2016 NFHS RULES REVISIONS:

4-2-9 NEW	A soft-padded headband is permitted. Rationale: This information is not included in the rules. It is mentioned in a situation.
11-1-4	A player is offside and penalized if, at the time the ball touches or is played by a teammate, the player is involved in active play and interferes with play or with an opponent or seeks to gain an advantage by being in that position. A player in an offside position receiving the ball from an opponent, who deliberately plays the ball (except from a deliberate save), is not considered to have gained an advantage. Rationale: The addition of this information aligns NFHS with other rules codes.
14-1-4	Once the kicker starts his/her approach toward the ball, he/she may not interrupt his/her movement. Failure to kick the ball as specified shall result in a re-kick will be considered a violation by the attacking team, and the appropriate penalties shall apply. Rationale: As the rule is currently written, even though the attacking team has committed the infringement, it penalizes the defending team if it successfully stops a penalty kick. If the penalty kick is unsuccessful, the defending team should be awarded the ball as the attacking team has incorrectly taken the penalty kick. The current interpretation that the ball has not been put into play so a re-kick must take place is difficult to justify because rarely does the referee blow the whistle in time to prevent the kick from being taken. Thus the ball moves forward and is considered in play under all other interpretations of the rules. Trying to rationalize this rule to the defending team's players and coaches is very difficult considering they have just prevented a goal even though their opponents committed a violation. Finally, changing the restart in this case to an IFK or the other appropriate penalties aligns NFHS rules with other rules codes.

18-1-1 NEW o	<p>GAINING AN ADVANTAGE BY BEING IN THAT POSITION-A player who plays a ball that rebounds to him/her off a goal post or the crossbar after having been in an offside position, or a player who after being in an offside position plays a ball that rebounds to him/her off an opponent, who has not deliberately played the ball or made a deliberate save.</p> <p>Rationale: Gaining An Advantage by being in that Position is in Rule 11-1-4, but it has never been defined. This new definition aligns NFHS with other rules codes.</p>
18-1-1 NEW u	<p>INTERFERING WITH AN OPPONENT – Preventing an opponent from playing or being able to play the ball by clearly obstructing the opponent’s line of vision or movement of challenging an opponent for the ball.</p> <p>Rationale: Interfering with an Opponent is in Rule 11-1-4, but it has never been defined. This new definition aligns NFHS with other rules codes.</p>
18-1-1 NEW v	<p>INTERFERING WITH PLAY – Playing or touching the ball passed or touched by a teammate.</p> <p>Rationale: Interfering with Play is in Rule 11-1-4, but what it means has never been defined. This new definition aligns NFHS with other rules codes.</p>

2016 NFHS EDITORIAL CHANGES:

1-2-1	<p>The field of play shall be marked in accordance with the Soccer Field diagram, on the previous page, with non-caustic, distinctively colored material that is not injurious to the participants.</p> <p>Rationale: The provisions of this rule refer to a “diagram” in the first sentence. There is little doubt the reference is to the previous page that contains a diagram of a soccer field. It is advantageous and clearer to simply add: “Soccer Field” before diagram.</p>
1-2-10	<p>A 1-yard long hash mark may be made perpendicular to the goal line, but not touching, outside the field of play 11 yards from the corner of the field to assist the officials in enforcement of encroachment during corner kicks.</p> <p>Rationale: This helps clarify the fact that this marking is in no way on the field.</p>
1-2	<p>Play Rulings: Add State Association notification to 1.2.4 and 1.2.6.</p> <p>Rationale: 1.2.1B, 1.2.4, and 1.2.6 all deal with improper markings on the field. In 1.2.1B, the referee is directed to notify the state association. However, in 1.2.4 and 1.2.6, they are directed to only notify the home coach.</p>
1-4-2	<p>Nets shall be attached to the posts and crossbar and be firmly fastened to the ground behind the goals. Each net shall be supported so that it will extend backward to the level of the crossbar for a distance of 24 inches from the crossbar. No advertising other than a single manufacturer’s identification logo may appear on the net. Nets may be multicolored; however, no markings other than a single manufacturer’s identification/logo may appear on the net.</p> <p>Rationale: There have been many questions in recent years concerning the color of the net and whether school logos, names, mascots, etc. can be placed on the net. This addition will be consistent with responses that were given to these questions.</p>
1-5	<p>There shall be designated specific marked areas for each team’s bench, separated by an official area for entering substitutes, scorers and timers. These areas shall be marked at least 10 feet from the touchline. The state association should be notified if team areas are not marked.</p> <p>Rationale: In many, if not most cases, the team areas are not marked. This rule change will give specific directions on marking the team areas, as well as what to do in the event it is not marked.</p>
1-6	<p>No one shall be permitted directly behind either goal unless seated in bleachers.</p> <p>Rationale: Removing the word “seated” helps to avoid confusion on where fans should be if directly behind the goal.</p>

3-3-3 Situation J	<p>Ruling: Illegal, unless Player A2 has been disqualified under the provisions of 12-8 that do not permit a substitution and provided that the other prerequisites for proper substitutions have not been met.</p> <p>Rationale: The word “not” was inadvertently removed from the ruling.</p>
4-1-1h2	<p>Only those names, patches, emblems, logos or insignias referencing the school are permitted on the team jersey and/or shorts, as well as on visible undergarments and goalkeeper pants, except as in 4-1-1(f). The player’s name may also appear on the team uniform.</p> <p>Rationale: Logos etc. on garments that are not normally visible on the field (e.g. sports bras, athletic supporters) are not a problem in the conduct of an interscholastic contest. It would also be inappropriate for coaches or officials to be checking those garments for possible violations of the rule as it is currently written.</p>
4-1-1i	<p>(second sentence) Shoes with soles containing metal (aluminum, magnesium, titanium, etc.), leather, rubber, nylon or plastic cleats, studs, or bars, whether molded as part of the sole or detachable, are allowed as long as the referee does not consider them dangerous or they have been altered in any way creating sharp edges thus rendering them unsafe.</p> <p>Rationale: Second clause simply duplicates first clause about referee ruling whether they are dangerous or not. Whether they are dangerous or not does not depend on whether they have been altered or not.</p>
Situation 4-1-1 H Situation	<p>Ruling: If unable to correct, the game shall be played and the referee must notify the proper authority the state association following the game.</p> <p>Rationale: Changed to the “state association” as used in other parts of the book.</p>
4-1-2	<p>It is recommended that team captains wear an upper arm band of a contrasting color. The arm band, if worn, shall be worn on the upper arm.</p> <p>Rationale: The added gives specific direction as to the expectation of where the armband should be worn.</p>
4-2-9 New	<p>During pregame warm-up, the referee observes A5 is wearing a softpadded headwear headband. COMMENT: The use of a soft-padded soccer headwear headband is permitted but not required.</p> <p>Rationale: the term headgear suggests headband and helmet.</p>
12-8-1 Situation C	<p>During the game, while the ball is in play, (c) Player A1 wears an electric heart monitor on the chest under the jersey,</p> <p>Rationale: This proposal is for item c only. The additional wording is needed because there are heart monitors that are worn on the wrist that would be illegal.</p>
12-8-2	<p>Add Penalty to this Article.</p> <p>Rationale: In Article 1, a “penalty” is clearly laid out where the player shall leave the field. However, Article 2 does not have a similar provision. Would it not be worth consider adding this? I know “disqualified” should be clear enough, but adding this and making it clear that the team shall not be allowed to replace the player would add clarity here.</p>

