Track Contingency Group Meeting Wednesday, Sept 10 Zoom Meeting - 6:30 – 8p

Meeting Notes:

Group received an update from the Executive Director on current OHA guidelines related to school openings and sports/activities. A Q&A session with all participants was conducted.

Initial meeting of the Track group – staff received an update from group members on what is happening in their parts of the state.

General discussion about the “State of Track and Field” amongst the group members.

Consensus that gathering size restrictions will require the sport to modify larger events in some way to allow maximum participation in events. What that looks like potentially will be discussed at a future meeting.

Group is very interested in reaching out to organizers of the 2021 Olympic Trials to inquire about the potential to partner during Track and Field culminating week. The Trials are schedule for June 18-28 – OSAA culminating week is June 21-27. Brad will reach out to his contacts and report back at the next meeting.

Focus of future meetings:

Regulation or policy changes for truncated regular season
Structure of culminating week
