2017 NFHS RULES REVISIONS:

5-5-3b (12)	<p>Outlines mechanics for the second referee to sound a warning whistle at 45 seconds or any other time when both teams take the court ready to play before the audio signal (horn) is sounded at 60 seconds. Clarifies all time-outs are officially ended with the audio signal (horn).</p> <p>Rationale: The defining end of a time-out shall be the horn and the warning of the impending end of the time-out is the second referee’s whistle at 45 seconds or at any other time when both teams take the court ready to play before the audio horn is sounded at 60 seconds.</p>
5-4-3c (17)	<p>On a time-out, the first referee shall whistle the warning if the second referee is still checking the scoresheet.</p> <p>Rationale: A procedure is needed for the sounding of the warning whistle should the second referee still be involved with checking the scoresheet.</p>
5-8-3a	<p>Outlines the new procedures for the timer to give the audio signal (horn) only to officially end a time-out and no longer for the warning at 45 seconds into the time-out.</p> <p>Rationale: Clarifies that the audio signal (horn) shall only be sounded to indicate the official end of a time-out.</p>

<p>9-8-2 New</p>	<p>A replay, is considered, to be a part of a single play action. Therefore, once a replay has been called, by the first referee, no requests, e.g., time-out, service order, lineup, substitution, libero replacement, etc., may be recognized until after the rally is completed.</p> <p>Rationale: A replay is a single action to repeat the start and completion of a rally that was interrupted under Rule 9-8-1. Clarifies when resuming play, all circumstances should be the same and no requests shall be recognized for, e.g. time-out, service order, lineup, substitution, libero replacement etc.</p>
	<p>Officials Signals: Omit the illegal substitution signal (Signal # 20) as the penalty is Unnecessary Delay if attempting to enter the set and illegal alignment if observed in the set.</p> <p>Rationale: The penalty for illegal substitution is "unnecessary delay--administrative yellow or red card;" there is no longer a need to have two penalty signals, illegal substitution and unnecessary delay.</p>

2017 NFHS MAJOR EDITORIAL CHANGES:

<p>2-1-5</p>	<p>Clarifies the language regarding the attack line shall be solid and one clearly visible color.</p>
<p>5-2-1b 3</p>	<p>Clarifies when the second referee will indicate both the nature of the fault and the number of the player committing the net fault.</p>
	<p>4-1 Penalty 3, 4-2 Penalty 2, 10-3-3, 11-2 Penalties 1 and 2, Sample Sets</p>

2017 NFHS POINTS OF EMPHASIS:

<p>1. Conduct and Privileges of Assistant Coaches. The assistant coach has fewer privileges than the head coach. The assistant coach may only stand to ask the second referee, during a dead-ball situation, to review the accuracy of the score, verify the number of time-outs used, request the serving order of his/her team or to verify the proper server for the opponent. He/she does not have the privilege to address the referees on other matters. The assistant coach may also stand at the bench to greet a replaced player, confer with players during time-outs, spontaneously react to an outstanding play by a player(s) of his/her own team, and attend to an injured player with permission of a referee. The assistant coach does not have the privilege to stand at the bench area during play. An assistant coach who tries to engage the second referee in discussion regarding a ruling is inappropriate and may result in a card. Likewise, an assistant coach who continues to stand and lingers once play has resumed is inappropriate and may result in a card. It is important that the second referee sets the boundaries for assistant coaches based on the rules from the onset. Preventive officiating will allow the second referee to professionally address the assistant coach in a manner to guide the coach to follow the spirit of the rules, avoid rushing to a penalty and maintain administrative order in the match as intended.</p>
<p>2. Court Boundary Lines and Attack Lines. The NFHS Volleyball Rules Book is very specific regarding the dimensions, colors, etc. of the court boundary lines, center line and attack lines. These rules should be reviewed prior to any new logos, decals or painting of court surfaces. Rule 2, Section 1, Articles 2-5, specifically address the center line and the attack line, and should be closely reviewed by school administrators, athletic administrators, coaches and contractors. As noted in Rule 2-1-4, a shadow-line is permissible for only the center line. A shadow-line is not permitted for the attack line or boundary line. The attack line and all boundary lines shall be a solid line, free of shadowing and in contrast to the surrounding court.</p>
<p>3. Second Referees Responsibilities on a Third Time-out Request. As Rule 5-5-3-11 states, it is a responsibility of the second referee to "grant time-outs." Rule 11-2-3 specifies the number of time-outs: "two time-outs per set." If a third time-out is requested by a coach, it is suggested the second referee use proactive officiating to let the coach know he/she does not have a time-out remaining. This can be done with a gentle shake of the head or a quick question, "Coach you want to request a third time-out." If the coach persists in his/her request for the third time-out, the second referee shall recognize the time-out request and access an unnecessary delay. The play must resume immediately as the requesting team has no time-outs. Coaches attempting to use the third time-out and unnecessary delay to break momentum of the opposing team are violating the spirit of the rule. Increased instances of this violation of spirit of the rules may contribute to a review of the penalty for requesting a third time-out. It is recommended that coaches use bench personnel and bookkeepers to keep them informed of the number of time-outs used.</p>

4. Letters of Authorization. Authorization is required from the state association for any special accommodation for an individual player, a memorial patch on the uniform or any other special circumstance not specifically covered in the rules. It is the responsibility of the school coach to contact the appropriate staff of the state association to seek the authorization following the established procedure set forth by the respective state association. Appropriate support material and early contact by the school to the state association is expected and prevents confusion when a player shows up and is not in compliance with the rules and not permitted to play by the game officials. It is NOT the responsibility of the officials to seek the authorization. It IS the responsibility of the coach to obtain the authorization before the contest and to present such authorization to the officials prior to the start of the match.

5. Mechanics of Signals and Communication. The proper execution of the mechanics of signals and position of the second referee and line judges are critical elements of the responsibilities of the officiating crew. The quality of the signal mechanics is the major means of communication between referees, officiating crew, coaches, spectators and media. A one, two, three approach to the signal will assist officials when signaling and meeting the responsibility of good communication. One is the proper signal with attention to how it looks. A sharp signal communicates confidence in the call and clearly indicates the result of the play. Two is to hold the signal long enough that the officiating crew is aware of the signal, the table officials know the call and can accurately record play results and coaches, fans and media are able to keep up with the play action. Three is a release of a signal and confirming with necessary members of the officiating crew that the action has been properly attended to such as substitution, request of a time-out or turning the set back to the first referee to the next serve. Sloppy or lazy mechanics will create confusion of the result of play action and could lead to a coach getting upset unnecessarily. Poor positioning will place the second referee or line judges in a location that inhibits their ability to make correct calls. Signals are the universal language for the officials. Your communication depends on them.

Requests for rule interpretations or explanations should be directed to the OSAA. The NFHS will assist in answering rules questions from the state associations whenever called upon.

OSAA VOLLEYBALL POLICIES

Effective outside Association Year.

1. SUMMER POLICY (OSAA Handbook, Executive Board Policies) (Revised May 2016)

- A. **All Sports.** Summer activities under the direction of any person affiliated with the high school program, including practices, contests, weight training and conditioning, are permissible throughout the summer, excluding the defined Moratorium Week, and must consider the following points:
- 1) OSAA regulations regarding the Heat Index Calculator are in effect at all times. Athletes must be encouraged to stay well hydrated at all times, especially in hot and humid conditions. This applies to outdoor activities and indoor activities without air conditioning. See the [NFHS](#) statements on heat and hydration.
 - 2) Implement a slow and gradual preseason-conditioning regimen that prepares the athlete for the rigors of the sport.
 - 3) Slowly build up the intensity of activity over several days.
 - 4) Have fitness tests (mile run, shuttle run times, maximum repetition exercises) scheduled the second week of practices. Use a progressive, periodized program and evaluate performance once athletes are acclimated to the stress about to be placed upon them.
 - 5) Take into account the level of conditioning of all individuals and what their previous conditioning has been. Athletes who have just finished a sports season should have at least a short period (one to two weeks) of relative rest.