2016 NFHS POINTS OF EMPHASIS:

1. Rough Play – Rough play including contact above the shoulder often results in player injury. Officials and players must eliminate rough play from the game. Officials should deal with rough play by giving appropriate penalties immediately when the rough play occurs.
2. Team Member Equipment Check – Because of the number of recent rules changes involving uniforms and equipment, officials are encouraged to informally check the equipment of team members before the game to prevent possible player equipment violations occurring during the game.

3. Referee Checking for Injury After a Goal – After the clock is stopped for a goal and the referee examines a player including a goalkeeper for a possible injury, that player will not have to leave the game unless the coach and/or medical personnel are beckoned onto the field to check the player. If the referee beckons the coach and/or medical personnel, the player including a goalkeeper is required to leave the field.

4. Ball Holders – Because the clock is running when the ball goes out of bounds, it is essential that ball holders be available to get the ball back in play quickly. At least two ball holders are to be provided by the home team each game. The ball holders are under the direct supervision of the officials.

Requests for rule interpretations or explanations should be directed to the OSAA. The NFHS will assist in answering rules questions from the state associations whenever called upon.

OSAA ADOPTED SOCCER RULES AND INTERPRETATIONS

The 2016 NFHS Soccer Rules Book will be used with the following clarifications:

1.1	If a field is, or appears to be, larger or smaller than the dimensions specified, the head referee will bring that to the attention of the home school's head coach and will include that information in the referee's game report. The contest will still be played.
1.5.3	Both teams shall be on the same side of the field.
3.3.2.b.3	A player who appears to be suffering the symptoms of a concussion shall be removed from the game by either their coach or the referee. Any decision to return a player to the contest, after the player has been cleared by an appropriate healthcare professional, is solely that of the school. Determination of who is an appropriate healthcare professional shall be made by the school.
4.1.1.f	Approval must be granted by the OSAA for any commemorative or memorial patch
4.2.1.h	Exception 3 Players may wear soft and yielding caps during inclement weather. Caps must be alike in color.
4.2.7	A tooth and mouth protector is not required.
5.1.1	Only the dual or diagonal systems of officiating may be used. Athletic districts may select one of these systems for regular season league contests. In the absence of an adoption by a district, the commissioner of officials will select the system to be used for a particular game.
5.1.2	The jurisdiction of the officials begins when they enter the field and its immediate surroundings (e.g. they enter a stadium where the game is to be held). The officials' jurisdiction ends when they leave the field and its immediate surroundings at the end of the game.
5.1.3.a	The shirt for officials shall be the same as that approved for officials by the United States Soccer Federation.
5.2.2.d	Although the NFHS rule calls for a single meeting between officials, captains and head coaches, such a meeting is not required in Oregon. Referees must obtain a complete roster and inquire of each head coach whether their players are properly and legally equipped before the game. They may do this independent of meeting with the captains to discuss sportsmanship and conduct the coin toss as provided in 5.2.2.d.(2) and (3).
6.1	Ball holders are optional.
6.2.2	If no visible timing device is available, time shall be kept by the head referee.
6.3.1	The head referee shall be the official scorekeeper.
7.1.1	Game duration shall be two equal halves of 40 minutes each.
7.1.3	In the event a game must be suspended in the first half by the head referee because of conditions which make it impossible to continue play, the game shall be declared no contest and shall be completely replayed, unless the two teams mutually agree otherwise or there are athletic district rules that apply.
7.1.5	A soccer district may adopt a ten goal rule; if a team is ahead by ten goals at halftime or at any time during the second half, the game shall be terminated. NOTE: This rule has NOT been adopted for OSAA playoff and championship matches.

7.3.1	No overtime is allowed during pre-season or regular season matches. This also includes no kicks from the penalty mark. Matches that are tied at the end of regulation time will be considered a draw. NOTE: The OSAA State Championship tie breaking procedures shall be used in all district playoffs, play-ins, OSAA playoffs and championship matches.
12.8.3	NOTE A disqualified player or coach (red card) shall be required to sit out through the next playing date at that level, per OSAA policy on ejections.

OSAA SOCCER POLICIES

Effective outside Association Year.

1. SUMMER POLICY (OSAA Handbook, Executive Board Policies) (Revised May 2016)

- A. **All Sports.** Summer activities under the direction of any person affiliated with the high school program, including practices, contests, weight training and conditioning, are permissible throughout the summer, excluding the defined Moratorium Week, and must consider the following points:
- 1) OSAA regulations regarding the Heat Index Calculator are in effect at all times. Athletes must be encouraged to stay well hydrated at all times, especially in hot and humid conditions. This applies to outdoor activities and indoor activities without air conditioning. See the [NFHS](#) statements on heat and hydration.
 - 2) Implement a slow and gradual preseason-conditioning regimen that prepares the athlete for the rigors of the sport.
 - 3) Slowly build up the intensity of activity over several days.
 - 4) Have fitness tests (mile run, shuttle run times, maximum repetition exercises) scheduled the second week of practices. Use a progressive, periodized program and evaluate performance once athletes are acclimated to the stress about to be placed upon them.
 - 5) Take into account the level of conditioning of all individuals and what their previous conditioning has been. Athletes who have just finished a sports season should have at least a short period (one to two weeks) of relative rest.
 - 6) Slowly introduce new exercises or workout routines to allow for adaptation by muscle groups.
 - 7) Provide adequate rest and recovery between repetitions in the weight room and especially during “gassers” and intense station or “mat” drills.
 - 8) Athletes should refrain from consuming high caffeine energy drinks and supplements, or other stimulants, as they may contribute to dehydration. See the [NFHS](#) statement on energy drinks.
 - 9) Athletes should refrain from extreme exercise during acute illness, if feeling ill, or while experiencing a fever.

Effective during Association Year, outside the designated OSAA sport season.

