Proposal to amend Article 3.1.1. – Membership and Dues, Full Membership

(Action Item)

QUESTION: *Should the Executive Board propose to the Delegate Assembly that Article 3.1.1. – Membership and Dues, Full Membership be amended to add Plan Books to the Regulations of the Association?*

RATIONALE: The seasonal Plan Books occasionally contain important information that doesn't appear in the OSAA Handbook. Adding the Plan Books to the Regulations clarifies that schools must abide by information contained therein.

Article 3.1.1. – Membership and Dues, Full Membership

Subscribe to the Articles, Rules, Executive Board Policies, Executive Board Interpretations, Participation Limitations, Sports Seasons, ***Plan Books***, and Officials Fees (collectively, the Regulations) of the Association.

Proposal to amend Article 3.3.2. – Membership and Dues, Dues

(Action Item)

QUESTION: *Should the Executive Board propose to the Delegate Assembly that Article 3.3.2. – Membership and Dues, Dues be amended to clarify that member schools bringing an administrative or judicial challenge are responsible for the Association’s attorney fees and costs incurred in defending such action?*

RATIONALE: During the staff’s annual review with legal counsel, it was determined that current language in this area was limited to determinations by the Executive Board or Eligibility Appeals Board. Amending the language to include any Regulations or Rules of the Association protects the Association regardless of who made the final determination.

Article 3.3.2. – Membership and Dues, Dues

If a member brings an administrative or judicial challenge to ***any Regulations or Rules of the Association and/or*** a final determination of the Executive Board or the Eligibility Appeals Board, the member shall be assessed a ***membership*** surcharge ~~in the next year of membership~~ equal to the Association’s attorney fees and costs actually incurred in defending such action, whether at the administrative or trial court level or on appeal or discretionary review.

Proposal to amend Article 6.2.1. – Changes in Classification During
a Four-Year Time Block
(Action Item)

QUESTION: *Should the Executive Board propose to the Delegate Assembly that Article 6.2.1. – Changes in Classification During a Four-Year Time Block be amended to allow the Executive Board to change the league assignment of a school or schools if warranted due to a change of classification of another school?*

RATIONALE: Current language in the OSAA Handbook only allows an up/down change in classification during a four-year time block. Amending this language to allow for a lateral change during a four-year time block, at the sole discretion of the Executive Board, potentially provides additional options when making these decisions.

Article 6.2.1. – Changes in Classification During a Four-Year Time Block

The Executive Board may make what it considers a necessary change or changes in classification either up or down during a four-year time block. ***In addition, the Executive Board may, in its sole discretion, change the league assignment of a school or schools if such change is warranted because of a change of classification of another school.***

Proposal to delete Rules 6.4 and 6.5 – Adding/Deleting a Championship Event in a Sport/Activity where one or more championship events are currently offered by the Association

(Action Item)

QUESTION: *Should the Executive Board propose to the Delegate Assembly that Rules 6.4 and 6.5 – Adding/Deleting a Championship Event in a Sport/Activity where one or more championship events are currently offered by the Association be deleted with the intent of replacing both with a new Executive Board Policy?*

RATIONALE: Whereas the Delegate Assembly approves which sports/activities the Association will sanction, the Executive Board has always been the governing body that approves state championship formats, bracket size, venues, etc. Removing this policy from the Constitution and instead creating a new Executive Board Policy aligns more closely with the role each group currently plays.

~~**Adding a championship event in a Sport/Activity where one or more championship events are currently offered by the Association.** The Delegate Assembly may consider adding a championship event in a sport/activity where one or more championship events are currently provided by the Association if the quantity of member schools sponsoring the sport in the classifications to be served by the proposed championship event is equal to at least 75% (50% at the 1A classification) of the quantity of schools in the highest classification which will participate in the proposed championship event.~~

~~**Deleting a championship event in a Sport/Activity where one or more championship events are currently offered by the Association.** The Delegate Assembly may consider deleting a championship event in a sport/activity, and adding the classifications participating in the deleted championship to a higher classification event, if the quantity of member schools sponsoring the sport in the classifications served by the championship event being considered for deletion is below 75% (50% at the 1A classification) of the quantity of schools in the highest classification participating in the championship event.~~

Proposal to amend Rule 8.6.5 – Transfers to a School with Affiliation

(Action Item)

QUESTION: Should the Executive Board propose to the Delegate Assembly that Rule 8.6.5 – Transfers to a School with Affiliation be amended to expand the exception where a student's school of representation doesn't change?