- 6) Slowly introduce new exercises or workout routines to allow for adaptation by muscle groups.
- 7) Provide adequate rest and recovery between repetitions in the weight room and especially during “gassers” and intense station or “mat” drills.
- 8) Athletes should refrain from consuming high caffeine energy drinks and supplements, or other stimulants, as they may contribute to dehydration. See the [NFHS](#) statement on energy drinks.
- 9) Athletes should refrain from extreme exercise during acute illness, if feeling ill, or while experiencing a fever.

Effective during Association Year, outside the designated OSAA sport season.

1. [PRACTICE LIMITATION RULE \(6A Pilot\)](#) (Approved Feb 2017 for a one-year trial during the 2017-18 SY) (Revised September 2017)

A. **Philosophy/Rationale.** The following statements outline the philosophy of *this policy* regarding in-season and out-of-season sports.

- 1) ***The spirit of the Practice Limitation Rule (6A Pilot) is that every school and participant shall have the same opportunity to practice prior to the first contest.***
- 2) The mission of OSAA member schools is to foster well-rounded individuals. The purpose of interscholastic athletics is to help educate boys and girls and not to prepare students for college athletics, which is a by-product of interscholastic competition available to a very small percentage of high school athletes.
- 3) For most students, specialization in a single athletic activity is not in their best long-term interests.
- 4) Students should be encouraged by coaches, administrators and parents to participate in a variety of school activities, including more than one sport during the school year.
- 5) Schools should not allow use of school equipment, including uniforms and school district vehicles, and facilities by non-school organizations that promote a philosophy contrary to the above statements.
- 6) ***6A schools are looking to provide coaches with more opportunities for fundamental skill development at specified times during the Association Year.***
- 7) ***6A schools believe that high school coaches are the individuals best-trained to guide and promote the health and physical welfare of all participants.***
- 8) ***6A schools want to work with the OSAA to educate parents regarding the impact on the health and physical welfare of students who choose to specialize in one sport, year-round.***
- 9) There should be no promotion or publicity within a school for non-school programs, which promote a philosophy contrary to the above statements.

B. **Individual Sports Limitation.** Schools may conduct practices and/or contests in individual sports (cross country, golf, swimming, tennis, track & field, wrestling) only during the designated OSAA sports seasons as outlined in Rule 6. Local school districts and/or leagues should establish their own policy restricting the involvement of their individual sports coaches in out-of-season programs.

C. **Closed Period.** ***The Closed Period for out-of-season team sports begins on the first practice date of each Fall, Winter, and Spring season. Dates shall follow the NFHS Numbered Calendar, as adopted by the OSAA. The Closed Period shall last six weeks. During the six-week Closed Period, conditioning is the only activity allowed between out-of-season coaches and student(s) from their high school.*** Conditioning is defined as a session where students work on physical fitness and conditioning by use of weights, running, and/or exercises. Conditioning does not allow for the use of individualized and specialized sports equipment or apparatus, including but not limited to: balls, bats, protective equipment, blocking dummies, batting cages, charging sleds and other implements related to specific OSAA activities. ***Participation in conditioning activities must be optional.***

D. **Open Period.** ***The Open Period for all out-of-season team sports begins on the first Monday following the six-week Closed Period and ends when the next OSAA defined season begins. Dates shall follow the NFHS Numbered Calendar, as adopted by the OSAA. Fundamental skill development with an unlimited number of the school's student-athletes is allowed for a maximum of nine hours each week per program. All open facility times shall be included in the weekly limitation. It shall be a violation of the Practice Limitation Rule (6A Pilot) if there is any attempt by a coach during the Open Period to coach student-athletes from his/her high school in a contest in the activity he/she coaches at that high school. For the purpose of this rule, a contest is any event (practice, scrimmage, game, etc.) that involves anyone other than the students at your high school. While boys and girls basketball (and soccer) are examples of the same sport, for the purpose of this rule they are considered different activities. Participation in Open Period fundamental skill development and/or conditioning must be optional.***

NOTE: The use of football protective equipment is prohibited from the conclusion of a school's regular and/or post-season until the end of the Association Year as outlined in Rule 6.6. This does not prohibit an individual student from using football protective equipment owned by the school when attending camps/clinics not organized by any member school personnel.

- A. ***Any fundamental skill development involving a coach and any number of students from the coach's school in the activity he/she coaches at that high school counts toward the maximum of nine hours each week per program (football, girls' basketball, boys' basketball, etc.). A week is defined as Monday-Sunday. All open facility times shall be included in the weekly limitation.***
5. Q. Are open gyms still permissible under the Practice Limitation Rule (6A Pilot)?

13. Q. Under the Practice Limitation Rule (6A Pilot), may a coach own a club on which there are teams, which include members of his/her school?
- A. Yes, but the coach may not personally coach a team with members of his/her school ***in the activity he/she coaches at that high school during the Closed Period. During the Open Period the coach may conduct fundamental skill development and/or conditioning but may not coach members of his/her school in a contest in the activity he/she coaches at that high school.***

- A. No, so long as the sport-specific class meets the following conditions:
1. The coach must be the teacher of record for the sport-specific class, and
 2. The sport-specific class must be part of the regular school curriculum for which credit is granted, and
 3. Enrollment in the sport-specific class must ***not*** be limited to team members.

16. Q. Would it be a violation of the Practice Limitation Rule (**6A Pilot**) if a school was to offer a sport specific class for which the coach is not the teacher of record, and the coach was allowed to attend the class as a guest and teach sport specific skills to members of the high school program outside of the season for that sport during the Association Year?
- A. Yes.
17. Q. At what point does the OSAA consider a person to be a school's coach?
- A. Once a person and a school have verbally agreed that the person will perform coaching duties for the school, he/she is considered to be that school's coach by the OSAA. At that time, all OSAA policies are in effect for that coach until such time that the coach resigns or is notified by the school that they are no longer a coach for that school.
18. Q. May a returning coach work with students outside their designated sports season since the coach working under a one-year contract and has not signed a contract for the coming year?

- A. *Yes, provided no student from his/her high school is present.*

2. **PRACTICE LIMITATION RULE** (OSAA Handbook, Executive Board Policies) (**Revised Fall 2017**)

- A. **Philosophy.** The following statements outline the philosophy of the OSAA regarding in-season and out-of-season sports.
- 1) The mission of OSAA member schools is to foster well-rounded individuals. The purpose of interscholastic athletics is to help educate boys and girls and not to prepare students for college athletics, which is a by-product of interscholastic competition available to a very small percentage of high school athletes.
 - 2) For most students, specialization in a single athletic activity is not in their best long-term interests.
 - 3) Students should be encouraged by coaches, administrators and parents to participate in a variety of school activities, including more than one sport during the school year.
 - 4) Schools should not allow use of school equipment, including uniforms and school district vehicles, and facilities by non-school organizations that promote a philosophy contrary to the above statements.
 - 5) There should be no promotion or publicity within a school for non-school programs, which promote a philosophy contrary to the above statements.
- B. **Preface.** The spirit of the Practice Limitation Rule is that every school and participant shall have the same opportunity to practice prior to the first contest. Practice is defined as the involvement of individuals from a member high school in any program, demonstration, instruction, or participation conducted in part or in its entirety by a person or a group of people who are or who have been involved in the coaching of any of these athletes in that sport at the high school, including volunteer coaches. Unless a person has been approved by the school district as a member of the coaching staff, that person may not practice against a team or a team member (example-throwing batting practice or working against a basketball post player).

