Subject: Proposal

To: Mike Mills < mike.mills@imblersd.org >

Good morning Mr. Mills,

When reviewing the proposals put forth by the OSAA, it appears that the philosophy was to push up. The proposal would move larger 1A schools to 2A and larger 2A schools to 3A.

The alternate philosophy would be to keep larger 1A schools 1A. The same could be said for 2A and 3A. I am in support of this philosophy because it bolsters the 1A classification with traditional 1A schools and allows smaller 2A schools to choose in which classification they would want to compete.

This proposal also takes into consideration football. It is hard to classify any school without considering all sports. Classifications are fundamental for any athletic governing body, and all sports should be considered when making classifications.

In the attached proposal, you will notice that the 1A and 2A cutoff have increased, while 3A has remained the same. I believe this geographically makes sense for 1A-3A and takes into consideration many schools' needs.

I appreciate your service to 1A and thank you for all you do!