RATIONALE: The Delegate Assembly amended the Mid-Year Transfer policy last year to allow eligibility for mid-year transfers where the student's school of representation doesn't change. Current Handbook language for transfers with affiliation is contradictory and would render those mid-year transfers students ineligible based on affiliation. Amending the affiliation rule aligns the two policies.

Rule 8.6.5 – Transfers to a School with Affiliation

Despite compliance with the other provisions of these Rules, a high school student who attends, participates or was eligible to participate for a school, and then transfers to another school is ineligible for one calendar year from the last date of participating or receiving instruction as described below under any of the following circumstances:

- (a) The student transfers from a public, private or charter school within one calendar year after:
- (1) Participating in non-school athletics (e.g. AAU, American Legion, club team, or other non-school teams) on a team affiliated with the school to which the student transfers or may represent under Rule 8.5 – School Representation **or Article 6.5 Cooperative Sponsorship**, AND/OR
 - (2) Receiving athletic or activities instruction, including weight training and conditioning, from a person affiliated with the school to which the student transfers or may represent under Rule 8.5 – School Representation **or Article 6.5 Cooperative Sponsorship**.
 - (3) **EXCEPTION:** The eligibility of a full member private ~~or associate member~~ school student who transfers to a public ~~or private~~ school at which the student has previously been a participant in a school sport or activity is not affected by this rule **for said sport or activity. The eligibility of an Associate Member school student who transfers to or from a public school at which the student has previously been a participant in a school sport or activity is not affected by this rule for said sport or activity.**

(b) The student transfers from a home school within one calendar year after:

(1) Participating in non-school athletics (e.g. AAU, American Legion, club team, or other non-school teams) on a team affiliated with the school to which the student transfers or may represent under Rule 8.5 – School Representation **or Article 6.5 Cooperative Sponsorship**, AND/OR

(2) Receiving athletic or activities instruction, including weight training and conditioning, from a person affiliated with the school to which the student transfers or may represent under Rule 8.5 – School Representation **or Article 6.5 Cooperative Sponsorship**.

(3) **EXCEPTION:** The eligibility of a home school student who transfers to **or from** a public or private school at which the student has previously been a participant in a school sport or activity or was eligible to participate in a school sport or activity is not affected by this rule **for said sport or activity**.

Proposal to amend Rule 8.6.7 – Period of Ineligibility

(Action Item)

QUESTION: *Should the Executive Board propose to the Delegate Assembly that Rule 8.6.7. – Period of Ineligibility be amended to allow ineligible transfers to participate at the sub-varsity level?*

RATIONALE: Discussions have taken place at various administrator and athletic director meetings over the past few years regarding ways to keep students involved in our programs. Several states have rules in place that allow ineligible transfers to compete at the sub-varsity level, including Washington and North Dakota. The issue was brought up at the April 2015 Delegate Assembly Caucuses and there was support from several classifications, but not all of them.

RULE CHANGE SPONSORED BY: OSAA Executive Board

NEXT STEP IF PASSED: Forwarded to Delegate Assembly for consideration

POSSIBLE RULE CHANGES:

<p>KEY: Add</p> <p>Delete</p>

April 2015 Delegate Assembly Caucus Votes:

Should students who are ineligible under OSAA transfer rules be allowed to participate at the sub-varsity level?

6A – The general consensus was to adopt the North Dakota rule. To be allowed at the sub-varsity level only. They wanted to make sure that by doing this, it would not take someone else's spot.

