SUBJECT: Update on the Proceedings of the Classification and Districting Committee

The Classification and Districting Committee for the 2018-2022 four-year time block held its second public meeting at the OSAA office in Wilsonville on November 14, 2016 to receive testimony and review written communication thus far received.

The Committee initially received a review of the Classification and Districting Timeline and Process from Executive Director Peter Weber and Assistant Executive Directors Kyle Stanfield and Brad Garrett. The Committee received testimony from school, league and other representatives. The Committee then adjourned to a closed work session to review and discuss the testimony and written correspondence.

Following discussion, the Committee reached consensus on the following issues.

- The Committee felt that it was important to distribute draft proposals as soon as possible to spur conversation from the membership. The Committee understands there are desires from constituents to review both six and five classification proposals.
- The Committee recognizes that there is a desire on the behalf of some schools to stay at the current six classification model. **The Committee has created Draft #3 – 6 Classification and is seeking feedback on the cutoff points, league alignments and school placements. Please note that this is a draft proposal and is not a final recommendation.** (see draft #3 attached)
- The Committee recognizes that there is a desire on the behalf of some schools to explore a five classification model. **The Committee has created Draft #4 – 5 Classification and is seeking feedback on the cutoff points, league alignments and school placements. Please note that this is a draft proposal and is not a final recommendation.** (see draft #4 attached)
- The Committee recognizes that football is different for a number of reasons compared to the other activities and may warrant a different classification structure versus other activities. Throughout testimony and written correspondence, the Committee has heard that football needs to be looked at through a different lens. The Committee charged the staff to collect data that would reflect, over a three-year period of time, the win/loss records, total games played, winning percentage and average number of participants in each program. Free lunch percentages were also taken into account. In December the Committee will thoroughly review the information provided by the staff. The Committee asks schools that if they have any other criteria they believe should be considered when placing schools to please submit that for their review.

Additionally, the Committee received some correspondence about 6-man football being played at the lowest classification. After much discussion, the Committee decided not to forward the idea due to the lack of teams that may participate, the potential travel of those teams for league games and the field modifications that would be necessary.

The Committee appreciates your support and encourages your participation in this process. Please do not hesitate to contact Kyle Stanfield (kyles@osaa.org) or Brad Garrett (bradg@osaa.org) at the OSAA if you have any questions.

Written suggestions and proposals on these issues, as well as other classification related subjects should be mailed or emailed to the OSAA (bradg@osaa.org) Any communication received by the OSAA will be shared with all committee members for review and discussion. Public testimony will also be welcome at the next Committee meeting.

The next public meeting of the Classification and Districting Committee will be at 9am on Monday, December 12, 2016, at the OSAA office in Wilsonville. The general format for the meeting will be for the committee to receive public testimony in the morning followed by a closed work session in the afternoon.