- C. **Team Sports Limitation.** Schools may conduct practices and/or compete in contests in team sports (baseball, basketball, football, softball, soccer, volleyball) only during the designated OSAA sports seasons as outlined in Rule 6. It shall be a violation of the rule if there is any attempt during the Association year to gather together more than two members of the same high school, with remaining eligibility in that sport, per day outside the OSAA defined season to receive specialized athletic instruction from any coach associated with the participating athletes' high school. Attempts to circumvent the rule by encouraging team members to attend out-of-season practices or camps during the Association year other than through general dissemination of information or brochures shall be considered a violation of this rule. **EXCEPTION:** Baseball and softball coaches may begin pitching instruction and throwing workouts with pitchers and catchers only (maximum of eight total per day) two weeks prior to the Spring Sports First Practice Date. **NOTE: The use of football protective equipment is prohibited from the conclusion of a school's regular and/or post-season until the end of the Association Year as outlined in Rule 6.6. This does not prohibit an individual student from using football protective equipment owned by the school when attending camps/clinics not organized by any member school personnel.**
- D. **Individual Sports Limitation.** Schools may conduct practices and/or contests in individual sports (cross country, golf, swimming, tennis, track & field, wrestling) only during the designated OSAA sports seasons as outlined in Rule 6. Local school districts and/or leagues should establish their own policy restricting the involvement of their individual sports coaches in out-of-season programs.
- E. **Open Facility.** The intent of an open facility is to provide an opportunity for a recreational activity to occur. The facility is provided so that any student in the school has an opportunity to participate. (See Team Sports Limitation listed above for additional information.)
- F. **Conditioning.** Conditioning is defined as a session where students work on physical fitness and conditioning by use of weights, running, and/or exercises. Conditioning does not allow for the use of individualized and specialized sports equipment or apparatus, including but not limited to: balls, bats, protective equipment, blocking dummies, batting cages, charging sleds and other implements related to specific OSAA activities. Participation in conditioning activities must be optional.

1. **Q.** Does the Practice Limitation Rule apply during the summer?
A. No. The Executive Board Policy is only in effect during the Association year, which starts on the first day of fall practice and ends after Memorial Day is observed.
2. **Q.** May a school or an individual student compete in an indoor track meet?
A. The OSAA does not have a season designated for indoor track. Therefore, indoor track is not an OSAA sanctioned activity. Since track and field is an individual sport, it falls under the Individual Sports Limitation. A participant in indoor track must do so unattached and may not represent his/her high school. No school uniforms, equipment or transportation may be used.
3. **Q.** What are the penalties if a high school coach violates the Practice Limitation Rule by coaching more than two members of his or her team in an out-of-season program?
A. Rule 5, "Violations of Regulations – Penalties" - outlines violations of rules and penalties. As outlined in Rule 5.2., violations of any rule of the OSAA could include probation, forfeiture, fines, suspension or expulsion from the Association. The Executive Board would determine the penalty.
4. **Q.** Is a school in violation of the Practice Limitation Rule if an unpaid volunteer coach coaches both the high school team and the out-of-season team during the OSAA year?
A. Yes, this would be a violation.
5. **Q.** May high school team members belong to the same club team?
A. Yes, if the high school team members independently try out and/or belong to the same club team through no influence or direction from the high school coach, then no violation would occur.
6. **Q.** Is it a violation of the Practice Limitation Rule if a high school coach works at a YMCA, "The Hoop," "Sports Nation," etc., during the Association year?
A. No, as long as the high school coach is not involved in directly coaching more than two players from his or her high school team on any given day.

- 7. Q.** Under the Practice Limitation Rule, may two high school coaches “trade” teams and coach each other’s teams in an out-of-season program, or may a person coach a high school team and then have his/her spouse coach the out-of-season club team?
- A.** No. The intent of the rule is to prevent the high school coach from directly or indirectly pressuring players from the high school team to play on an out-of-season club team. If the high school coach organizes the high school team members to congregate on the same out-of-season club team and then secures someone else to coach them, e.g., spouse, parent, another high school coach, etc., he or she would violate the intent of the rule and it would be considered a violation.
- 8. Q.** Under the Practice Limitation Rule, may the high school boys’ basketball coach work with the girls’ basketball club team?
- A.** Yes. Boys’ and girls’ programs at a high school in the same sport are considered separate sports for the purpose of the Practice Limitation Rule.
- 9. Q.** Under the Practice Limitation Rule, may the local golf pro coach the high school team and still give lessons to team members outside the high school season?
- A.** The Individual Sports Limitation Rule would allow this if allowed by the local school district and/or league.
- 10. Q.** A coach of a high school team allows a parent to coach that same team in an out-of-season program. Is this legal under the Practice Limitation Rule?
- A.** Yes, as long as the high school coach does not organize or require members of the high school team to participate on the out-of-season team coached by the parent.
- 11. Q.** Under the Practice Limitation Rule, may a high school coach work with a group of 9th graders before they turn out for a sport?

- 12. Q.** Under the Practice Limitation Rule, may a high school coach work with 8th grade students before they enter high school?

- 16. Q.** Under the Practice Limitation Rule, may a high school coach work with more than two students provided that any student(s) in excess of two are his/her children?
- A.** Yes. When determining number of players for the purpose of this policy, the children of the person coaching shall not count toward the limitation.
- 17. Q.** Are open gyms still permissible under the Practice Limitation Rule?
- A.** Yes. The terminology has been changed to “open facility” and is applicable to gymnasiums, fields, tracks, etc. The basic philosophy of an open facility is that it is a recreational opportunity open to anyone and that no instruction is occurring. A coach may not be “at the other end” of an open facility working with two students.
- 18. Q.** Are batting cages considered open facilities?
- A.** Yes, if a batting cage is open to anyone and no coaching is taking place. Merely throwing batting practice is not considered coaching. Hitting grounders and/or fly balls is considered a violation.

A. No.
24. Q. Under the Practice Limitation Rule, may more than two students serve as demonstrators at a clinic or camp at which their school coach is making a presentation outside of the OSAA season for that sport?
A. Yes, but with these restrictions:
1) More than two students may attend a camp or clinic only as demonstrators for a presentation by their coach. It would be a violation of the Practice Limitation Rule for more than two students to attend as participants at a clinic or camp at which their school coach is making a presentation unless the clinic or camp was held during the OSAA season for that sport.
2) Each school is limited to only one clinic or camp to which this interpretation applies per program each school year.

A. ***Yes, this is allowed.***
30. Q. Under the Practice Limitation Rule may a high school coach work with his/her children and two additional students?
A. Yes, a coach’s children are not counted under the Practice Limitation Rule.
31. Q. Would it be a violation of the Practice Limitation Rule for a coach to teach more than two members of the high school program in a sport-specific class outside of the season for that sport during the Association Year?
A. No, so long as the sport-specific class meets the following conditions:
1) The coach must be the teacher of record for the sport-specific class, and
2) The sport-specific class must be part of the regular school curriculum for which credit is granted, and
3) Enrollment in the sport-specific class must not be limited to team members.
32. Q. Would it be a violation of the Practice Limitation Rule if a school was to offer a sport specific class for which the coach is not the teacher of record, and the coach was allowed to attend the class as a guest and teach sport specific skills to more than two members of the high school program outside of the season for that sport during the Association Year?
A. Yes.

33. Q. At what point does the OSAA consider a person to be a school's coach?

34. Q. May a returning coach work with students outside their designated sports season since the coach working under a one-year contract and has not signed a contract for the coming year?
 A. No. Once a person becomes a school's coach, the OSAA considers that person to be a coach for the school until such time that the coach resigns or is notified by the school that they are no longer a coach for that school. Coaches who resign and are then brought back in a coaching capacity by the same school in an attempt to circumvent OSAA policy are subject to penalties as outlined in **Rule 5, "Violations of Regulations - Penalties."**
35. Q. A school is conducting interviews for a vacant coaching position. Is the interviewee allowed to conduct a practice with more than two students from a school in part of the interview process?
 A. Yes, but the trial practice session shall be no longer than 30 minutes in length.
36. Q. On what date may baseball and softball coaches begin pitching instruction and throwing workouts with pitchers and catchers only (maximum of eight total per day)?
 A. **February 12, 2018**, which is two weeks prior to the start of spring practices on **February 26, 2018**.

38. Q. During this two-week early window for baseball and softball coaches, are coaches allowed to work with eight pitchers and catchers and two additional students on the same day?
 A. No. During this timeframe, coaches are allowed to work with a maximum of eight on a single day but all eight must be pitchers and/or catchers, or the coaches may work with two non-pitchers and non-catchers on a single day, but not both.

40. Q. During this two-week early window for baseball and softball coaches, if coaches are working with pitchers and/or catchers, is live hitting allowed?
 A. No, live hitting is not allowed but a coach is allowed to stand in the batter's box.

