q.** How do you calculate practice time for multiple sport athletes participating in more than one Fall sport?
A. Practice hours are cumulative. On a single practice day, the three-hour practice limit may be split between the two sports but the total practice time, including any breaks, must fit within the three-hour limit. On a multiple practice day, the daily five-hour practice limit may be split between the two sports but all required recovery periods must be implemented. Any participation for a fraction of a half hour counts as a half hour towards the daily practice limit.
10. **Q.** If Fall multiple sport athletes practice one hour with the Football team and two hours with the Soccer team are they required to have a recovery period between the two practices?
A. No, this is considered to be one three-hour practice and no recovery period is required. If the combined practice time, including any breaks, exceeds three hours then a three-hour recovery is required.
11. **Q.** If a team practices for 1 hour 15 minutes, takes a 30 min break, and resumes for 1 hour and 15 minutes, does this constitute a multiple practice day or one three-hour practice?
A. This would constitute one three-hour practice. Teams are allowed to have periodic breaks but may not exceed the maximum practice time of three hours, including all breaks within the schedule.

3. **PARTICIPATION LIMITATIONS** (*Excerpt OSAA Handbook, Participation Limitations, Basketball*):

- A. **Team.** A school team shall not play more than 24 games at each level of competition exclusive of varsity district playoffs and state championships.
- B. **Individual.** A student shall not participate in more than five quarters per day and in not more than 24 games per season, exclusive of varsity district playoffs and state championships. Overtime periods shall be considered an extension of the previous quarter, and participation for any length of time in a quarter shall constitute a quarter. For the purposes of this rule, participation during the same day in five quarters shall be considered participation in one game. A student may participate in only one jamboree.
- C. **Jamboree.** A school may participate in only one jamboree at each level of competition. A jamboree shall include at least three teams, and shall not be counted as a contest. Jamborees may be held only on the first playing date and for 30 days thereafter. A jamboree shall be limited to not more than a total of 24 minutes (three or more teams) and to not more than one contest against any school.
- D. **Five-Quarter Rule.**
 - 1) If a student participates in a total of five quarters on one day in three different games (one quarter freshman, two quarters junior varsity, two quarters varsity), the student is charged with participation in one game. However, if the same student participated in five quarters on three separate days (one quarter freshman on Monday, two quarters junior varsity on Tuesday, two quarters varsity on Wednesday), that student is charged with three games. If a student appears in more than five quarters on one day, the game in which the student exceeds the limit is forfeited. Participation in two games at the same level in one day counts as two games.
 - 2) **EXCEPTION.** Individuals may participate in two games in one day at the same level.
- E. **Adding a Fifth Quarter.** A fifth quarter may be played at the freshman level, or at the junior varsity level if there is no freshman team, providing both schools agree and the officials agree. The extra quarter is intended to provide an opportunity for those students whose play was limited in the regular contest. In no case shall a student exceed the five-quarter limit.

4. **OFFICIALS – CERTIFIED REQUIREMENT** (*Excerpt OSAA Handbook, Executive Board Policies*) (*Revised Fall 2013*):

- A. **General requirement.** Member schools shall secure certified officials from officials' associations that have been recognized and certified by the OSAA for all interscholastic activities requiring those officials. **EXCEPTION:** Any request for an exception to this policy must receive the approval of the Executive Director. Exceptions shall be considered only when adherence to this policy presents a financial hardship to the school or when the local officials' association is unable to service the member school. Any out-of-state official used under this exception in

a contest in Oregon shall represent an association whose commissioner was an attendee at the OSAA Rules Interpreters' Clinic for that year.

OSAA certified officials are required for all sanctioned activities at the varsity and junior varsity levels including jamborees. EXCEPTION: OSAA certified officials are required in baseball and softball at the varsity level only. OSAA certified officials are required in football at all sub-varsity levels.

Schools, leagues and tournaments are limited to using a maximum of the quantity of officials assigned to State Championship contests unless written permission to exceed that quantity is received from the OSAA Executive Director prior to the event(s).

Schools have the responsibility to request permission from their local associations to use non-certified officials at sub-varsity contests where certified officials are not required.

B. **Quantity requirements.** See **Officials Fee Schedule** for additional information.

2) **Basketball.** Two officials are required at the varsity and junior varsity levels. One referee may be used in an emergency situation only. JV2 and Freshman: Two officials should be assigned, but one official may be assigned at the rate of 1-1/3rd the "per official fee."