5A – 5A agreed with 6A. They wanted to know if sub-varsity athletes could qualify for varsity in track and wrestling. They thought that hardships and appeals might be reduced. They wanted to know how this would impact exchange students.

4A – 4A was mixed. They wanted to keep involved. They thought this may help solve transfer situations by taking athletics out of the equation.

3A – 3A was fundamentally opposed and said to leave it as it is.

2A – 2A was opposed and said to leave it as is. They were afraid that there would be a lack of JV teams.

1A – 1A felt that participation was important and that 1A teams lack JV teams. Philosophically they were generally supportive of the concept.

Rule 8.6.7 – Period of Ineligibility

Except as otherwise provided in the Rules of the Association, any transfer resulting in ineligibility of the student renders the student ineligible ***at the varsity level*** for one calendar year.

Proposal to Add Article 6.6 – Collective Sponsorship

(Action Item)

QUESTION: *Should the Executive Board propose to the Delegate Assembly that Article 6.6 – Collective Sponsorship be added to only allow collective sponsorships in individual activities?*

RATIONALE: Cooperative sponsorships in individual activities have been a point of contention in some areas of the state for many years. Other states allow for cooperative sponsorships in team activities and collective sponsorships in individual activities. This allows schools to share resources while continuing to offer programs in conjunction with another school but requires students in individual activities to represent only their school in all competitions.

RULE CHANGE SPONSORED BY: OSAA Executive Board.

NEXT STEP IF PASSED: Forwarded to Delegate Assembly for consideration.

POSSIBLE RULE CHANGES:

Article 6.6 – Collective Sponsorship

Collective Sponsorship. *Collective sponsorship of an activity by two or more schools may be considered following procedures established by the Executive Board. See **Executive Board Policies, “Collective Sponsorship”** for additional information.*

1. *Only full member schools may apply for collective sponsorship. Schools requesting a collective sponsorship should make every effort to collectively sponsor an activity with the nearest school that also has difficulty sponsoring the activity by itself. Collective sponsorship shall be considered only for 4A, 3A, 2A and 1A schools.*

EXCEPTION: *The Executive Board also may approve collective sponsorship involving 4A, 3A, 2A or 1A schools with a 6A or 5A school if the 4A, 3A, 2A or 1A schools are located in an isolated area or are unable to find a closer 4A, 3A, 2A or 1A school willing to enter into a collective sponsorship agreement, or if the two schools are physically housed in the same building where students take classes together.*

Proposal to Add Board Policy – Unmanned Aerial Systems

Board Policy – Unmanned Aerial Systems

The use of unmanned aerial systems, often referred to as drones, is prohibited for any purpose by any persons at all OSAA-sanctioned events. This policy includes not only the restricted playing area of the venue(s), but also the physical confines of the entire stadium/field/arena structure. For the purposes of this policy, an unmanned aerial system is any aircraft without a human pilot on board.

Question and Answer Interpretations:

1. Q: When does the prohibition on unmanned aerial systems begin and end?
A: Unmanned aerial systems are prohibited from one hour prior to the contest through one hour after the contest is completed at any OSAA-sanctioned event.
2. Q: What is the procedure if an unmanned aerial system appears near the playing area of an OSAA-sanctioned event?
A: If the game officials observe an unmanned aerial device flying directly over the playing area, feel that a device may have the potential to harm any individual, or if the device actually lands on the playing area, the game officials have the authority to suspend play and may direct the teams to their respective sideline or locker room until such time that game management deems the situation safe. Under no circumstances should any member of a team or the game officials approach an unmanned aerial system.
3. Q: Can an individual use one of the devices to film their own school's practice session?
A: Yes, but individuals should refer to their local school district policies related to unmanned aerial systems and, if allowed, should exercise a high degree of care in the operation of such devices to avoid common law tort liability for injuries to players, coaches, spectators or other third parties that might result from a device crashing into a crowd. Operators should have completed "flight training" courses offered by unmanned aerial system sellers, should be required to practice extensively to ensure proficiency in using the technology, and should avoid flying any device directly over or close to crowds at any time.