1. PRACTICE LIMITATION RULE (OSAA Handbook, Executive Board Policies) (Revised Spring 2014):

- A. **Team Sports Limitation.** Schools may conduct practices and/or compete in contests in team sports (baseball, basketball, football, softball, soccer, volleyball) only during the designated OSAA sports seasons as outlined in Rule 6. It shall be a violation of the rule if there is any attempt during the Association year to gather more than two members of the same high school program together per day outside the OSAA defined season to receive specialized athletic instruction from any coach associated with the participating athletes’ high school program. Attempts to circumvent the rule by encouraging team members to attend out-of-season practices or camps during the Association year other than through general dissemination of information or brochures shall be considered a violation of this rule. **EXCEPTION:** Baseball and softball coaches may begin pitching instruction and throwing workouts with pitchers and catchers only (maximum of eight total per day) two weeks prior to the Spring Sports First Practice Date.

Effective First Practice Date through End of HS Season.

1. **PRACTICE MODEL** (OSAA Handbook, Executive Board Policies) (**Revised Fall 2015**):

Schools and students are required to adhere to the following practice model.

B. **Cross Country, Soccer, Volleyball**

- 1) All practices shall allow for water breaks and general acclimatization to hot and/or humid weather. Ample amounts of water should always be available and a student's access to water should not be restricted. In addition, all practices shall follow the fundamentals set forth in the NFHS's Heat Acclimatization and Heat Illness Prevention Position Statement. While the risk of heat illness is greatly dependent upon weather conditions, the fundamentals in the NFHS's Heat Acclimatization and Heat Illness Prevention Position Statement promote safety and diminish injury risk in any setting.
 - 2) Students may participate in multiple practice sessions per day, but not on consecutive days.
 - a) Single Practice Session. No single practice session shall be longer than three hours, including warm-up and cool down. On days with a single practice session, students are limited to a maximum of one hour of weight training either before or after practice but not both.
 - b) Multiple Practice Sessions. On days with multiple practice sessions, students shall not engage in more than five hours of total practice, including warm-up and cool down. No single practice session shall be longer than three hours, including warm-up and cool down. There must be at least three hours of recovery time between the end of one practice session and the beginning of the next practice session on a day with multiple practice sessions. During this recovery time, students may not engage in other physical activities (e.g. weight training, etc.).
 - 3) The second practice session of the first two multiple practice days shall be a teaching session only. Conditioning drills (gassers, timed runs or sprints) shall not be conducted.
 - 4) A student may not practice or participate in a contest for more than six consecutive days without a rest day. A rest day must be complete rest – no organized team physical activity is allowed. Travel is allowed on a rest day.
1. **Q.** Can the one-hour weight training session allowed on single practice days be conducted both prior to practice and after practice if players only participate in one of the weight training sessions?
A. Yes, multiple one-hour weight training sessions may be held but individual players are limited to participation in a single session.
 2. **Q.** Is the one-hour weight training session allowed on single practice days required to be immediately prior to and after the practice?
A. No, the training session does not have to immediately precede or follow the scheduled practice.
 3. **Q.** Is the one-hour weight training session allowed on single practice days also allowed on multiple practice days?
A. No, weight training conducted on multiple practice days counts toward the daily five-hour practice limit.
 4. **Q.** On single practice days may coaches conduct classroom-training sessions that would involve no physical activity?
A. Yes, classroom instruction that requires no physical activity is allowed and does not count towards the daily five-hour practice limit.
 5. **Q.** Is classroom instruction with no physical activity allowed during the required three-hour recovery period between multiple practices?
A. Yes, classroom instruction that requires no physical activity is allowed during the recovery period.
 6. **Q.** A team plans to conduct multiple practices on a single day but wants to reduce the length of each practice to 90 minutes. Can the team reduce the required recovery time of three hours between practice sessions because they have used less than the maximum practice time allowed?
A. No, the three-hour recovery period between practices is required regardless of practice length.
 7. **Q.** Are multiple practices on a single day required for all Fall teams?
A. No, teams are not required to have multiple practices on a single day. If multiple practices are conducted, the second practice of the first two multiple practices days is a teaching session only.

8. **Q.** What is the definition of a teaching session?
A. During a teaching session the intensity, duration, and pace of all practice components shall be modified from a normal practice session. The focus of a teaching session should be directed at developing skills fundamental to the sport at a significantly reduced pace. In Football, light contact with bags is allowed but full contact situations are prohibited. Practice components in all activities intended to develop skills while conditioning the athlete at the same time are not allowed. Coaches are encouraged to use this teaching only session to address offensive and defensive strategies, skill development drills and other types of team building activities that do not involve conditioning.
9. **Q.** How do you calculate practice time for multiple sport athletes participating in more than one Fall sport?
A. Practice hours are cumulative. On a single practice day, the three-hour practice limit may be split between the two sports but the total practice time, including any breaks, must fit within the three-hour limit. On a multiple practice day, the daily five-hour practice limit may be split between the two sports but all required recovery periods must be implemented. Any participation for a fraction of a half hour counts as a half hour towards the daily practice limit.
10. **Q.** If Fall multiple sport athletes practice one hour with the Football team and two hours with the Soccer team are they required to have a recovery period between the two practices?
A. No, this is considered to be one three-hour practice and no recovery period is required. If the combined practice time, including any breaks, exceeds three hours then a three-hour recovery is required.
11. **Q.** If a team practices for 1 hour 15 minutes, takes a 30 min break, and resumes for 1 hour and 15 minutes, does this constitute a multiple practice day or one three-hour practice?
A. This would constitute one three-hour practice. Teams are allowed to have periodic breaks but may not exceed the maximum practice time of three hours, including all breaks within the schedule.
12. **Q.** *In football, are 7-on-7 drills permissible during teaching sessions?*
A. *Yes, provided that they comply with the foregoing “teaching session” requirements.*

2. **PARTICIPATION LIMITATIONS** (OSAA Handbook, Participation Limitations, Soccer) (Revised Fall, 2011):

- A. **Team.** A school team shall not compete in more than 14 matches at each level of competition, exclusive of the varsity district playoffs and state championships.
- B. **Individual.** A student shall not participate in more than 14 games, exclusive of the varsity district playoffs and state championships. A player shall not participate in more than two halves of play per day. For the purposes of this rule, participation during the same day in two halves at different levels (varsity, JV, etc.) shall be considered participation in one game. If a student appears in more than two halves of play per day, the game in which the student exceeds the limit is forfeited. A student may participate in only one jamboree.
- C. **Jamboree.** A school may participate in only one jamboree at each level of competition. A jamboree shall include at least three teams, and shall not be counted as a contest. Jamborees may be held only on the first playing date and for 30 days thereafter. A jamboree shall be limited to not more than a total of 60 minutes per team (three or more teams) and to not more than one contest against any school.