5. **INTERRUPTED CONTESTS** (*Excerpt OSAA Handbook, Executive Board Policies*) (*Revised Fall 2013*):

Following is the policy concerning interrupted athletic contests. NOTE: For state championship final games, the OSAA staff shall take jurisdiction and make any decisions rather than the schools involved.

B. **Basketball.** Contest shall be continued from point of interruption unless the teams mutually agree otherwise or there are athletic district rules that apply.

6. **ENDOWMENT GAMES** (*Excerpt OSAA Handbook, Executive Board Policies*) (**Endowment Game Application**) (*Revised Fall 2014*)

The OSAA and its member schools believe in the fundamental values associated with participation in high school activities and want to work together to ensure the future of high school activities in the state of Oregon. The establishment of the OSAA Foundation will help us realize our goal. Endowment Games are a way for member schools and local communities to be active participants in growing the OSAA Foundation. Endowment Games regulations are as follows:

- A. Endowment Games applications should be submitted to the OSAA office by the host school a minimum of 15 days prior to the scheduled contest. Failure to do so may result in participation limitations violations. Applications may be reviewed prior to approval to insure that the host school is able to effectively secure the facility and charge admission.
- B. Endowment Games shall not count toward a school's or an individual student's season participation limitations for each activity. Daily and weekly individual participation limitations still apply. Schools should ensure that participants meet all OSAA eligibility requirements prior to competing in an Endowment Game.
- C. Endowment Games tickets will be \$6 for adults and \$4 for students. No school district or league passes will be accepted.
- D. Upon completion of an Endowment Game, the host school is responsible for submitting the necessary financial report form and 100% of the gate receipts to the OSAA Foundation. The OSAA Foundation will return 50% of the gross gate receipts to the host school within five business days after receiving the check for gross gate receipts. Operating expenses for Endowment Games are to be drawn from the 50% of the gross gates receipts returned to the host school. Financial agreements, if any, between the two participating schools are at the discretion of the schools.
- E. Endowment Games are allowed at the varsity level only in the following activities:
 - 4) **Basketball.** One additional game between the first contest date and the cutoff date.

1. **Q.** Are Endowment Games required?

A. No, Endowment Games are optional for all member schools.

2. **Q.** What happens when one basketball team is counting the contest as an Endowment Game, but the other team has only scheduled 24 games?

A. If either team in a contest is counting the game as an Endowment Game, it is considered to be an Endowment Game.

3. **Q.** May a school play an Endowment Game doubleheader with its boys' and girls' basketball teams against another school?

A. Yes.

4. **Q.** May teams play in multiple Endowment Games?
A. Yes, as long as the team does not exceed that sports Participation Limitation by more than one game/contest. See **Participation Limitations** for additional information.

Athletic directors and coaches shall achieve certification in the following areas prior to assuming duties as an athletic director or coach. The high school principal shall be held accountable for verifying that athletic directors and coaches have been certified. **EXCEPTION:** Any emergency exception to an OSAA requirement must be authorized in writing by the OSAA.

A. **NFHS Fundamentals of Coaching**. <http://nfhslearn.com/>

The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS Fundamentals of Coaching course. This is a one-time requirement.

B. **Concussion Recognition and Management Training**. <http://nfhslearn.com/>

The OSAA and Oregon State Law ([ORS 336.485](#)) requires that athletic directors and coaches receive training to learn how to recognize the symptoms of a concussion and how to seek proper medical treatment for a person suspected of having a concussion. The NFHS's Concussion in Sports free course satisfies this requirement. This training is required annually.

C. **NFHS Heat Illness Prevention**. <http://nfhslearn.com/>

The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS's Heat Illness Prevention free course. This is an every other year requirement.

D. **Anabolic Steroids and Performance-Enhancing Substances Training.** <http://www.ode.state.or.us/search/page/?=2571>

The OSAA and Oregon State Law ([ORS 342.726](#)) requires that athletic directors and coaches receive training on identifying the components of anabolic steroid abuse and use and prevention strategies for the use of performance-enhancing substances. This training is required once every four years.

E. **Spirit Safety Clinic (Cheerleading and Dance/Drill Coaches Only).** <http://www.osaa.org/activities/che>

The OSAA requires that any cheerleading or dance/drill coach attend an OSAA Spirit Safety Clinic by the first day of the Association year in which that person serves as a coach. 2. Q. When must a coach be certified?

