

The changes affect 3A and 2A primarily.

Started by leaving 1A alone. Took remaining 5 classifications, 205 schools, divided by 4, equalling about 51 teams per classification.
Made some slight changes up and down depending on the size of schools and geographic locations: 5A-47, 4A-52, 3A-48, 2A-58, 1A-88
Helps resolve issues of travel, lost class time, revenue, scheduling and league size while maintaining competitive balance