3. **OFFICIALS – CERTIFIED REQUIREMENT** (OSAA Handbook, Executive Board Policies) (Revised Fall 2013):

- A. **General requirement.** Member schools shall secure certified officials from officials’ associations that have been recognized and certified by the OSAA for all interscholastic activities requiring those officials. **EXCEPTION:** Any request for an exception to this policy must receive the approval of the Executive Director. Exceptions shall be considered only when adherence to this policy presents a financial hardship to the school or when the local officials’ association is unable to service the member school. Any out-of-state official used under this exception in a contest in Oregon shall represent an association whose commissioner was an attendee at the OSAA Rules Interpreters’ Clinic for that year.

OSAA certified officials are required for all sanctioned activities at the varsity and junior varsity levels including jamborees. **EXCEPTION:** OSAA certified officials are required in baseball and softball at the varsity level only. OSAA certified officials are required in football at all sub-varsity levels.

Schools, leagues and tournaments are limited to using a maximum of the quantity of officials assigned to State Championship contests unless written permission to exceed that quantity is received from the OSAA Executive Director prior to the event(s).

Schools have the responsibility to request permission from their local associations to use non-certified officials at sub-varsity contests where certified officials are not required.

B. **Quantity requirements.** See [Officials Fee Schedule](#) for additional information.

- 4) **Soccer.** Three officials are recommended but two officials are required at the varsity level. Two officials are required at the junior varsity level. One referee may be used in an emergency situation only.

4. **INTERRUPTED CONTESTS** (*OSAA Handbook, Executive Board Policies*) (*Revised Fall 2013*):

Following is the policy concerning interrupted athletic contests. **NOTE:** For state championship final games, the OSAA staff shall take jurisdiction and make any decisions rather than the schools involved.

- F. **Soccer.** Contest is declared official if at least one complete half of game has been played. If less than one-half of game has been played, it is declared “no contest” and is completely replayed unless two teams mutually agree otherwise or there are athletic district rules that apply.

5. **ENDOWMENT GAMES** (*OSAA Handbook, Executive Board Policies*) ([Endowment Game Application](#)) (*Revised Spring 2016*)

The OSAA and its member schools believe in the fundamental values associated with participation in high school activities and want to work together to ensure the future of high school activities in the state of Oregon. The establishment of the OSAA Foundation will help us realize our goal. Endowment Games are a way for member schools and local communities to be active participants in growing the OSAA Foundation. Endowment Games regulations are as follows:

- A. Endowment Games applications should be submitted to the OSAA office by the host school a minimum of 15 days prior to the scheduled contest. Failure to do so may result in participation limitations violations. Applications may be reviewed prior to approval to insure that the host school is able to effectively secure the facility and charge admission.
- B. Endowment Games shall not count toward a school’s or an individual student’s season participation limitations for each activity. Daily and weekly individual participation limitations still apply. Schools should ensure that participants meet all OSAA eligibility requirements prior to competing in an Endowment Game.
- C. Endowment Games tickets will be \$6 for adults and \$4 for students. **No passes shall be accepted except for the OSAA Media Pass.**
- D. Upon completion of an Endowment Game, the host school is responsible for submitting the necessary financial report form and 100% of the gate receipts to the OSAA Foundation. The OSAA Foundation will return 50% of the gross gate receipts to the host school within five business days after receiving the check for gross gate receipts. Operating expenses for Endowment Games are to be drawn from the 50% of the gross gates receipts returned to the host school. Financial agreements, if any, between the two participating schools are at the discretion of the schools.
- E. Endowment Games are allowed at the varsity level only in the following activities:
- 2) **Soccer** – one additional match between the first contest date and the cutoff date.

1. **Q.** Are Endowment Games required?

A. No, Endowment Games are optional for all member schools.

2. **Q.** What happens when one basketball team is counting the contest as an Endowment Game, but the other team has only scheduled 24 games?

A. If either team in a contest is counting the game as an Endowment Game, it is considered to be an Endowment Game.

3. **Q.** May a school play an Endowment Game doubleheader with its boys’ and girls’ basketball teams against another school?

A. Yes.

4. **Q.** May teams play in multiple Endowment Games?

A. Yes, as long as the team does not exceed that sports Participation Limitation by more than one game/contest. See [Participation Limitations](#) for additional information.

2. **CERTIFICATION – ATHLETIC DIRECTORS AND COACHES** (*OSAA Handbook, Executive Board Policies*) (***Revised Spring 2016***)
- Athletic directors and coaches shall achieve certification in the following areas prior to assuming duties as an athletic director or coach. The high school principal shall be held accountable for verifying that athletic directors and coaches have been certified. **EXCEPTION:** Any emergency exception to an OSAA requirement must be authorized in writing by the OSAA.
- A. **NFHS Fundamentals of Coaching**. <http://nfhslearn.com/>
- The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS Fundamentals of Coaching course. This is a one-time requirement.

B. **Concussion Recognition and Management Training.** <http://nfhslearn.com/>

The OSAA and Oregon State Law ([ORS 336.485](#)) requires that athletic directors and coaches receive training to learn how to recognize the symptoms of a concussion and how to seek proper medical treatment for a person suspected of having a concussion. The NFHS's Concussion in Sports free course satisfies this requirement. This training is required annually.

C. **NFHS Heat Illness Prevention.** <http://nfhslearn.com/>

The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS's Heat Illness Prevention free course. ***This training is required once every four years.***

D. **Anabolic Steroids and Performance-Enhancing Substances Training.** <http://www.ode.state.or.us/search/page/?=2571>

The OSAA and Oregon State Law ([ORS 342.726](#)) require that athletic directors and coaches receive training on identifying the components of anabolic steroid abuse and use and prevention strategies for the use of performance-enhancing substances. This training is required once every four years.

E. **Spirit Safety Clinic (Cheerleading and Dance/Drill Coaches Only).** <http://www.osaa.org/activities/che>

The OSAA requires that any cheerleading or dance/drill coach attend an OSAA Spirit Safety Clinic by the first day of the Association year in which that person serves as a coach. Should a cheerleading/dance drill coach fail to attend an OSAA Spirit Safety Clinic by the first day of the Association Year, the squad of the non-attending coach shall be prohibited from performing partner stunts, lifts or tumbling until the coach has attended a clinic. This training is required annually.

F. **Heads Up Football Certification.** <http://www.osaa.org/activities/fbl>

The OSAA requires that any football coach complete the USA Football Heads Up Certification prior to assuming coaching duties and to recertify annually prior to the beginning of each Association year. Additionally, each member school sponsoring football is required to identify a Player Safety Coach. Each Player Safety Coach is required to attend an in person clinic annually prior to the start of the Association year that is conducted by a USA Football Master Trainer in preparation for implementing and overseeing the primary components of Heads Up Football at their school.