A. All coaches must be certified prior to assuming coaching duties unless an emergency exception is authorized in writing by the OSAA. This includes cheerleading coaches, dance/drill coaches and choreographers at schools that do not participate in competitions.

3. Q. Is certification required of volunteer coaches?

A. Yes.

4. Q. Must a "guest" coach be certified?

A. No, but if the coach has contact with students more than three times in a sport season, the coach shall no longer be considered a "guest" and must be certified. A non-certified "guest" coach may not serve as a coach at a contest.

5. Q. May a school bring in alumni or other non-high school personnel to scrimmage with teams or individuals as "guest coaches" if those personnel are limited to student contact on no more than three occasions during the sport season?

No. The "guest coach" exception is intended to allow a limited number of visits by a guest instructor; it is NOT intended to allow coaches to bring in coaches or players to participate in drills or scrimmages against teams or individuals. Any attempt to circumvent the Participation Limitations by calling practice participants "guest coaches" would be a violation of OSAA rules.

6. Q. In individual sports, may a parent or non-certified coach accompany a participant to a contest as the school representative if that person is an authorized representative of the principal?

A. Yes, but the authorized representative may not coach the participant unless specific permission has been granted in writing by the Executive Director.

- B. A permanently attached commemorative patch may be worn but must adhere to NFHS rules in each specific sport.
- C. Colored game balls may not be used during competition unless they are legal under NFHS rules. They may be used during any warm-up period prior to the contest, except in softball and baseball.

In schools which have the services of an athletic trainer registered by the Oregon Board of Athletic Trainers, that athletic trainer may determine that an athlete has not exhibited signs, symptoms or behaviors consistent with a concussion, and has not suffered a concussion, and return the athlete to play. Athletic trainers may also work in consultation with an appropriate Health Care Professional (see below) in determining when an athlete is able to return to play following a concussion.
- 2) **Return to Participation.** Until an athlete who has suffered a concussion is no longer experiencing signs, symptoms, or behaviors consistent with a concussion, and a medical release form signed by an appropriate Health Care Professional (Physician (MD), Physician's Assistant (PA), Doctor of Osteopathic (DO) licensed by the Oregon State Board of Medicine, nurse practitioner licensed by the Oregon State Board of Nursing, or Psychologist licensed by the Oregon Board of Psychologist Examiners) is obtained, the athlete shall not be permitted to return to athletic activity.

B. **Official's Responsibilities.**

An official shall remove a player from a contest when that player exhibits signs, symptoms or behaviors consistent with a concussion due to an observed or suspected blow to the head or body. The official shall document and notify the head coach or his/her designee making sure that the head coach or designee understands that the player is being removed for exhibiting signs, symptoms or behaviors consistent with a concussion as opposed to behavior, a non-concussive injury or other reasons. The official is not responsible for evaluation or management of the player after he/she is removed from play. B. **Additional requirements regarding an ejected coach:** In addition to the requirements previously listed in this policy, an ejected coach shall be required to complete the online NFHS course, Teaching and Modeling Behavior, within seven calendar days of the school being provided a license to take the course by the OSAA. Should an ejected coach remain within sight and sound of the team during the reinstated period of suspension specified in the Regulations, and no appeal is pending, that action shall be considered use of an ineligible participant and shall result in forfeiture of that contest and other penalties as determined by the Executive Board.

C. **Appeal Process:** If the principal or the Athletic Director of the ejected coach/player and the commissioner of officials agree that the suspension should be set aside, the principal may appeal to the Executive Director within 48 hours of the ejection to set aside the next game suspension portion of the penalty. Unless the commissioner agrees that the suspension should be set aside, the appeal must be denied by the Executive Director. 11. **SHARED FACILITIES** (OSAA Handbook, Executive Board Policies) (**Shared Facility Request**) (Fall 2015):

Member schools are permitted to share practice and/or competition facilities with other teams with prior approval from the OSAA. Schools requesting a shared facility are required to submit a “Shared Facility Request” for approval prior to the facility being utilized by different groups at the same time. This policy prohibits practice or competition to or between groups approved to share a facility. It is recommended that each team have their own coaching staff and that staggered practice times be utilized when possible.

