FROM: Peter Weber, Assistant Executive Director;
Kyle Stanfield, Assistant Executive Director

SUBJECT: OSAA Rankings Committee Update – April 8, 2015

The OSAA Rankings Committee met at the OSAA Office for the second time this school year to continue its review of the rankings, and in particular the Winter 2014-15 season.

OSAA Rankings Committee Future Meeting Schedule

- Wednesday, June 10, 2015 @ OSAA Office, Wilsonville, 10am

Following the final meeting, the Committee will forward any recommended changes to the OSAA Executive Board for a vote at the Board's Summer Workshop, July 27-29, 2015.

The Committee began by reviewing written correspondence received since their last meeting. Following this review, the Committee examined rankings scenarios and correlation accuracy studies of the current system, along with different percentage breakdowns, two-column vs. three-column approaches, and different tiebreakers.

Chris Roche, boys basketball coach at Wilsonville HS, provided the lone public testimony regarding what he believes is an inherent advantage in the system for teams that play a significant number of contests vs. teams from a lower classification. The Committee asked questions of Chris and reviewed the materials he submitted. Dan Smith of OregonPrepSports.net was present for most of the meeting and also took part in the discussion.

Schedule Manipulation Policies/New Deadlines for 2015-16

The Committee spent quite a bit of time discussing schedule manipulation late in the season and how to get at that issue. While committee members believe those types of games have declined over the past two years, the ones that remain can have a significant impact on the rankings. To better address this ongoing issue, the Committee is planning to recommend two deadline dates for each season after which added contests won't count in the rankings.

- **Contests vs. Teams More Than One Classification Away**
 - o This policy has been in place for two years now and the Committee wants it to continue.
Contests added to a team's schedule after: Fall – Sept. 14; Winter – Dec. 21; Spring – Apr. 4 vs. teams more than one classification away will not be counted in the rankings.
- **Any Contest Added After A Certain Date**
 - o The Committee wants to prevent late season schedule manipulation, even between teams at the same classification or only one classification away.
Contests added to a team's schedule after: Fall – Sept. 28; Winter – Jan. 11; Spring – Apr. 11 will not be counted in the rankings.
- NOTE: Contests not affected by these policies include bracketed contests at tournaments, league tiebreakers, district tournaments, and Play-Ins. Schools could also apply for an exception to OSAA Staff in extenuating circumstances.

By setting these dates roughly a month into the season (and at least a week after Winter and Spring Break), the Committee believes there is still ample time for teams to finalize their schedules. Postponed baseball and softball

games were discussed at length and Committee members agreed that the continuation/rescheduling of a postponed/canceled contest means the contest was already on your schedule prior to the deadline and would still count in the rankings. There was even discussion that this may provide an opportunity for teams to schedule a contest after the deadline that makes sense geographically that they might not have otherwise scheduled due to the potential negative impact on their team's ranking.

The Committee is interested in receiving feedback on these policies and deadline dates and will make a decision at its June 10 meeting as to whether to recommend a change in this area.

Addition of Colley System and Tiebreaker: The Committee spent time reviewing the Winter final rankings and correlation studies of their accuracy on a sport-by-sport basis. Committee members continue to believe that adding the Colley system has improved the rankings and helped address gaps in the RPI only system. Correlation accuracy studies show that it was more accurate across each of the Winter sports vs. last year's system.

Committee discussion continued around how ties are broken (currently done by higher RPI rank) and whether using the Colley rank as the tiebreaker would be a better approach. OSAA Staff provided data to Committee members on how the Winter 2014-15 rankings would have looked if the higher Colley rank was used to break ties (see attachment). Proponents believe that using Colley as the tiebreaker makes sense since we're trying to rank teams vs. other teams in their classification and Colley only considers in-class contests. One potential concern is how using the Colley rank as the tiebreaker impacts football with its limited number of contests. ***The Committee is interested in receiving feedback on the tiebreaker and will make a decision at its June 10 meeting as to whether to recommend a change in this area.***

Percentage Breakdown: The Committee reviewed the change to the percentage breakdowns for the RPI during the Winter 2014-15 season (new 35/65 vs. old 40/60) and again looked at correlation studies of different breakdowns, including two-column and three-column approaches. Committee members want to continue to examine the percentage breakdowns as we progress through the Spring season. As at previous meetings, most members appear to be content with the two-column approach but there are others that believe a three-column approach improves the depth of data. ***The Committee is interested in receiving feedback on a two-column or three-column approach with regards to the percentage breakdown and will make a decision at its June 10 meeting as to whether to recommend a change in this area.***

Rankings Freeze and Play-In Dates Summary: The Committee briefly discussed the Rankings Freeze and Play-In Dates for 2015-16 and has created a DRAFT of next year's dates. (see attachment)

Not Releasing Rankings At Start Of Season: The Committee had little discussion in this area as nearly all members believe it's best to have the rankings appear throughout the entire season. ***The Committee does not appear interested in recommending a change in this area at this time.***

Not Counting Any Contests More Than One Classification Away For Rankings: The Committee spent limited time discussing this option as many members believe these contests need to happen in some areas of the state. Their focus was centered more around dealing with teams that attempt to blatantly manipulate by adding games later in the season to gain a bump in the rankings. ***The Committee does not appear interested in recommending a change in this area at this time.***

Counting Volleyball Pool Play Results: The Committee spent very little time on this topic. No feedback was received on this topic since the last meeting and there was virtually no support for a change by committee members. ***The Committee does not appear interested in recommending a change in this area at this time.***

All written communication received will be forwarded to all members of the Rankings Committee for their review. Please send emails to kyles@osaa.org. Contact Peter Weber (peterw@osaa.org) at the OSAA if you have any questions.
