SUBJECT: Update on the Proceedings of the Classification and Districting Committee

The Classification and Districting Committee for the 2018-2022 four-year time block held its seventh public meeting at the Holiday Inn in Wilsonville on April 10, 2017 to receive testimony and review written communication thus far received.

The Committee initially received a review of the Classification and Districting Timeline and Process from Executive Director Peter Weber. Classification and Districting Committee Chair Curt Shelley also addressed those assembled and together reviewed the charge to the committee and the criteria. The Committee received testimony from 41 representatives from schools and leagues. The Committee then adjourned to a closed work session to review and discuss the testimony and written correspondence.

During the work session, the Committee spent considerable time discussing both the written and verbal testimony received. After their March meeting, the Committee felt distributing a single model would help stimulate conversation within the membership both positive and negative. After lengthy discussion and review on Monday, the Committee decided to re-release both a five classification and six classification model (drafts #14 and #15 below). The Committee heard, particularly from the current 4A and 3A classifications, that there is a strong desire to keep things as they are in a six-classification system. Draft #15 is an attempt to respond to those schools with what that could look like.

The Committee recognizes that a five-classification approach better addresses travel concerns, especially in some outlying geographical areas, and provides greater depth in each classification for an overall more sustainable system for the state. Even though this lessens competitive balance for some schools, the Committee recognizes that there is a desire from many schools to explore a five-classification model. **The Committee has created Draft #14 – 5 Classification and is seeking feedback on the cutoff points, league alignments and school placements. Please note that this is a draft proposal and is not a final recommendation.** (see draft #14 attached)

The Committee recognizes that a six-classification approach maintains the status quo and provides better competitive balance for many schools. Even though this may spread some classifications thin in certain geographical areas, the Committee recognizes that there is a desire on the behalf of many schools to stay at the current six classification model. **The Committee has created Draft #15 – 6 Classification and is seeking feedback on the cutoff points, league alignments and school placements. Please note that this is a draft proposal and is not a final recommendation.** (see draft #15 attached)

The Committee asks that **all correspondence reference either draft #14 or draft #15** as all other proposals are no longer being considered.

At this time, the Committee is not submitting football only drafts for the membership to review. The Committee understands that a Football Only Classification could come back into conversation as the process moves forward. The Committee knows that regardless of the classification structure and the support, or lack of support, for Football Only Classifications, special districting may be necessary at certain classifications.

The Committee has discussed geographic exceptions for schools. At this time, the committee's goal is to create a system in which geographic exceptions are not used but they are willing to discuss those possibilities as the process moves forward.

The Committee appreciates your support and encourages your participation in this process. Please do not hesitate to contact Kyle Stanfield ([kyles@osaa.org](mailto:kyles@osaa.org)) or Brad Garrett ([bradg@osaa.org](mailto:bradg@osaa.org)) at the OSAA if you have any questions.

**Written suggestions and proposals on these issues, as well as other classification related subjects should be mailed or emailed to the OSAA ([bradg@osaa.org](mailto:bradg@osaa.org))** Any communication received by the OSAA will be shared with all committee members for review and discussion.

Specific classification proposals submitted to the Committee may be posted to the Classification and Districting Committee page on the OSAA website at <http://www.osaa.org/governance/committees#classification-and-districting-committee>. Proposals should address all classifications.

The Committee will meet with statewide AD's during their conference on April 24. Due to time constraints, testimony will be limited Oregon Athletic Directors. **The next public meeting of the Classification and Districting Committee will be at 9am on Monday, May 22, 2017, at the Al Kader Shriners Headquarters (next to the OSAA Offices) in Wilsonville.** The general format for the meeting will be for the committee to receive public testimony followed by a closed work session.

The Committee will meet throughout this school year and will make its final recommendations to the OSAA Executive Board at the October 16, 2017, Special Classification and Districting Meeting.

A full list of meeting dates, Committee Roster, Charge to the Committee and previous Updates are available at the OSAA website: <http://www.osaa.org/governance/committees#classification-and-districting-committee>