12. **SPECTATOR CONDUCT AT OSAA SANCTIONED EVENTS** (OSAA Handbook, Executive Board Policies) (**Revised Winter 2015**):

In addition to the general expectations included in the OSAA Constitution, Rule 3, that school officials...shall take all reasonable measures to ensure that the school’s students and supporters maintain a sportsmanlike attitude toward all events... the following specific expectations regarding spectator conduct at all OSAA sanctioned events, including regular and post season competition, are provided:

- A. All cheers, comments and actions shall be in direct support of one’s team. No cheers, comments or actions shall be directed at one’s opponent or at contest officials. Some examples of inappropriate conduct or actions that are not permitted are: turning backs, holding up newspapers or jeering at cheerleaders during opposing team introductions; disrespecting players by name, number or position; negative cheers or chants; throwing objects on the floor.
- B. Spectators are not permitted to have signs or banners (larger than 8 ½ by 11 inches), confetti, balloons or glass containers. ***Fathead type items are considered signs and shall not be larger than 8 ½ by 11 inches.*** Spectators are required to wear shirts.
- C. Spectators are not permitted to have artificial noisemakers. Some examples of artificial noisemakers are Thunder Stix, cowbells, clappers and air horns.
- D. Spectators shall not be permitted to use vulgar/offensive or racially/culturally insensitive language. Spectators shall not be permitted to engage in any racially / culturally insensitive action.
- E. Spectators who fail to comply with Association or site management spectator conduct expectations may be expelled from the contest.

1. **Q.** May home team schools display signs and/or banners at their home venues?

A. Yes, home team schools may display permanent signs and/or banners that are positive/supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league/state championship banners and sportsmanship banners.

2. **Q.** May visiting schools bring signs and/or banners to hang at the host school’s venue?

A. No.

3. **Q.** Are run through signs allowed?

A. Yes, so long as the message is positive/supportive.

4. **Q.** May a school use an artificial noisemaker at specific times during athletic events?
A. In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.
5. **Q.** May spectators use small, handheld megaphones?
A. Yes, but only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.
6. **Q.** What are some examples of cheers that do not encourage a positive atmosphere?
A. Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. Air Ball! Air Ball! booing, You! You! You! or You Got Swatted! are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team's opponents.
7. **Q.** May students stand on the bottom row of the bleachers?
A. Yes, but when they sit down, they must be seated on the second row.
8. **Q.** May students cheer during serves in volleyball and free throws in basketball?
A. Yes, so long as they are just making noise and not specifically addressing a contest official or an individual player from the opposing team.
9. **Q.** May a school use balloons at an athletic event?
A. Yes, a host school may use balloons for decoration. However, fans may not have balloons, and balloons may not be placed by the school in any manner that would block spectator viewing.
10. **Q.** May a school use balloons at a state championship final site?
A. No.
11. **Q.** May spectators have oversized foam fingers at athletic events?
A. Yes, they are allowed so long as they are not blocking spectator viewing.

13. **STATE CHAMPIONSHIPS – RANKINGS** (OSAA Handbook, Executive Board Policies) **(Revised Fall 2015):**

The OSAA shall use a ranking system to place qualifying teams on to OSAA State Championship brackets in the following team sports: football, boys' soccer, girls' soccer, volleyball, boys' basketball, girls' basketball, baseball and softball. Specifics regarding the ranking system and its implementation are listed below.

- A. **Overall OSAA Ranking.** The overall OSAA ranking system shall be a combination of a Rating Percentage Index (RPI) system and the Colley Rating system. Each team will have an RPI Rank and a Colley Rank that will be averaged to create their overall OSAA Ranking. The ***Colley*** Rank will be used to break ties between teams with the same OSAA Ranking.
- B. **Rating Percentage Index (RPI).** Factors included are wins, losses, ties and location of the contest (home, neutral, away). Score differential and rewards/penalties for playing teams outside one's classification are not a part of the RPI system.
 - 1) **Weighting of Contests.** The weight of a particular contest in the RPI system is determined by its location.