1. Q. Does certification through the American Sport Education Program (ASEP) satisfy the requirement in [Rule 1.4](#)?
A. Yes, so long as the athletic director or coach was certified through ASEP prior to August 1, 2007. Thereafter, only the NFHS Coach Education Program "Fundamentals of Coaching" will satisfy this requirement unless an exception is granted in writing by the OSAA.

2. Q. When must a coach be certified?
A. All coaches must be certified prior to assuming coaching duties unless an emergency exception is authorized in writing by the OSAA. This includes cheerleading coaches, dance/drill coaches and choreographers at schools that do not participate in competitions.

3. Q. Is certification required of volunteer coaches?
A. Yes.

4. Q. Must a "guest" coach be certified?
A. No, but if the coach has contact with students more than three times in a sport season, the coach shall no longer be considered a "guest" and must be certified. A non-certified "guest" coach may not serve as a coach at a contest.

5. Q. May a school bring in alumni or other non-high school personnel to scrimmage with teams or individuals as "guest coaches" if those personnel are limited to student contact on no more than three occasions during the sport season?
A. No. The "guest coach" exception is intended to allow a limited number of visits by a guest instructor; it is NOT intended to allow coaches to bring in coaches or players to participate in drills or scrimmages against teams or individuals. Any attempt to circumvent the Participation Limitations by calling practice participants "guest coaches" would be a violation of OSAA rules.

6. Q. In individual sports, may a parent or non-certified coach accompany a participant to a contest as the school representative if that person is an authorized representative of the principal?
A. Yes, but the authorized representative may not coach the participant unless specific permission has been granted in writing by the Executive Director.

7. **Q.** Does the OSAA require high school coaches to have current first aid certification?

A. No. However, coaches should check with their athletic directors as most high schools have this as a requirement.

3. **CHARITABLE CAUSES** (*OSAA Handbook, Executive Board Policies*) (Fall 2012)

The OSAA is supportive of charitable initiatives and has developed guidelines in regards to an athletic competition being held in the name of a charitable cause. Schools may host a contest in recognition of a charitable cause under the following conditions:

- A. Uniform color must be legal under NFHS rules. Example: Breast cancer awareness pink uniforms would not be legal in sports that require white and dark uniforms because pale pink is neither. Pale pink would be a legal color uniform in sports that require LIGHT and dark uniforms.
- B. A permanently attached commemorative patch may be worn but must adhere to NFHS rules in each specific sport.
- C. Colored game balls may not be used during competition unless they are legal under NFHS rules. They may be used during any warm-up period prior to the contest, except in softball and baseball.
- D. Basketball Only: Pink headbands or wristbands, not legal under NFHS basketball rules unless pink is a school color, are allowed. Note that all team members must be uniform in color of headbands or wristbands.
- E. Officials may use a colored whistle.

4. **CONCUSSION MANAGEMENT** (*OSAA Handbook, Executive Board Policies*)

(Concussion-Return to Participation Medical Release) (Revised Fall 2015)

- 1) **Suspected or Diagnosed Concussion.** Any athlete who exhibits signs, symptoms or behaviors consistent with a concussion following an observed or suspected blow to the head or body, or who has been diagnosed with a concussion, shall not be permitted to return to that athletic contest or practice, or any other athletic contest or practice on that same day. In schools which have the services of an athletic trainer registered by the Oregon Board of Athletic Trainers, that athletic trainer may determine that an athlete has not exhibited signs, symptoms or behaviors consistent with a concussion, and has not suffered a concussion, and return the athlete to play. Athletic trainers may also work in consultation with an appropriate Health Care Professional (see below) in determining when an athlete is able to return to play following a concussion.
- 2) **Return to Participation.** Until an athlete who has suffered a concussion is no longer experiencing signs, symptoms, or behaviors consistent with a concussion, and a medical release form signed by an appropriate Health Care Professional (Physician (MD), Physician's Assistant (PA), Doctor of Osteopathic (DO) licensed by the Oregon State Board of Medicine, nurse practitioner licensed by the Oregon State Board of Nursing, or Psychologist licensed by the Oregon Board of Psychologist Examiners) is obtained, the athlete shall not be permitted to return to athletic activity.

3) **Private Schools Only.** **(Concussion-Private School Informed Consent)**

On an annual basis prior to participation, private schools shall require each student and at least one parent or legal guardian of the student to sign the Concussion – Private School Informed Consent form acknowledging the receipt of information regarding symptoms and warning signs of concussions. Private schools shall maintain a copy of each student's signed form on file for review at any time by OSAA staff.

B. **Official's Responsibilities.**

An official shall remove a player from a contest when that player exhibits signs, symptoms or behaviors consistent with a concussion due to an observed or suspected blow to the head or body. The official shall document and notify the head coach or his/her designee making sure that the head coach or designee understands that the player is being removed for exhibiting signs, symptoms or behaviors consistent with a concussion as opposed to behavior, a non-concussive injury or other reasons. The official is not responsible for evaluation or management of the player after he/she is removed from play. The official does not need written permission for a player to return nor does the official need to verify the credentials of the appropriate health care professional who has cleared the player to return. The responsibility of further evaluating and managing the symptomatic player falls upon the school and appropriate health care professionals.

5. **EJECTION POLICIES – EJECTED PLAYER OR COACH** (OSAA Handbook, Executive Board Policies) (**Ejection Report**) (Revised Summer 2016)

Ejected coaches must leave the contest immediately and shall remain out of “sight and sound” of the team for the duration of that contest and any other school contests that day. It shall be the responsibility of the school to disallow the ejected player or coach from participating during the period of suspension specified in the Regulations, regardless of whether written notification has been received by the school from the commissioner of officials. Should an ejected player participate or an ejected coach remain within “sight and sound” of the team during the period of suspension specified in the Regulations, and no appeal is pending, that action shall be considered use of an ineligible participant and shall result in forfeiture of that contest and other penalties as determined by the Executive Board.
- B. **Additional Requirements Regarding an Ejected Coach.** In addition to the requirements previously listed in this policy, an ejected coach shall be required to complete the online NFHS course, “Teaching and Modeling Behavior”, within seven calendar days of the school being provided a license to take the course by the OSAA. Should a coach fail to complete the course requirement within the time limit stipulated in this policy, the ejection suspension shall be reinstated and the coach shall be ineligible to coach until the requirement has been fulfilled. Should an ejected coach remain within “sight and sound” of the team during the reinstated period of suspension specified in the Regulations, and no appeal is pending, that action shall be considered use of an ineligible participant and shall result in forfeiture of that contest and other penalties as determined by the Executive Board.
- C. **Appeal Process.** If the principal or the Athletic Director of the ejected coach/player and the commissioner of officials agree that the suspension should be set aside, the principal may appeal to the Executive Director within 48 hours of the ejection to set aside the next game suspension portion of the penalty. Unless the commissioner agrees that the suspension should be set aside, the appeal must be denied by the Executive Director. If the Executive Director denies an appeal, that denial may be appealed to the Executive Board, which shall hear the appeal at its earliest convenience and issue a final ruling. Implementation of the next game suspension may be postponed during the time that an appeal is pending.