1. **PRACTICE MODEL** (*OSAA Handbook, Executive Board Policies*) (**Revised Fall 2017**)

Schools and students are required to adhere to the following practice model.

B. **Cross Country, Soccer, Volleyball**

- 1) All practices shall allow for water breaks and general acclimatization to hot and/or humid weather. Ample amounts of water should always be available and a student's access to water should not be restricted. In addition, all practices shall follow the fundamentals set forth in the NFHS's Heat Acclimatization and Heat Illness Prevention Position Statement. While the risk of heat illness is greatly dependent upon weather conditions, the fundamentals in the NFHS's Heat Acclimatization and Heat Illness Prevention Position Statement promote safety and diminish injury risk in any setting.
- 2) Students may participate in multiple practice sessions per day, but not on consecutive days.
 - a) **Single Practice Session.** No single practice session shall be longer than three hours, including warm-up and cool down. On days with a single practice session, students are limited to a maximum of one hour of weight training either before or after practice but not both.
 - b) **Multiple Practice Sessions.** On days with multiple practice sessions, students shall not engage in more than five hours of total practice, including warm-up and cool down. No single practice session shall be

longer than three hours, including warm-up and cool down. There must be at least three hours of recovery time between the end of one practice session and the beginning of the next practice session on a day with multiple practice sessions. During this recovery time, students may not engage in other physical activities (e.g. weight training, etc.).

- 3) The second practice session of the first two multiple practice days shall be a teaching session only. Conditioning drills (gassers, timed runs or sprints) shall not be conducted.
 - 4) A student may not practice or participate in a contest for more than six consecutive days without a rest day. A rest day must be complete rest – no organized team physical activity is allowed. Travel is allowed on a rest day.
1. **Q.** Can the one-hour weight training session allowed on single practice days be conducted both prior to practice and after practice if players only participate in one of the weight training sessions?
A. Yes, multiple one-hour weight training sessions may be held but individual players are limited to participation in a single session.
 2. **Q.** Is the one-hour weight training session allowed on single practice days required to be “immediately” prior to and after the practice?
A. No, the training session does not have to immediately precede or follow the scheduled practice.
 3. **Q.** Is the one-hour weight training session allowed on single practice days also allowed on multiple practice days?
A. No, weight training conducted on multiple practice days counts toward the daily five-hour practice limit.
 4. **Q.** On single practice days, may coaches conduct classroom-training sessions that would involve no physical activity?
A. Yes, classroom instruction that requires no physical activity is allowed and does not count towards the daily five-hour practice limit.
 5. **Q.** Is classroom instruction with no physical activity allowed during the required three-hour recovery period between multiple practices?
A. Yes, classroom instruction that requires no physical activity is allowed during the recovery period.
 6. **Q.** A team plans to conduct multiple practices on a single day but wants to reduce the length of each practice to 90 minutes. Can the team reduce the required recovery time of three hours between practice sessions because they have used less than the maximum practice time allowed?
A. No, the three-hour recovery period between practices is required regardless of practice length.
 7. **Q.** Are multiple practices on a single day required for all Fall teams?
A. No, teams are not required to have multiple practices on a single day. If multiple practices are conducted, the second practice of the first two multiple practices days is a teaching session only.
 8. **Q.** What is the definition of a “teaching session”?
A. During a teaching session, the intensity, duration, and pace of all practice components shall be modified from a normal practice session. The focus of a teaching session should be directed at developing skills fundamental to the sport at a significantly reduced pace. In Football, light contact with bags is allowed but Live Action situations are prohibited. Practice components in all activities intended to develop skills while conditioning the athlete at the same time are not allowed. Coaches are encouraged to use this “teaching session” to address offensive and defensive strategies, skill development drills and other types of team building activities that do not involve conditioning.
 9. **Q.** How do you calculate practice time for multiple sport athletes participating in more than one Fall sport?
A. Practice hours are cumulative. On a single practice day, the three-hour practice limit may be split between the two sports but the total practice time, including any breaks, must fit within the three-hour limit. On a multiple practice day, the daily five-hour practice limit may be split between the two sports but all required recovery periods must be implemented. Any participation for a fraction of a half hour counts as a half hour towards the daily practice limit.
 10. **Q.** If Fall multiple sport athletes practice one hour with the Football team and two hours with the Soccer team are they required to have a recovery period between the two practices?
A. No, this is considered to be one three-hour practice and no recovery period is required. If the combined practice time, including any breaks, exceeds three hours then a three-hour recovery is required.

11. **Q.** May a team practice for 2 hours, take a 30-minute break, and resume for 1 hour?
A. No, this would constitute a violation. Teams may not exceed the maximum practice time of three hours, including all breaks within the schedule.
12. **Q.** In football, are 7-on-7 drills permissible during teaching sessions?
A. Yes, provided that they comply with the foregoing “teaching session” requirements.

2. **PARTICIPATION LIMITATIONS** (*OSAA Handbook, Participation Limitations, Volleyball*) (**Revised December 2016**)

- A. **Team.** A school team shall not compete on more than 18 playing dates at each level of competition, exclusive of the varsity district playoffs and state championships.
- B. **Individual.** A student shall not compete on more than 18 playing dates, exclusive of varsity district playoffs and state championships. Additionally, a student shall not compete in more than one set in addition to one match per day. Once a player participates in the second set of a match that constitutes their match for that day. If a student exceeds the limit, the match in which the limit is exceeded shall be forfeited. A student may participate in only one jamboree.

EXCEPTION: The individual limit of one set in addition to one match per day does not apply to double duals or tournament play. In tournament play, a student may participate in only one level of competition during that day. Double duals involve two or three teams competing on one day. In double dual play, a student may participate in multiple levels of play and may play in a maximum of 10 sets during that day.

- C. **Jamboree.** A school may participate in only one jamboree at each level of competition. A jamboree shall include at least three teams, and shall not be counted as a contest. Jamborees may be held only on the first playing date and for 30 days thereafter. A jamboree is limited to not more than four sets per team and limited to not more than one set appearance against any school (three or more teams). Sets played in jamborees shall use rally scoring to 25 points.

D. **Playing Dates.**

- 2) A school team may participate in a maximum of five tournaments, exclusive of varsity district playoffs and state championships.

- b) All pool play matches shall be a maximum of two sets.
- c) **EMERGENCY EXCEPTION:** If the host school has a team(s) withdraw and a replacement cannot be found, creating a pool(s) with one less team, that pool(s) is allowed to play three sets per opponent so the number of sets played in pool play are even among all participating schools. This competition shall not count in the OSAA rankings and is not to be recorded on the OSAA website.
- d) All pool play sets shall be played to a maximum of 25 points, cap or no cap.

3. **OFFICIALS – CERTIFIED REQUIREMENT** (*OSAA Handbook, Executive Board Policies*) (*Revised Fall 2013*)

- A. **General requirement.** Member schools shall secure certified officials from officials' associations that have been recognized and certified by the OSAA for all interscholastic activities requiring those officials. **EXCEPTION:** Any request for an exception to this policy must receive the approval of the Executive Director. Exceptions shall be considered only when adherence to this policy presents a financial hardship to the school or when the local officials' association is unable to service the member school. Any out-of-state official used under this exception in a contest in Oregon shall represent an association whose commissioner was an attendee at the OSAA Rules Interpreters' Clinic for that year.

OSAA certified officials are required for all sanctioned activities at the varsity and junior varsity levels including jamborees. **EXCEPTION:** OSAA certified officials are required in baseball and softball at the varsity level only. OSAA certified officials are required in football at all sub-varsity levels.

Schools, leagues and tournaments are limited to using a maximum of the quantity of officials assigned to State Championship contests unless written permission to exceed that quantity is received from the OSAA Executive Director prior to the event(s).