Home Win – .8 of .8	Road Win – 1.2 of 1.2	Neutral Site Win – 1.0 of 1.0
Home Tie – .4 of .8	Road Tie – .6 of 1.2	Neutral Site Tie - .5 of 1.0
Home Loss – 0 of 1.2	Road Loss – 0 of .8	Neutral Site Loss – 0 of 1.0
 - 2) **Percentage Breakdown.** The RPI system factors a team's weighted winning percentage (35%) and a team's opponents' winning percentage (65%) to create a team's RPI ranking.
- C. **Colley Rating.** This system is based on winning percentage, which is adjusted for a team's strength of schedule. Only games against opponents within the same classification are included in the formula. When this system is expanded to include all teams in a classification, a linear system is created with the same number of variables as there are equations. The result of the calculations is a rating for each team in the classification that measures the team's winning percentage against the strength of its opponents and the interactions of their opponents with all teams within the classification.
- D. **Results.** Wins and losses shall be included in the rankings for all team sports. Ties shall only be included for boys' and girls' soccer.
 - 1) **Endowment Games.** Results from contests designated as Endowment Games shall be included.

- 2) Independent Status Teams. Results from contests that have been granted Independent Status by the OSAA shall be included.
 - 3) Forfeits. Forfeits shall be included and counted as a loss for the forfeiting team and a win for the team receiving the forfeit victory. However, in the RPI system, computation of opponents' winning percentage (OWP) shall not include the results of any forfeits. Contests that have been legally played (using eligible players, etc.) shall not be counted as forfeits in the rankings, regardless of a league/district's standard operating procedures.
 - 4) Out of State Teams. In the RPI system, results from contests against out of state teams shall be included in a team's weighted winning percentage and a team's opponents' winning percentage only. Schools are strongly encouraged to utilize the ScoreCenter Out-of-State Opponents form in order to have direct, regular contact with these teams.
 - 5) Out of Country Teams. In the RPI system, results from contests against out of country teams shall not be included, except for contests against teams who are members of NFHS Affiliate Associations (e.g. Canadian provinces, U.S. territories, etc.) which shall be treated like contests against out of state teams.
 - 6) Contests vs. Teams Whose Classification's Rankings Are Frozen. Results from contests involving any team whose classification's rankings are already frozen shall not be included in the rankings.
 - 7) Contests vs. Teams More Than One Classification Away. In the RPI system, results from contests added to a team's schedule after a certain date each season (**Fall – Sept. 14; Winter – Dec. 21; Spring – Apr. 4**) vs. a team more than one classification away shall not be included in the rankings. NOTE: bracketed contests at tournaments are not affected by this policy.
 - 8) **Contests Added After a Certain Date. Results from contests added to a team's schedule after a certain date each season (Fall – Sept. 28; Winter – Jan. 11; Spring – Apr. 11) shall not be included in the rankings. NOTE: Contests not affected by this policy include bracketed contests at tournaments, league tiebreakers, and district/league tournaments. Schools may apply for an exception to OSAA Staff in extenuating circumstances.**
 - 9) Volleyball Pool Play. Results from pool play in volleyball tournaments shall not be included.
 - 10) 1A Football. Results from contests between 1A football teams (8-man) and other classifications shall not be included.
 - 11) JV Teams. Results from contests against JV teams shall not be included.
 - 12) Alumni Teams. Results from contests against alumni teams shall not be included.
 - 13) Jamborees. Results from jamborees shall not be included.
 - 14) Cancellations. Results from contests that are cancelled shall not be included.
- E. **Home/Away Designation**. Since the RPI system factors in where a contest is played, it is important that schools correctly designate this information when reporting schedules and results, especially for tournaments. Tournament play shall be considered a neutral site, except for contests played by the tournament host at its home venue. Baseball and softball contests, even those played as part of a tournament, shall not be listed as neutral due to the fundamental difference associated with being the home team in those sports (advantage of batting last).
- F. **Ranking Timelines**. The rankings for each team sport shall be available to the public through the OSAA website beginning with the first contest date of each sports season. Rankings shall be frozen on the following dates for each classification in each team sport:
- | <u>Sport (includes all games played on that day)</u> | <u>6A</u> | <u>5A</u> | <u>4A</u> | <u>3A & 2A</u> | <u>1A</u> |
|---|----------------|--------------|---------------|--------------------|--------------|
| Volleyball - Rankings Freeze Date (10pm) | Thurs, Oct. 22 | Sat, Oct. 24 | Tues, Oct. 20 | Tues, Oct. 27 | Mon, Oct. 26 |
| Soccer - Rankings Freeze Date (10pm) | Sat, Oct. 24 | Wed, Oct. 28 | Tues, Oct. 27 | Sat, Oct. 31 | Sat, Oct. 31 |
| Football - Rankings Freeze Date (10pm) | Fri, Oct. 30 | Fri, Oct. 30 | Fri, Oct. 23 | Sat, Oct. 31 | Fri, Oct. 30 |
| Basketball (Girls) - Rankings Freeze Date (10pm) | Wed, Feb. 24 | Sat, Feb. 26 | Tues, Feb. 23 | Sat, Feb. 20 | Sat, Feb. 20 |
| Basketball (Boys) - Rankings Freeze Date (10pm) | Thurs, Feb. 25 | Sat, Feb. 27 | Tues, Feb. 23 | Sat, Feb. 20 | Sat, Feb. 20 |
| Baseball/Softball - Rankings Freeze Date (10pm) | Sat, May 14 | Mon, May 16 | Sat, May 14 | Sat, May 22 | Sat, May 21 |
- G. **Breaking Ties in the Overall Rankings**. In the event of a tie in the final overall OSAA Rankings, the teams' **Colley** Rank will be used to break the tie. Although the **Colley Ratings** are displayed to the thousandths, the **Colley Ratings**