8. **HEAT INDEX** (OSAA Handbook, Executive Board Policies) ([Heat Index Calculator](#)) ([Heat Index Record](#)) (Fall 2014)

Schools shall monitor the Heat Index for their geographic area prior to practices. Outlined below are the steps that each member school shall take in order to implement this policy. NOTE: Indoor activities where air conditioning is available are not bound by this policy.

- A. **Subscribe.** Athletic directors and coaches shall subscribe to OSAA Heat Index Notifications at <http://www.osaa.org/heat-index>. An OSAA Heat Index Alert is generated for areas where the forecasted high temperature and relative humidity indicate a forecasted heat index that may require practice modifications. Only those areas that have a forecasted heat index of 95 or higher receive alerts. Notifications are sent daily via e-mail and/or SMS to subscribers.
- B. **Designate.** Schools shall designate someone who will take the necessary steps to determine and record the heat index for your geographic area within one hour of the start of each team’s practice. This is only necessary on days when the school receives an OSAA Heat Index Alert. Depending on practice schedules, it is possible that the designated person will have to record the heat index multiple times on the same day.
- C. **Calculate.** Within one hour of the start of each team’s practice on days when the school receives an OSAA Heat Index Alert, the designated person shall utilize the OSAA Heat Index Calculator to determine the actual heat index.
- D. **Record.** If the actual heat index is 95 or higher, the designated person shall record it using the OSAA Heat Index Record or by printing out a copy to be kept at the school for inspection at the request of the OSAA. A separate record shall be kept for each fall sport at each level. Practice modifications, as necessary, shall also be recorded. If the actual heat index is less than 95, no action is needed.
- E. **Act.** If the actual heat index is 95 or higher, activity should be altered and/or eliminated using the following guidelines:
 - 1) **95° to 99° Heat Index** – OSAA Recommendation: Consider postponing practice to later in the day.
 - a) Maximum of five hours of practice.

 - f) Water shall always be available and athletes should be able to take in as much water as they desire.
 - g) Watch/monitor athletes for necessary action.
 - 2) **100° to 104° Heat Index** – OSAA Recommendation: Postpone practice to later in the day.
 - a) Maximum of five hours of practice.
 - b) Practice length a maximum of three hours.

- B. **Proactive Planning:**
- 1) Assign a staff to monitor local weather conditions before and during practices and contests.
 - 2) Develop an evacuation plan, including identification of appropriate nearby safe areas.
 - 3) Develop criteria for suspension and resumption of play:
 - a) When thunder is heard within 30 seconds of a visible lightning strike, or a cloud-to-ground lightning bolt is seen, the thunderstorm is close enough to strike your location with lightning. Suspend play for 30 minutes and take shelter immediately.
 - b) Thirty-minute Rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or flash of lightning is witnessed prior to resuming play.
 - c) Any subsequent thunder or lightning after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
 - 4) Review annually with all administrators, coaches and game personnel.
 - 5) Inform student athletes of the lightning policy at start of season.
- C. For more detailed information, refer to the Lightning and Thunder Safety section contained in the NFHS Sports Medicine Handbook.

14. SPECTATOR CONDUCT AT OSAA SANCTIONED EVENTS (OSAA Handbook, Executive Board Policies) (Revised Winter 2015)

In addition to the general expectations included in the OSAA Constitution, Rule 3, that school officials...shall take all reasonable measures to ensure that the school's students and supporters maintain a sportsmanlike attitude toward all events... the following specific expectations regarding spectator conduct at all OSAA sanctioned events, including regular and post season competition, are provided:

- A. All cheers, comments and actions shall be in direct support of one's team. No cheers, comments or actions shall be directed at one's opponent or at contest officials. Some examples of inappropriate conduct or actions that are not permitted are: turning backs, holding up newspapers or jeering at cheerleaders during opposing team introductions; disrespecting players by name, number or position; negative cheers or chants; throwing objects on the floor.
- B. Spectators are not permitted to have signs or banners (larger than 8 ½ by 11 inches), confetti, balloons or glass containers. Fathead type items are considered signs and shall not be larger than 8 ½ by 11 inches. Spectators are required to wear shirts.
- C. Spectators are not permitted to have artificial noisemakers. Some examples of artificial noisemakers are Thunder Stix, cowbells, clappers and air horns.
- D. Spectators shall not be permitted to use vulgar/offensive or racially/culturally insensitive language. Spectators shall not be permitted to engage in any racially / culturally insensitive action.
- E. Spectators who fail to comply with Association or site management spectator conduct expectations may be expelled from the contest.

- 1. **Q.** May home team schools display signs and/or banners at their home venues?

- 2. **Q.** May visiting schools bring signs and/or banners to hang at the host school's venue?

A. Yes, so long as the message is positive/supportive.
- 4. **Q.** May a school use an artificial noisemaker at specific times during athletic events?
A. In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.

A. Yes, but only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.
- 6. **Q.** What are some examples of cheers that do not encourage a positive atmosphere?
A. Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. Air Ball! Air Ball! booing, You! You! You! or You Got Swatted! are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team's opponents.
- 7. **Q.** May students stand on the bottom row of the bleachers?
A. Yes, but when they sit down, they must be seated on the second row.
- 8. **Q.** May students cheer during serves in volleyball and free throws in basketball?

- 9. **Q.** May a school use balloons at an athletic event?
A. Yes, a host school may use balloons for decoration. However, fans may not have balloons, and balloons may not be placed by the school in any manner that would block spectator viewing.
- 10. **Q.** May a school use balloons at a state championship final site?
A. No.

11. **Q.** May spectators have oversized foam fingers at athletic events?
A. Yes, they are allowed so long as they are not blocking spectator viewing.

15. **STATE CHAMPIONSHIPS – RANKINGS** (*OSAA Handbook, Executive Board Policies*) (*Revised Fall 2015*):

The OSAA shall use a ranking system to place qualifying teams on to OSAA State Championship brackets in the following team sports: football, boys' soccer, girls' soccer, volleyball, boys' basketball, girls' basketball, baseball and softball. Specifics regarding the ranking system and its implementation are listed below.

