

**As we are enjoying our Friday night lights, let's not forget the spirit safety rules keep both participants and coaches free from harm or liability.**

The NFHS Spirit Rules Book provides rules and safety limitations that should be followed by all cheerleading / dance / drill / pom and other spirit teams that stunt, tumble or use props as a base. The spirit rules should be followed while participants are in a supporting role at an interscholastic contest and during competition.

**Participants in football game/sideline activity must be limited to cheerleaders with the exception of exhibition during a half time, pre or post game period. (Rule 2-1-2)**

Youth or alumni cheerleaders shall not participate during game time activities.

**Appropriate Surfaces during football games:**

***Stunting, jumping or tumbling on a wet track is not considered an appropriate or safe surface! (Rule 2-1-7)***

Consideration of practice/performance surfaces are a vital component of risk minimization. The following skills are only allowed on a mat, grass or rubberized track surface

- Basket tosses, elevator/sponge tosses and other similar multi-base tosses. (Rule 3-5-3)
- Partner stunts in which the base uses only one arm to support the top person. (Rule 3-4-9)
- Twisting/tumbling skills (Arabians, full-twisting layouts, etc.) (Rule 3-8-6)
- EXCEPTION: Cartwheels, round-offs and aerial cartwheels are allowed on surfaces other than a mat, grass or rubberized track.

**Stunting while holding a run thru sign is illegal.** It is illegal for athletes to be in any stunt in this situation. The reason is that the close proximity of the other participants that are not cheerleaders makes stunting in this situation unsafe.

### General reminders:

#### Sportsmanship

Spirit participants should strive to boost school spirit; promote good sportsmanship; develop good, positive crowd involvement; and help student participants and spectators achieve the most worthwhile educational objectives of the interscholastic program. Spirit leaders can effectively neutralize negative environments at any interscholastic contests.

**The NFHS rules must be followed at all times (including team gatherings, car washes, camp, parades, fundraising, etc.). It is also important that team social media channels promote safe cheerleading.**
