SUBJECT: Update on the Proceedings of the Classification and Districting Committee

The Classification and Districting Committee for the 2018-2022 four-year time block held its ninth public meeting at the Al Kader Shriners Center in Wilsonville on May 22, 2017 to receive testimony and review written communication thus far received.

The Committee initially met in a closed work session to review written correspondence received since the last meeting. Once the public meeting began, Classification and Districting Committee Chair Curt Shelley addressed those assembled and the group received testimony from 15 representatives from schools and leagues. The Committee then adjourned to a closed work session to review and discuss the testimony and written correspondence.

The Committee discussed and has added two additional opportunities to receive public testimony. The first is a change to the group's Tuesday, June 20, 2017 meeting that will now be open to the public. The second is a new meeting set for Monday, August 28, 2017. Both meetings will start at 9am at the OSAA Office in Wilsonville. The general format for each meeting will be for the committee to receive public testimony followed by a closed work session.

Schools are reminded that per the OSAA Handbook (Article 6.2.4), June 1 is the deadline for schools submitting Petitions to Play Down (<http://www.osaa.org/docs/forms/PetitiontoPlayDown.pdf>). or Petitions to Play Up (<http://www.osaa.org/docs/forms/PetitiontoPlayUp.pdf>).

During the work session, the Committee spent considerable time discussing both the written and verbal testimony received. The Committee is moving forward with establishing the cutoff points for the six-classification structure. Schools are reminded that until the final recommendation is forwarded to the OSAA Executive Board for review and adoption, the cutoff points are variable and will most likely change again after the Committee receives new 2016-17 ADM numbers for a member schools from the Oregon Department of Education in late August.

Considering the broad support for the six-classification system the Committee used the cutoff points from Draft #15 as a foundation before applying any modifications. Below is a summary of cutoff point information and other notes related to each proposal after these modifications.

Draft #16 – 6 Classifications

This draft incorporates thoughts from a 6A Athletic Directors forum held last week. Establishing a cutoff point of 1195 will grow the largest classification to 57 schools. The Committee continues to make efforts to create larger leagues at the 6A level and lowering the cutoff point to add schools is one method. The 5A classification has 28 schools separated into four leagues. Testimony from 5A representatives indicated that the 5A Athletic Directors acknowledge that 28 total schools is small but they believe it is viable. The top of the 4A cutoff number has been lowered from 700 to 690 to allow more cushion on each side of the number to accommodate volatility in school enrollments from year to year. All other cutoff points are the same as Draft #15.

Draft #17 – 6 Classifications

This draft incorporates the same 6A and 5A cutoff numbers as Draft #16. The 4A lower cutoff number has been moved from 366 to 351 which adds four more schools to the 4A bringing the total number of schools in that classification to 39. All other cutoff points remain the same as Draft #16.

In both drafts the Committee did modify some individual school placements and league alignments when compared to Draft #15 based on the revised cutoff numbers mentioned above and the desire to present different options for schools to

consider. As an example, the placement of the Bend area 6A schools is different in these two drafts. In Draft #16 they are placed with the Salem area 6A schools and in Draft #17 they are placed with the 6A Portland east county schools. Lowering the 4A cutoff number allows a restructuring of the 3A classification from 5 leagues in Draft #16 to 6 leagues in Draft #17 which impacts the placements several schools. Please review both drafts to see additional modifications.

The Committee has discussed geographic exceptions for schools. At this time, the committee's goal is to create a system in which geographic exceptions are not used but they are willing to discuss those possibilities in specific instances as the process moves forward.

The Committee will meet throughout this school year and will make its final recommendations to the OSAA Executive Board at the October 16, 2017, Special Classification and Districting Meeting.

Written suggestions and proposals on these issues, as well as other classification related subjects should be mailed or emailed to the OSAA (bradg@osaa.org) Any communication received by the OSAA will be shared with all committee members for review and discussion.

The Committee appreciates your support and encourages your participation in this process. Please do not hesitate to contact Peter Weber (peterw@osaa.org) or Brad Garrett (bradg@osaa.org) at the OSAA if you have any questions.

A full list of meeting dates, Committee Roster, Charge to the Committee and previous Updates are available at the OSAA website: <http://www.osaa.org/governance/committees#classification-and-districting-committee>