5. **ENDOWMENT GAMES** (*OSAA Handbook, Executive Board Policies*) (**Endowment Game Application**) (*Revised Spring 2016*)

The OSAA and its member schools believe in the fundamental values associated with participation in high school activities and want to work together to ensure the future of high school activities in the state of Oregon. The establishment of the OSAA Foundation will help us realize our goal. Endowment Games are a way for member schools and local communities to be active participants in growing the OSAA Foundation. Endowment Games regulations are as follows:

- A. Endowment Games applications should be submitted to the OSAA office by the host school a minimum of 15 days prior to the scheduled contest. Failure to do so may result in participation limitations violations. Applications may be reviewed prior to approval to ensure that the host school is able to effectively secure the facility and charge admission.
- B. Endowment Games shall not count toward a school's or an individual student's season participation limitations for each activity. Daily and weekly individual participation limitations still apply. Schools should ensure that participants meet all OSAA eligibility requirements prior to competing in an Endowment Game.
- C. Endowment Games tickets will be \$6 for adults and \$4 for students. No passes shall be accepted except for the OSAA Media Pass.

- D. Upon completion of an Endowment Game, the host school is responsible for submitting the necessary financial report form and 100% of the gate receipts to the OSAA Foundation. The OSAA Foundation will return 50% of the gross gate receipts to the host school within five business days after receiving the check for gross gate receipts. Operating expenses for Endowment Games are to be drawn from the 50% of the gross gates receipts returned to the host school. Financial agreements, if any, between the two participating schools are at the discretion of the schools.
- E. Endowment Games are allowed at the varsity level only in the following activities:
- 1) Volleyball – one additional play date between the first contest date and the cutoff date.

A. Yes.
4. **Q.** May teams play in multiple Endowment Games?
A. Yes, as long as the team does not exceed that sports Participation Limitation by more than one game/contest. See "Participation Limitations" for additional information.

Following is the policy regarding attached and unattached competition:

- A. A high school team shall not compete against an unattached team (e.g., club team).
- B. Students representing a high school shall not compete against unattached individuals.
- C. Students shall not represent a high school and participate in a competition or exhibition as unattached on the same day at the same venue/facility.

2. **CERTIFICATION – ATHLETIC DIRECTORS AND COACHES** (*OSAA Handbook, Executive Board Policies*) (Revised Spring 2016)

Athletic directors and coaches shall achieve certification in the following areas prior to assuming duties as an athletic director or coach. The high school principal shall be held accountable for verifying that athletic directors and coaches have been certified. **EXCEPTION:** Any emergency exception to an OSAA requirement must be authorized in writing by the OSAA.

A. **NFHS Fundamentals of Coaching.** <http://nfhslearn.com/>

The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS Fundamentals of Coaching course. This is a one-time requirement.

B. **Concussion Recognition and Management Training.** <http://nfhslearn.com/>

The OSAA and Oregon State Law (***ORS 336.485***) requires that athletic directors and coaches receive training to learn how to recognize the symptoms of a concussion and how to seek proper medical treatment for a person suspected of having a concussion. The NFHS's Concussion in Sports free course satisfies this requirement. This training is required annually.

C. **NFHS Heat Illness Prevention.** <http://nfhslearn.com/>

The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS's Heat Illness Prevention free course. ***This training is required once every four years.***

D. **Anabolic Steroids and Performance-Enhancing Substances Training.** <http://www.osaa.org/steroids>

The OSAA and Oregon State Law (***ORS 342.726***) require that athletic directors and coaches receive training on identifying the components of anabolic steroid abuse and use and prevention strategies for the use of performance-enhancing substances. This training is required once every four years.

E. **Spirit Safety Clinic (Cheerleading and Dance/Drill Coaches Only).** <http://www.osaa.org/activities/che>

The OSAA requires that any cheerleading or dance/drill coach **receive spirit safety training by achieving a passing score on the test included with the OSAA's online Spirit Safety Clinic.** This training is required annually.

F. **Heads Up Football Certification.** <http://www.osaa.org/activities/fbl>

The OSAA requires that any football coach complete the USA Football Heads Up Certification prior to assuming coaching duties and to recertify annually prior to the beginning of each Association year. Additionally, each member school sponsoring football is required to identify a Player Safety Coach. Each Player Safety Coach is required to attend an in-person clinic annually prior to the start of the Association year that is conducted by a USA Football Master Trainer in preparation for implementing and overseeing the primary components of Heads Up Football at their school.

1. **Q.** Does certification through the American Sport Education Program (ASEP) satisfy the requirement in **Rule 1.4?**

A. Yes, so long as the athletic director or coach was certified through ASEP prior to August 1, 2007. Thereafter, only the NFHS Coach Education Program "Fundamentals of Coaching" will satisfy this requirement unless an exception is granted in writing by the OSAA.

2. **Q.** When must a coach be certified?

A. All coaches must be certified prior to assuming coaching duties unless an emergency exception is authorized in writing by the OSAA. This includes cheerleading coaches, dance/drill coaches and choreographers at schools that do not participate in competitions.

3. **Q.** Is certification required of volunteer coaches?

A. Yes.

4. **Q.** Must a "guest" coach be certified?

A. No, but if the coach has contact with students more than three times in a sport season, the coach shall no longer be considered a "guest" and must be certified. A non-certified "guest" coach may not serve as a coach at a contest.

5. **Q.** May a school bring in alumni or other non-high school personnel to scrimmage with teams or individuals as "guest coaches" if those personnel are limited to student contact on no more than three occasions during the sport season?

A. No. The "guest coach" exception is intended to allow a limited number of visits by a guest instructor; it is NOT intended to allow coaches to bring in coaches or players to participate in drills or scrimmages against teams or individuals. Any attempt to circumvent the Participation Limitations by calling practice participants "guest coaches" would be a violation of OSAA rules.

6. **Q.** In individual sports, may a parent or non-certified coach accompany a participant to a contest as the school representative if that person is an authorized representative of the principal?

A. Yes, but the authorized representative may not coach the participant unless specific permission has been granted in writing by the Executive Director.

7. **Q.** Does the OSAA require high school coaches to have current first aid certification?

A. No. However, coaches should check with their athletic directors as most high schools have this as a requirement.

3. **CHARITABLE CAUSES** (*OSAA Handbook, Executive Board Policies*) (Fall 2012)

The OSAA is supportive of charitable initiatives and has developed guidelines in regards to an athletic competition being held in the name of a charitable cause. Schools may host a contest in recognition of a charitable cause under the following conditions:

- A. Uniform color must be legal under NFHS rules. Example: Breast cancer awareness pink uniforms would not be legal in sports that require white and dark uniforms because pale pink is neither. Pale pink would be a legal color uniform in sports that require LIGHT and dark uniforms.
- B. A permanently attached commemorative patch may be worn but must adhere to NFHS rules in each specific sport.
- C. Colored game balls may not be used during competition unless they are legal under NFHS rules. They may be used during any warm-up period prior to the contest, except in softball and baseball.
- D. Basketball Only: Pink headbands or wristbands, not legal under NFHS basketball rules unless pink is a school color, are allowed. Note that all team members must be uniform in color of headbands or wristbands.
- E. Officials may use a colored whistle.

