

Dear Coach,

Following a fundamental review of the Rules of Golf, the USGA and R&A have shared the new Rules of Golf. The goals of this review were to make the Rules more consistent, simple and fair, while maintaining the game's longstanding principles and character. The new Rules go into effect on January 1, 2019.

To assist players and coaches with the transition, the USGA is building a series of online courses designed to help high-school and college players learn the new Rules. We are seeking input and feedback from coaches and players to ensure the courses meet those needs.

We are asking that you take a short survey to provide your thoughts on the Rules that are most important for your players to know and also your preferences for the design of the online course. The survey will take less than 15 minutes to complete.

Thank you for your time and feedback.

Sincerely,