shall be extended to as many digits as possible in order to break the tie. If a tie still exists then head-to-head competition shall decide the higher overall OSAA ranking. ***If a tie still exists, the RPI ranking shall be extended to as many digits as possible in order to break the tie.*** If that does not resolve the tie, the RPI ranking shall be extended to as many digits as possible for each of the following components in this order: winning percentage, weighted winning percentage, opponents' winning percentage. If a tie still exists, a coin flip by the OSAA staff shall decide the higher overall OSAA ranking.

- H. **Home Games for League Champions.** League champions at the 6A, 5A, 4A, 3A, 2A and 1A classifications shall be guaranteed a home game in their first state playoff contest, provided that the league champion finished in the top 16 of the final frozen rankings. Only one team per league will be considered the league champion under this policy; ties must be broken by the league. League champions meeting this criterion shall be moved up in the rankings the least number of places in order to ensure a home game (e.g. a league champion ranked #13 in the final frozen rankings shall be moved up to #8 and affected teams will shift down accordingly). League champions not meeting this criterion shall not be moved.
- I. **Avoiding Same League Matchups in 1st Round.** The OSAA Staff shall make adjustments to the bracket to avoid teams from the same league matching up in the 1st Round. At the 1A level in volleyball and basketball, adjustments to the bracket shall be made beginning in the Round of 16 to avoid same league matchups. The following process shall be used:
 - 1) Always move the lower ranked team when a conflict occurs.
 - 2) Never take a home game away from a team when trying to resolve a conflict.
 - 3) Make a total of three moves for a team to try and fix the conflict.
 - 4) The three moves must move downward, if possible (e.g. #23 shifting with #24, #25, #26).
 - 5) If there is not room to move downward (e.g. #32 is the conflict in a 32-team bracket), then move upward.
 - 6) If the conflict is not resolved after a total of three moves, no change shall be made to fix the conflict.
- J. **Placing Teams on the OSAA Bracket.** Once any adjustments are completed per sections H and I above, teams shall be assigned an adjusted playoff ranking (APR) and placed on the bracket accordingly (e.g. 1-32, 1-16, etc.)

14. WITHDRAWAL DURING A COMPETITION (*OSAA Handbook, Executive Board Policies*):

- A. Removal of a team from competition prior to completion of that competition shall be considered a gross act of unsportsmanlike conduct.
- B. In such a case, the school shall forfeit the contest and an administrator and the coach responsible for the action shall appear before the Executive Board at its next regularly scheduled meeting. See **Executive Board Policies, Withdrawal from State Championships** for additional information.

Rule 3 – Contests – Sportsmanship – Crowd Control (*OSAA Handbook, Rules*)

- 3.1.** The arrangement of all festivals, meets, contests or championships is the responsibility of the superintendent, assistant superintendent or high school principal, subject to the Regulations of the Association.
- 3.2.** When a festival, meet, contest or championship is in progress, the National Federation of State High School Associations (NFHS) rules governing such activities shall apply, except for specific deviations as approved by the Executive Board.
- 3.3. Sportsmanship Responsibility.** The high school principal, coach and other responsible officials of each member school shall take all reasonable measures to insure that the school's coaches, players, students and supporters maintain a sportsmanlike attitude toward all events so that events may be conducted without unreasonable danger or disorder. All cheers, comments and actions shall be in direct support of one's team. No cheers, comments or actions shall be directed at one's opponent or at contest officials. Derogatory and/or unsportsmanlike language is not allowed. No player may be singled out by number, name or position with negative comments of any kind.