4. **CONCUSSION MANAGEMENT** (*OSAA Handbook, Executive Board Policies*) (*Revised Fall 2015*)
(Concussion-Return to Participation Medical Release) **(Concussion-Return to Learn Medical Release)**
- A. **Member School’s Responsibilities (Max’s Law, [ORS 336.485](#), [OAR 581-022-0421](#)) (Jenna’s Law, [ORS 417.875](#))**
- 1) **Suspected or Diagnosed Concussion.** Any athlete who exhibits signs, symptoms or behaviors consistent with a concussion following an observed or suspected blow to the head or body, or who has been diagnosed with a concussion, shall not be permitted to return to that athletic contest or practice, or any other athletic contest or practice on that same day. In schools, which have the services of an athletic trainer registered by the Oregon Board of Athletic Trainers, that athletic trainer may determine that an athlete has not exhibited signs, symptoms or behaviors consistent with a concussion, and has not suffered a concussion, and return the athlete to play. Athletic trainers may also work in consultation with an appropriate Health Care Professional (see below) in determining when an athlete is able to return to play following a concussion.
 - 2) **Return to Participation.** Until an athlete who has suffered a concussion is no longer experiencing signs, symptoms, or behaviors consistent with a concussion, and a medical release form signed by an appropriate Health Care Professional (Physician (MD), Physician’s Assistant (PA), Doctor of Osteopathic (DO) licensed by the Oregon State Board of Medicine, nurse practitioner licensed by the Oregon State Board of Nursing, or Psychologist licensed by the Oregon Board of Psychologist Examiners) is obtained, the athlete shall not be permitted to return to athletic activity.
 - 3) **Private Schools Only.** **(Concussion-Private School Informed Consent)**
On an annual basis prior to participation, private schools shall require each student and at least one parent or legal guardian of the student to sign the Concussion – Private School Informed Consent form acknowledging the receipt of information regarding symptoms and warning signs of concussions. Private schools shall maintain a copy of each student’s signed form on file for review at any time by OSAA staff.
- B. **Official’s Responsibilities.**
An official shall remove a player from a contest when that player exhibits signs, symptoms or behaviors consistent with a concussion due to an observed or suspected blow to the head or body. The official shall document and notify the head coach or his/her designee making sure that the head coach or designee understands that the player is being removed for exhibiting signs, symptoms or behaviors consistent with a concussion as opposed to behavior, a non-concussive injury or other reasons. The official is not responsible for evaluation or management of the player after he/she is removed from play. The official does not need written permission for a player to return nor does the official need to verify the credentials of the appropriate health care professional who has cleared the player to return. The responsibility of further evaluating and managing the symptomatic player falls upon the school and appropriate health care professionals.
5. **EJECTION POLICIES – EJECTED PLAYER OR COACH** (*OSAA Handbook, Executive Board Policies*) (**Ejection Report**) (*Revised December 2016*)
- A. If a player or coach is ejected by an official, the commissioner of officials shall notify the OSAA and the athletic director of the school of the ejected player/coach by completing the **online ejection report** by the next workday. Ejected coaches must leave the contest immediately and shall remain out of “sight and sound” of the team for the duration of that contest and any other school contests that day. It shall be the responsibility of the school to disallow the ejected player or coach from participating during the period of suspension specified in the Regulations, regardless of whether written notification has been received by the school from the commissioner of officials. Should an ejected player participate or an ejected coach remain within “sight and sound” of the team during the period of suspension specified in the Regulations, and no appeal is pending, that action shall be considered use of an ineligible participant and shall result in forfeiture of that contest and other penalties as determined by the Executive Board.
 - B. **Additional Requirements Regarding an Ejected Coach.** In addition to the requirements previously listed in this policy, an ejected coach shall be required to complete the online NFHS course, “Teaching and Modeling Behavior”, within seven calendar days of the school being provided a license to take the course by the OSAA. Should a coach fail to complete the course requirement within the time limit stipulated in this policy, the ejection suspension shall be reinstated and the coach shall be ineligible to coach until the requirement has been fulfilled. Should an ejected coach remain within “sight and sound” of the team during the reinstated period of suspension specified in the Regulations, and no appeal is pending, that action shall be considered use of an ineligible participant and shall result in forfeiture of that contest and other penalties as determined by the Executive Board.
 - C. **Appeal Process.** If the principal or the Athletic Director of the ejected coach/player and the commissioner of officials agree that the suspension should be set aside, the principal may appeal to the Executive Director within

48 hours of the ejection to set aside the next game suspension portion of the penalty. Unless the commissioner agrees that the suspension should be set aside, the appeal must be denied by the Executive Director. If the Executive Director denies an appeal, that denial may be appealed to the Executive Board, which shall hear the appeal at its earliest convenience and issue a final ruling. Implementation of the next game suspension may be postponed during the time that an appeal is pending.

1. **Q.** When a player is ejected, may the player remain on the bench?
A. Yes. The player is required to sit out the remainder of the contest, but may remain on the bench.

3. **Q.** May a player sit on the bench during a period of suspension?
A. Yes, but the player must not be in uniform.

4. **Q.** May a coach have any contact with a team at a contest following an ejection or at the contest at which the suspension is served?

Further, the coach is allowed no direct or indirect contact with the team at the contest at which the suspension is served nor is the coach permitted to attend the contest at which the suspension is served.

5. **Q.** May a coach or participant who has been suspended at one level of competition (e.g. varsity) participate in a contest at another level during the period of suspension?

6. **Q.** May a coach or participant who has been suspended at one level of competition (e.g. varsity) serve the suspension in a contest at another level?
A. No.

7. **Q.** When a coach or player is ejected, when and over what period of time are the ejection period and suspension period?

A. No. The suspended coach must be “out of sight and sound” of the contest during which a suspension is served.
13. Q. If a player or coach is ejected during the last contest of the season, does the unserved suspension carry forward to a subsequent season?
A. No.
14. Q. In basketball, does the ejection of a player or coach as a result of receiving two technical fouls result in the player or coach being suspended through the next contest at that level?
A. Yes, a player or coach who is ejected as a result of receiving two technical fouls is ejected for the remainder of the day and must sit out through the next contest at that level.
15. Q. Does the contest from which a participant is suspended due to an ejection count against the individual contest limitation for the participant?
A. Yes.
16. Q. When a player or coach is ejected while acting as a spectator at a contest in the same sport in which the coach or player participates, but at which he or she is not serving as a player or a coach, does a period of suspension still apply?

17. Q. When a player or coach is ejected in one sport, may the player or coach participate or coach in another sport during the period of suspension?

19. Q. When a player or coach is ejected from an out-of-state contest, what appeals process is followed?
A. If the school of the ejected player or coach wishes to appeal to set aside the next game suspension portion of the penalty for the ejection, it is the responsibility of the school to contact the commissioner of the out-of-state officials association to obtain written information to submit to the OSAA in support of the appeal.
20. Q. **May a forfeited contest that is not actually played count toward the period of suspension for a player or coach?**

- A. Schools shall be assessed fines for ejections within specific sports programs. Each sport (e.g., Football, Boys Basketball, Softball) shall be tracked as separate and distinct for the purpose of calculating fines. When the first participant or coach in a sport is ejected, the school that the participant or coach is representing shall be assessed a \$50 fine by the Executive Board. A second ejection in the same sport during the same season shall result in the assessment of a \$100 fine, and each ejection thereafter in that sport during that season shall result in a fine to be increased by \$50 increments for each ejection without limitation.

Schools shall monitor the Heat Index for their geographic area prior to practices. Outlined below are the steps that each member school shall take in order to implement this policy. NOTE: Indoor activities where air conditioning is available are not bound by this policy.

- A. **Subscribe.** Athletic directors and coaches shall subscribe to OSAA Heat Index Notifications at <http://www.osaa.org/heat-index>. An OSAA Heat Index Alert is generated for areas where the forecasted high temperature and relative humidity indicate a forecasted heat index that may require practice modifications. Only those areas that have a forecasted heat index of 95 or higher receive alerts. Notifications are sent daily via e-mail and/or SMS to subscribers.
- B. **Designate.** Schools shall designate someone who will take the necessary steps to determine and record the heat index for your geographic area within one hour of the start of each team's practice. This is only necessary on days when the school receives an OSAA Heat Index Alert. Depending on practice schedules, it is possible that the designated person will have to record the heat index multiple times on the same day.
- C. **Calculate.** Within one hour of the start of each team's practice on days when the school receives an OSAA Heat Index Alert, the designated person shall utilize the OSAA Heat Index Calculator to determine the actual heat index.
- D. **Record.** If the actual heat index is 95 or higher, the designated person shall record it using the OSAA Heat Index Record or by printing out a copy to be kept at the school for inspection at the request of the OSAA. A separate record shall be kept for each fall sport at each level. Practice modifications, as necessary, shall also be recorded. If the actual heat index is less than 95, no action is needed.
- E. **Act.** If the actual heat index is 95 or higher, activity should be altered and/or eliminated using the following guidelines:

12. **SHARED FACILITIES** (*OSAA Handbook, Executive Board Policies*) (**Shared Facility Request**) (Fall 2015)

Member schools are permitted to share practice and/or competition facilities with other teams with prior approval from the OSAA. Schools requesting a shared facility are required to submit a “Shared Facility Request” for approval prior to the facility being utilized by different groups at the same time. This policy prohibits practice or competition to or between groups approved to share a facility. It is recommended that each team have their own coaching staff and that staggered practice times be utilized when possible.