- A. **Overall OSAA Ranking.** The overall OSAA ranking system shall be a combination of a Rating Percentage Index (RPI) system and the Colley Rating system. Each team will have an RPI Rank and a Colley Rank that will be averaged to create their overall OSAA Ranking. The Colley Rank will be used to break ties between teams with the same OSAA Ranking.
- B. **Rating Percentage Index (RPI).** Factors included are wins, losses, ties and location of the contest (home, neutral, away). Score differential and rewards/penalties for playing teams outside one's classification are not a part of the RPI system.
- 1) **Weighting of Contests.** The weight of a particular contest in the RPI system is determined by its location.

Home Win – .8 of .8	Road Win – 1.2 of 1.2	Neutral Site Win – 1.0 of 1.0
Home Tie – .4 of .8	Road Tie – .6 of 1.2	Neutral Site Tie – .5 of 1.0
Home Loss – 0 of 1.2	Road Loss – 0 of .8	Neutral Site Loss – 0 of 1.0
 - 2) **Percentage Breakdown.** The RPI system factors a team's weighted winning percentage (35%) and a team's opponents' winning percentage (65%) to create a team's RPI ranking.
- C. **Colley Rating.** This system is based on winning percentage, which is adjusted for a team's strength of schedule. Only games against opponents within the same classification are included in the formula. When this system is expanded to include all teams in a classification, a linear system is created with the same number of variables as there are equations. The result of the calculations is a rating for each team in the classification that measures the team's winning percentage against the strength of its opponents and the interactions of their opponents with all teams within the classification.
- D. **Results.** Wins and losses shall be included in the rankings for all team sports. Ties shall only be included for boys' and girls' soccer.
- 1) **Endowment Games.** Results from contests designated as Endowment Games shall be included.
 - 2) **Independent Status Teams.** Results from contests that have been granted Independent Status by the OSAA shall be included.
 - 3) **Forfeits.** Forfeits shall be included and counted as a loss for the forfeiting team and a win for the team receiving the forfeit victory. However, in the RPI system, computation of opponents' winning percentage (OWP) shall not include the results of any forfeits. Contests that have been legally played (using eligible players, etc.) shall not be counted as forfeits in the rankings, regardless of a league/district's standard operating procedures.
 - 4) **Out of State Teams.** In the RPI system, results from contests against out of state teams shall be included in a team's weighted winning percentage and a team's opponents' winning percentage only. Schools are strongly encouraged to utilize the ScoreCenter Out-of-State Opponents form in order to have direct, regular contact with these teams.
 - 5) **Out of Country Teams.** In the RPI system, results from contests against out of country teams shall not be included, except for contests against teams who are members of NFHS Affiliate Associations (e.g. Canadian provinces, U.S. territories, etc.) which shall be treated like contests against out of state teams.
 - 6) **Contests vs. Teams Whose Classification's Rankings Are Frozen.** Results from contests involving any team whose classification's rankings are already frozen shall not be included in the rankings.
 - 7) **Contests vs. Teams More Than One Classification Away.** In the RPI system, results from contests added to a team's schedule after a certain date each season (**Fall – Sept. 12; Winter – Dec. 19; Spring – Apr. 3**) vs. a team more than one classification away shall not be included in the rankings. **NOTE:** bracketed contests at tournaments are not affected by this policy.
 - 8) **Contests Added After a Certain Date.** Results from contests added to a team's schedule after a certain date each season (**Fall – Sept. 26; Winter – Jan. 9; Spring – Apr. 10**) shall not be included in the rankings. **NOTE:**

Contests not affected by this policy include bracketed contests at tournaments, league tiebreakers, and district/league tournaments. Schools may apply for an exception to OSAA Staff in extenuating circumstances.

- 9) **Volleyball Pool Play.** Results from pool play in volleyball tournaments shall not be included.
 - 10) **1A Football.** Results from contests between 1A football teams (8-man) and other classifications shall not be included.
 - 11) **JV Teams.** Results from contests against JV teams shall not be included.
 - 12) **Alumni Teams.** Results from contests against alumni teams shall not be included.
 - 13) **Jamborees.** Results from jamborees shall not be included.
 - 14) **Cancellations.** Results from contests that are cancelled shall not be included.
- E. **Home/Away Designation.** Since the RPI system factors in where a contest is played, it is important that schools correctly designate this information when reporting schedules and results, especially for tournaments. Tournament play shall be considered a neutral site, except for contests played by the tournament host at its home venue. Baseball and softball contests, even those played as part of a tournament, shall not be listed as neutral due to the fundamental difference associated with being the home team in those sports (advantage of batting last).
- F. **Ranking Timelines.** The rankings for each team sport shall be available to the public through the OSAA website beginning with the first contest date of each sports season. Rankings shall be frozen on the following dates for each classification in each team sport:

<u>Sport (includes all games played on that day)</u>	<u>6A</u>	<u>5A</u>	<u>4A</u>	<u>3A & 2A</u>	<u>1A</u>
Volleyball - Rankings Freeze Date (10pm)	Thurs, Oct. 20	Sat, Oct. 22	Tues, Oct. 18	Tues, Oct. 25	Mon, Oct. 24
Soccer - Rankings Freeze Date (10pm)	Sat, Oct. 22	Wed, Oct. 26	Tues, Oct. 25	Sat, Oct. 29	Sat, Oct. 29
Football - Rankings Freeze Date (10pm)	Fri, Oct. 28	Fri, Oct. 28	Fri, Oct. 21	Sat, Oct. 29	Fri, Oct. 28
Basketball (Boys) - Rankings Freeze Date (10pm)	Thurs, Feb. 22	Sat, Feb. 24	Tues, Feb. 21	Sat, Feb. 18	Sat, Feb. 18
Basketball (Girls) - Rankings Freeze Date (10pm)	Wed, Feb. 23	Sat, Feb. 25	Tues, Feb. 21	Sat, Feb. 18	Sat, Feb. 18
Baseball/Softball - Rankings Freeze Date (10pm)	Sat, May 13	Mon, May 15	Sat, May 13	Sat, May 20	Sat, May 20

