

MARSHFIELD PROPOSAL 1

6 CLASSIFICATION SYSTEM

A variety of factors were used to place schools. They included Adjusted ADM, historical placement, geography/travel, and competitive balance. We acknowledge, and personally understand, there are schools who have to travel but majority of schools in this proposal travel less or the same as our currently system. In the classifications that rely on the RPI for playoff placement we made sure to limit the size of the leagues to keep the integrity of the RPI system. We acknowledge that some of the smaller classifications have schools who do not play football. Those classifications should have the option to decide how to place those schools for football or any other sport that might require a special league due to schools not participating.