13. **SPECTATOR CONDUCT AT OSAA SANCTIONED EVENTS** (*OSAA Handbook, Executive Board Policies*) (Revised Winter 2015)

In addition to the general expectations included in the OSAA Constitution, Rule 3, that school officials...shall take all reasonable measures to ensure that the school’s students and supporters maintain a sportsmanlike attitude toward all events... the following specific expectations regarding spectator conduct at all OSAA sanctioned events, including regular and post season competition, are provided:

- A. All cheers, comments and actions shall be in direct support of one’s team. No cheers, comments or actions shall be directed at one’s opponent or at contest officials. Some examples of inappropriate conduct or actions that are not permitted are: turning backs, holding up newspapers or jeering at cheerleaders during opposing team introductions; disrespecting players by name, number or position; negative cheers or chants; throwing objects on the floor.
- B. Spectators are not permitted to have signs or banners (larger than 8 ½ by 11 inches), confetti, balloons or glass containers. Fathead type items are considered signs and shall not be larger than 8 ½ by 11 inches. Spectators are required to wear shirts.
- C. Spectators are not permitted to have artificial noisemakers. Some examples of artificial noisemakers are Thunder Stix, cowbells, clappers and air horns.
- D. Spectators shall not be permitted to use vulgar/offensive or racially/culturally insensitive language. Spectators shall not be permitted to engage in any racially / culturally insensitive action.
- E. Spectators who fail to comply with Association or site management spectator conduct expectations may be expelled from the contest.

- 1. **Q.** May home team schools display signs and/or banners at their home venues?
A. Yes, home team schools may display permanent signs and/or banners that are positive/supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league/state championship banners and sportsmanship banners.
- 2. **Q.** May visiting schools bring signs and/or banners to hang at the host school’s venue?
A. No.
- 3. **Q.** Are run through signs allowed?
A. Yes, so long as the message is positive/supportive.
- 4. **Q.** May a school use an artificial noisemaker at specific times during athletic events?
A. In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.

5. **Q.** May spectators use small, handheld megaphones?
A. Yes, but only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.
6. **Q.** What are some examples of cheers that do not encourage a positive atmosphere?
A. Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. Air Ball! Air Ball! booing, You! You! You! or You Got Swatted! are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team's opponents.
7. **Q.** May students stand on the bottom row of the bleachers?
A. Yes, but when they sit down, they must be seated on the second row.
8. **Q.** May students cheer during serves in volleyball and free throws in basketball?
A. Yes, so long as they are just making noise and not specifically addressing a contest official or an individual player from the opposing team.
9. **Q.** May a school use balloons at an athletic event?
A. Yes, a host school may use balloons for decoration. However, fans may not have balloons, and balloons may not be placed by the school in any manner that would block spectator viewing.
10. **Q.** May a school use balloons at a state championship final site?
A. No.
11. **Q.** May spectators have oversized foam fingers at athletic events?
A. Yes, they are allowed so long as they are not blocking spectator viewing.

14. **STATE CHAMPIONSHIPS – RANKINGS** (*OSAA Handbook, Executive Board Policies*) (Revised Fall 2015)

The OSAA shall use a ranking system to place qualifying teams on to OSAA State Championship brackets in the following team sports: football, boys' soccer, girls' soccer, volleyball, boys' basketball, girls' basketball, baseball and softball. Specifics regarding the ranking system and its implementation are listed below.

- A. **Overall OSAA Ranking.** The overall OSAA ranking system shall be a combination of a Rating Percentage Index (RPI) system and the Colley Rating system. Each team will have an RPI Rank and a Colley Rank that will be averaged to create their overall OSAA Ranking. The Colley Rank will be used to break ties between teams with the same OSAA Ranking.
- B. **Rating Percentage Index (RPI).** Factors included are wins, losses, ties and location of the contest (home, neutral, away). Score differential and rewards/penalties for playing teams outside one's classification are not a part of the RPI system.
- 1) **Weighting of Contests.** The weight of a particular contest in the RPI system is determined by its location.
- | | | |
|----------------------|-----------------------|-------------------------------|
| Home Win – .8 of .8 | Road Win – 1.2 of 1.2 | Neutral Site Win – 1.0 of 1.0 |
| Home Tie – .4 of .8 | Road Tie – .6 of 1.2 | Neutral Site Tie - .5 of 1.0 |
| Home Loss – 0 of 1.2 | Road Loss – 0 of .8 | Neutral Site Loss – 0 of 1.0 |
- 2) **Percentage Breakdown.** The RPI system factors a team's weighted winning percentage (35%) and a team's opponents' winning percentage (65%) to create a team's RPI ranking.
- C. **Colley Rating.** This system is based on winning percentage, which is adjusted for a team's strength of schedule. Only games against opponents within the same classification are included in the formula. When this system is expanded to include all teams in a classification, a linear system is created with the same number of variables as there are equations. The result of the calculations is a rating for each team in the classification that measures the team's winning percentage against the strength of its opponents and the interactions of their opponents with all teams within the classification.
- D. **Results.** Wins and losses shall be included in the rankings for all team sports. Ties shall only be included for boys' and girls' soccer.
- 1) **Endowment Games.** Results from contests designated as Endowment Games shall be included.
- 2) **Independent Status Teams.** Results from contests that have been granted Independent Status by the OSAA shall be included.

- 3) **Forfeits.** Forfeits shall be included and counted as a loss for the forfeiting team and a win for the team receiving the forfeit victory. However, in the RPI system, computation of opponents' winning percentage (OWP) shall not include the results of any forfeits **where the result of the contest changes due to the forfeit.** Contests that have been legally played (using eligible players, etc.) shall not be counted as forfeits in the rankings, regardless of a league/district's standard operating procedures.
 - 4) **Out of State Teams.** In the RPI system, results from contests against out of state teams shall be included in a team's weighted winning percentage and a team's opponents' winning percentage only. Schools are strongly encouraged to utilize the Out-of-State Opponent form in order to have direct, regular contact with these teams.
 - 5) **Out of Country Teams.** In the RPI system, results from contests against out of country teams shall not be included, except for contests against teams who are members of NFHS Affiliate Associations (e.g. Canadian provinces, U.S. territories, etc.) which shall be treated like contests against out of state teams.
 - 6) **Contests vs. Teams Whose Classification's Rankings Are Frozen.** Results from contests involving any team whose classification's rankings are already frozen shall not be included in the rankings.
 - 7) **Contests vs. Teams More Than One Classification Away.** In the RPI system, results from contests added to a team's schedule after a certain date each season (**Fall – Sept. 13; Winter – Dec. 20; Spring – Apr. 4**) vs. a team more than one classification away shall not be included in the rankings. **NOTE:** bracketed contests at tournaments are not affected by this policy.
 - 8) **Contests Added After a Certain Date.** Results from contests added to a team's schedule after a certain date each season (**Fall – Sept. 27; Winter – Jan. 10; Spring – Apr. 11**) shall not be included in the rankings. **NOTE:** Contests not affected by this policy include bracketed contests at tournaments, league tiebreakers, and district/league tournaments. Schools may apply for an exception to OSAA Staff in extenuating circumstances.
 - 9) **Volleyball Pool Play.** Results from pool play in volleyball tournaments shall not be included.
 - 10) **1A Football.** Results from contests between 1A football teams (8-man) and other classifications shall not be included.
 - 11) **JV Teams.** Results from contests against JV teams shall not be included.
 - 12) **Alumni Teams.** Results from contests against alumni teams shall not be included.
 - 13) **Jamborees.** Results from jamborees shall not be included.
 - 14) **Cancellations.** Results from contests that are cancelled shall not be included.
- E. **Home/Away Designation.** Since the RPI system factors in where a contest is played, it is important that schools correctly designate this information when reporting schedules and results, especially for tournaments. Tournament play shall be considered a neutral site, except for contests played by the tournament host at its home venue. Baseball and softball contests, even those played as part of a tournament, shall not be listed as neutral due to the fundamental difference associated with being the home team in those sports (advantage of batting last).
- F. **Ranking Timelines.** The rankings for each team sport shall be available to the public through the OSAA website beginning with the first contest date of each sports season. Rankings shall be frozen on the following dates for each classification in each team sport:

Sport (includes all games played on that day)	6A	5A	4A	3A & 2A	1A
Volleyball - Rankings Freeze Date (10pm)	<i>Thurs, Oct. 19</i>	<i>Sat, Oct. 21</i>	<i>Tues, Oct. 17</i>	<i>Tues, Oct. 24</i>	<i>Mon, Oct. 23</i>
Soccer - Rankings Freeze Date (10pm)	<i>Sat, Oct. 21</i>	<i>Wed, Oct. 25</i>	<i>Tues, Oct. 24</i>	<i>Sat, Oct. 28</i>	<i>Sat, Oct. 28</i>
Football - Rankings Freeze Date (10pm)	<i>Fri, Oct. 27</i>	<i>Fri, Oct. 27</i>	<i>Fri, Oct. 20</i>	<i>Sat, Oct. 28</i>	<i>Fri, Oct. 27</i>
Basketball (Boys) - Rankings Freeze Date (10pm)	<i>Wed, Feb. 21</i>	<i>Fri, Feb. 23</i>	<i>Tues, Feb. 20</i>	<i>Sat, Feb. 17</i>	<i>Sat, Feb. 17</i>
Basketball (Girls) - Rankings Freeze Date (10pm)	<i>Thurs, Feb. 22</i>	<i>Sat, Feb. 24</i>	<i>Tues, Feb. 20</i>	<i>Sat, Feb. 17</i>	<i>Sat, Feb. 17</i>
Baseball/Softball - Rankings Freeze Date (10pm)	<i>Sat, May 12</i>	<i>Mon, May 14</i>	<i>Sat, May 12</i>	<i>Sat, May 19</i>	<i>Sat, May 19</i>

- G. **Breaking Ties in the Overall Rankings.** In the event of a tie in the final overall OSAA Rankings, the teams' Colley Rank will be used to break the tie. Although the Colley Ratings are displayed to the thousandths, the Colley Ratings shall be extended to as many digits as possible in order to break the tie. If a tie still exists then head-to-head competition shall decide the higher overall OSAA ranking. If a tie still exists, the RPI ranking shall be extended to as many digits as possible in order to break the tie. If that does not resolve the tie, the RPI ranking shall be extended to as many digits as possible for each of the following components in this order: winning percentage, weighted

winning percentage, opponents' winning percentage. If a tie still exists, a coin flip by the OSAA staff shall decide the higher overall OSAA ranking.

- H. **Home Games for League Champions.** League champions at the 6A, 5A, 4A, 3A, 2A and 1A classifications shall be guaranteed a home game in their first state playoff contest, provided that the league champion finished in the top 16 of the final frozen rankings. Only one team per league will be considered the league champion under this policy; ties must be broken by the league. League champions meeting this criterion shall be moved up in the rankings the least number of places in order to ensure a home game (e.g. a league champion ranked #13 in the final frozen rankings shall be moved up to #8 and affected teams will shift down accordingly). League champions not meeting this criterion shall not be moved.
- I. **Avoiding Same League Matchups in 1st Round.** The OSAA Staff shall make adjustments to the bracket to avoid teams from the same league matching up in the 1st Round. At the 1A level in volleyball and basketball, adjustments to the bracket shall be made beginning in the Round of 16 to avoid same league matchups. The following process shall be used:
 - 1) Always move the lower ranked team when a conflict occurs.
 - 2) Never take a home game away from a team when trying to resolve a conflict.
 - 3) Make a total of three moves for a team to try and fix the conflict.
 - 4) The three moves must move downward, if possible (e.g. #23 shifting with #24, #25, #26).
 - 5) If there is not room to move downward (e.g. #32 is the conflict in a 32-team bracket), then move upward.
 - 6) If the conflict is not resolved after a total of three moves, no change shall be made to fix the conflict.
- J. **Placing Teams on the OSAA Bracket.** Once any adjustments are completed per sections H and I above, teams shall be assigned an adjusted playoff ranking (APR) and placed on the bracket accordingly (e.g. 1-32, 1-16, etc.)

15. **WITHDRAWAL DURING A COMPETITION** (*OSAA Handbook, Executive Board Policies*)

- A. Removal of a team from competition prior to completion of that competition shall be considered a gross act of unsportsmanlike conduct.
- B. In such a case, the school shall forfeit the contest and an administrator and the coach responsible for the action shall appear before the Executive Board at its next regularly scheduled meeting. See **Executive Board Policies, "Withdrawal from State Championships"** for additional information.

Rule 3 – Contests – Sportsmanship – Crowd Control (*OSAA Handbook, Rules*)

- 3.1. The arrangement of all festivals, meets, contests or championships is the responsibility of the superintendent, assistant superintendent or high school principal, subject to the Regulations of the Association.
- 3.2. When a festival, meet, contest or championship is in progress, the National Federation of State High School Associations (NFHS) rules governing such activities shall apply, except for specific deviations as approved by the Executive Board.
- 3.3. **Sportsmanship Responsibility.** The high school principal, coach and other responsible officials of each member school shall take all reasonable measures to ensure that the school's coaches, players, students and supporters maintain a sportsmanlike attitude toward all events so that events may be conducted without unreasonable danger or disorder. All cheers, comments and actions shall be in direct support of one's team. No cheers, comments or actions shall be directed at one's opponent or at contest officials. Derogatory and/or unsportsmanlike language is not allowed. No player may be singled out by number, name or position with negative comments of any kind.

All such protests shall be referred to the Executive Board, which shall proceed as provided in Rule 4. In addition to any other action the Executive Board may take regarding a protest alleging a violation of this rule, the Executive Board shall have the power to cancel or re-schedule the event involved, or to impose conditions on conducting it.

Any school whose coaches, players, students, supporters, rooters or partisans take part in riots, fights, pilfering, painting or any other unsportsmanlike conduct shall be subject to penalty.

- 3.5. A member school shall not participate in any festival, meet, contest or championship with a school that has been suspended or expelled from the Association.
- 3.6. The Association shall conduct state championships as directed by the Delegate Assembly.
- 3.7. A school shall not be allowed to participate in more than one state championship in a given sport.

- 1. Q. Is the host school exclusively responsible for crowd control?

The visiting school also must take such measures as are necessary to insure proper behavior on the part of its own students and fans.
- 2. Q. May home team schools display signs and/or banners at their home venues?
A. Yes, home team schools may display permanent signs and/or banners that are positive / supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league / state championship banners and sportsmanship banners.

- 6. Q. May spectators use small, handheld megaphones?
A. Yes, but only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.
- 7. Q. What are some examples of cheers that do not encourage a positive atmosphere?
A. Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. Air Ball! Air Ball! booing, You! You! You! or You Got Swatted! are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team's opponents.
- 8. Q. May students stand on the bottom row of the bleachers?
A. Yes, but when they sit down, they must be seated on the second row.
- 9. Q. May students cheer during serves in volleyball and free throws in basketball?

- 11. Q. May a school use balloons at a state championship final site?
A. No.
- 12. Q. May spectators have oversized foam fingers at athletic events?
A. Yes, they are allowed so long as they are not blocking spectator viewing.

Rule 7 – Out-of-Season and Non-School Activities (OSAA Handbook, Rules)

- 7.1. Out-of-season festivals, meets, contests or championships shall not be permitted during the school year involving member schools of this Association unless special authorization is given by the Executive Board.

7.3. No member school or official representative of a member school shall condition participation in high school athletics on participation in non-school athletic events or workouts, including, but not limited to camps, leagues, and any form of organized out-of-season or summer competition. Further, no member school may give consideration to such participation when determining membership on, or participation in, high school competitive athletics.

1. Q. May a coach require participation on a non-school team including summer teams or use participation on a non-school team as a factor in selecting members of a school team or allowing full participation in team activities?

A. No to both questions. Participation on a non-school team is a personal choice of the student and his/her parents, and may not be required or even considered when selecting school team members or allowing full participation in team activities.

2. Q. May a coach require participation in out-of-season or summer workouts as a factor in selecting members of a school team or allowing full participation in team activities?

A. No.