When a petition is filed alleging violation of this rule, the Executive Director may, at his/her discretion and with concurrence of any two Executive Board members, postpone any pending event which the Executive Director has reason to believe cannot be conducted without an unreasonable danger of disorder. All such protests shall be referred to the Executive Board, which shall proceed as provided in Rule 4. In addition to any other action the Executive Board may take regarding a protest alleging a violation of this rule, the

Executive Board shall have the power to cancel or re-schedule the event involved, or to impose conditions on conducting it.

3.4. Sportsmanship Violations/Penalties. When the coaches, players, students, staff or supporters of any member school engage in unsportsmanlike conduct, disorder or infliction of damage to persons or property in connection with any festival, meet, contest or championship sponsored by this Association, the Executive Board may treat such acts as a violation by the school of the Rules of the Association. Any school whose coaches, players, students, supporters, rooters or partisans take part in riots, fights, pilfering, painting or any other unsportsmanlike conduct shall be subject to penalty.

3.5. A member school shall not participate in any festival, meet, contest or championship with a school that has been suspended or expelled from the Association.

3.6. The Association shall conduct state championships as directed by the Delegate Assembly.

3.7. A school shall not be allowed to participate in more than one state championship in a given sport.

- 1. Q.** Is the host school exclusively responsible for crowd control?
A. No. While the host school for any activity must assume a primary responsibility for the physical management of the activity, including providing for crowd control, this is a mutual responsibility. The visiting school also must take such measures as are necessary to insure proper behavior on the part of its own students and fans.
- 2. Q.** May home team schools display signs and/or banners at their home venues?
A. Yes, home team schools may display permanent signs and/or banners that are positive / supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league / state championship banners and sportsmanship banners.
- 3. Q.** May visiting schools bring signs and/or banners to hang at the host school's venue?
A. No.
- 4. Q.** Are run through signs allowed?
A. Yes, so long as the message is positive/supportive.
- 5. Q.** May a school use an artificial noisemaker at specific times during athletic events?
A. In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.
- 6. Q.** May spectators use small, handheld megaphones?
A. Yes, but only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.
- 7. Q.** What are some examples of cheers that do not encourage a positive atmosphere?
A. Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. Air Ball! Air Ball! booing, You! You! You! or You Got Swatted! are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team's opponents.
- 8. Q.** May students stand on the bottom row of the bleachers?
A. Yes, but when they sit down, they must be seated on the second row.
- 9. Q.** May students cheer during serves in volleyball and free throws in basketball?
A. Yes, so long as they are just making noise and not specifically addressing a contest official or an individual player from the opposing team.
- 10. Q.** May a school use balloons at an athletic event?
A. Yes, a host school may use balloons for decoration. However, fans may not have balloons, and balloons may not be placed by the school in any manner that would block spectator viewing.
- 11. Q.** May a school use balloons at a state championship final site?
A. No.
- 12. Q.** May spectators have oversized foam fingers at athletic events?
A. Yes, they are allowed so long as they are not blocking spectator viewing.

Rule 7 – Out-of-Season and Non-School Activities (*OSAA Handbook, Rules*)

- 7.1.** Out-of-season festivals, meets, contests or championships shall not be permitted during the school year involving member schools of this Association unless special authorization is given by the Executive Board.
- 7.2.** A member school or official representative of a member school shall not participate, either directly or indirectly, in the promotion, management, supervision, player selection, coaching or officiating of an all-star contest involving high school students during the Association year.
- 7.3.** No member school or official representative of a member school shall condition participation in high school athletics on participation in non-school athletic events or workouts, including, but not limited to camps, leagues, and any form of organized out-of-season or summer competition. Further, no member school may give consideration to such participation when determining membership on, or participation in, high school competitive athletics.

1. Q. May a coach require participation on a non-school team including summer teams or use participation on a non-school team as a factor in selecting members of a school team or allowing full participation in team activities?

A. No to both questions. Participation on a non-school team is a personal choice of the student and his/her parents, and may not be required or even considered when selecting school team members or allowing full participation in team activities.

2. Q. May a coach require participation in out-of-season or summer workouts as a factor in selecting members of a school team or allowing full participation in team activities?

A. No.