- G. **Breaking Ties in the Overall Rankings.** In the event of a tie in the final overall OSAA Rankings, the teams' Colley Rank will be used to break the tie. Although the Colley Ratings are displayed to the thousandths, the Colley Ratings shall be extended to as many digits as possible in order to break the tie. If a tie still exists then head-to-head competition shall decide the higher overall OSAA ranking. If a tie still exists, the RPI ranking shall be extended to as many digits as possible in order to break the tie. If that does not resolve the tie, the RPI ranking shall be extended to as many digits as possible for each of the following components in this order: winning percentage, weighted winning percentage, opponents' winning percentage. If a tie still exists, a coin flip by the OSAA staff shall decide the higher overall OSAA ranking.
- H. **Home Games for League Champions.** League champions at the 6A, 5A, 4A, 3A, 2A and 1A classifications shall be guaranteed a home game in their first state playoff contest, provided that the league champion finished in the top 16 of the final frozen rankings. Only one team per league will be considered the league champion under this policy; ties must be broken by the league. League champions meeting this criterion shall be moved up in the rankings the least number of places in order to ensure a home game (e.g. a league champion ranked #13 in the final frozen rankings shall be moved up to #8 and affected teams will shift down accordingly). League champions not meeting this criterion shall not be moved.
- I. **Avoiding Same League Matchups in 1st Round.** The OSAA Staff shall make adjustments to the bracket to avoid teams from the same league matching up in the 1st Round. At the 1A level in volleyball and basketball, adjustments to the bracket shall be made beginning in the Round of 16 to avoid same league matchups. The following process shall be used:
- 1) Always move the lower ranked team when a conflict occurs.
 - 2) Never take a home game away from a team when trying to resolve a conflict.
 - 3) Make a total of three moves for a team to try and fix the conflict.
 - 4) The three moves must move downward, if possible (e.g. #23 shifting with #24, #25, #26).
 - 5) If there is not room to move downward (e.g. #32 is the conflict in a 32-team bracket), then move upward.
 - 6) If the conflict is not resolved after a total of three moves, no change shall be made to fix the conflict.

- J. **Placing Teams on the OSAA Bracket.** Once any adjustments are completed per sections H and I above, teams shall be assigned an adjusted playoff ranking (APR) and placed on the bracket accordingly (e.g. 1-32, 1-16, etc.)

16. WITHDRAWAL DURING A COMPETITION (*OSAA Handbook, Executive Board Policies*)

- A. Removal of a team from competition prior to completion of that competition shall be considered a gross act of unsportsmanlike conduct.
- B. In such a case, the school shall forfeit the contest and an administrator and the coach responsible for the action shall appear before the Executive Board at its next regularly scheduled meeting. See **Executive Board Policies, "Withdrawal from State Championships"** for additional information.

Rule 3 – Contests – Sportsmanship – Crowd Control (*OSAA Handbook, Rules*)

- 3.1.** The arrangement of all festivals, meets, contests or championships is the responsibility of the superintendent, assistant superintendent or high school principal, subject to the Regulations of the Association.
- 3.2.** When a festival, meet, contest or championship is in progress, the National Federation of State High School Associations (NFHS) rules governing such activities shall apply, except for specific deviations as approved by the Executive Board.
- 3.3. Sportsmanship Responsibility.** The high school principal, coach and other responsible officials of each member school shall take all reasonable measures to insure that the school's coaches, players, students and supporters maintain a sportsmanlike attitude toward all events so that events may be conducted without unreasonable danger or disorder. All cheers, comments and actions shall be in direct support of one's team. No cheers, comments or actions shall be directed at one's opponent or at contest officials. Derogatory and/or unsportsmanlike language is not allowed. No player may be singled out by number, name or position with negative comments of any kind.

When a petition is filed alleging violation of this rule, the Executive Director may, at his/her discretion and with concurrence of any two Executive Board members, postpone any pending event which the Executive Director has reason to believe cannot be conducted without an unreasonable danger of disorder. All such protests shall be referred to the Executive Board, which shall proceed as provided in Rule 4. In addition to any other action the Executive Board may take regarding a protest alleging a violation of this rule, the Executive Board shall have the power to cancel or re-schedule the event involved, or to impose conditions on conducting it.

- 3.4. Sportsmanship Violations/Penalties.** When the coaches, players, students, staff or supporters of any member school engage in unsportsmanlike conduct, disorder or infliction of damage to persons or property in connection with any festival, meet, contest or championship sponsored by this Association, the Executive Board may treat such acts as a violation by the school of the Rules of the Association. Any school whose coaches, players, students, supporters, rooters or partisans take part in riots, fights, pilfering, painting or any other unsportsmanlike conduct shall be subject to penalty.
- 3.5.** A member school shall not participate in any festival, meet, contest or championship with a school that has been suspended or expelled from the Association.
- 3.6.** The Association shall conduct state championships as directed by the Delegate Assembly.
- 3.7.** A school shall not be allowed to participate in more than one state championship in a given sport.
- 1. Q.** Is the host school exclusively responsible for crowd control?
- A.** No. While the host school for any activity must assume a primary responsibility for the physical management of the activity, including providing for crowd control, this is a mutual responsibility. The visiting school also must take such measures as are necessary to insure proper behavior on the part of its own students and fans.
- 2. Q.** May home team schools display signs and/or banners at their home venues?
- A.** Yes, home team schools may display permanent signs and/or banners that are positive / supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league / state championship banners and sportsmanship banners.
- 3. Q.** May visiting schools bring signs and/or banners to hang at the host school's venue?
- A.** No.
- 4. Q.** Are run through signs allowed?
- A.** Yes, so long as the message is positive/supportive.

5. **Q.** May a school use an artificial noisemaker at specific times during athletic events?
A. In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.
6. **Q.** May spectators use small, handheld megaphones?
A. Yes, but only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.
7. **Q.** What are some examples of cheers that do not encourage a positive atmosphere?
A. Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. Air Ball! Air Ball! booing, You! You! You! or You Got Swatted! are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team's opponents.
8. **Q.** May students stand on the bottom row of the bleachers?
A. Yes, but when they sit down, they must be seated on the second row.
9. **Q.** May students cheer during serves in volleyball and free throws in basketball?
A. Yes, so long as they are just making noise and not specifically addressing a contest official or an individual player from the opposing team.
10. **Q.** May a school use balloons at an athletic event?
A. Yes, a host school may use balloons for decoration. However, fans may not have balloons, and balloons may not be placed by the school in any manner that would block spectator viewing.
11. **Q.** May a school use balloons at a state championship final site?
A. No.
12. **Q.** May spectators have oversized foam fingers at athletic events?
A. Yes, they are allowed so long as they are not blocking spectator viewing.

Rule 7 – Out-of-Season and Non-School Activities (*OSAA Handbook, Rules*)

 - 7.3. No member school or official representative of a member school shall condition participation in high school athletics on participation in non-school athletic events or workouts, including, but not limited to camps, leagues, and any form of organized out-of-season or summer competition. Further, no member school may give consideration to such participation when determining membership on, or participation in, high school competitive athletics.
-
1. **Q.** May a coach require participation on a non-school team including summer teams or use participation on a non-school team as a factor in selecting members of a school team or allowing full participation in team activities?
A. No to both questions. Participation on a non-school team is a personal choice of the student and his/her parents, and may not be required or even considered when selecting school team members or allowing full participation in team activities.
 2. **Q.** May a coach require participation in out-of-season or summer workouts as a factor in selecting members of a school team or allowing full participation in team activities?
A. No.
