# OSAA PRIORITIES FOR 2025-26

---

## STANDING PRIORITIES

**OPERATIONS** – Work collaboratively with our member schools and affiliated organizations (OACA, OADA, OAOA, OATS, SMAC, ODE, COSA, OSBA, NFHS, OMEA, DDCA, OCCA, etc.) to provide outstanding experiences for all involved in Oregon high school activities. Prioritize investments in technology and continuing professional development for our staff to keep Oregon at the forefront of state, regional, and national plans and initiatives.

**COMMUNICATIONS** – Effectively spread the message of who we are, what we do, and how we do it to our member schools, coaches, students, and community members. As the governing body of Oregon high school activities, it's vital to continue to engage in conversation around the positive aspects of education-based activities. Further develop policies and procedures to ensure high school activities are safe and welcoming for all.

**FINANCIAL** – Continue to monitor all aspects of our postseason events with the goal of providing memorable lifelong memories for all involved while being fiscally responsible, including adjustments to events when necessary. Protect the short-term and long-term financial stability of the Association by monitoring day-to-day operations.

**FOUNDATION** – Positively impact as many students and school communities as feasible through the OSAA Foundation through its varied programming. With the mission of *Enhancing the Future of Oregon High School Activities*, the Foundation's focus remains on getting students active, keeping them safe, promoting the great things our schools and students are achieving, and removing barriers for students to fully participate in high school activities in our state.

## 2025-26 PRIORITIES

Engage the membership and general public through the Classification and Districting and State Championship Committees. Ensure that all input received is thoroughly reviewed and considered in a transparent process. Review priorities for assignment of special districts across all sports/activities. Effectively incorporate the changes/recommendations made by both the Petition to Play Down Task Force and through the Championships Threshold Task Force across all sports/activities.

Continue the work of the Transfer/Eligibility Task Force and take action to address concerns expressed by member schools by making changes to rules and policies in this area. Make needed adjustments to required forms, including electronic options, to better track the number and frequency of transfers, both eligible and ineligible, across the state. Explore implementation of a comprehensive student data collection system to better understand the demographics of our membership and to help to make more informed rulemaking decisions.

Work directly with members of the Student Advisory Council to enhance their visibility and impact on the Association as a whole. Continue to provide student leadership opportunities like the Captains Camp to schools and students statewide to provide opportunities for students to practice what they are learning.

Provide additional resources, training, and reporting mechanisms to schools and officials' associations focused on preventing, responding, and restoring to bias incidents. Continue to educate our ever-changing coaches and administrators regarding expectations when hosting an interscholastic contest to positively impact the environments connected to all sports/activities.

## Proposal to Amend Article 5.8. – Executive Board - Vacancy

(Action Item)

**QUESTION:** *Should the Executive Board propose an amendment to Article 5.8. – Executive Board – Vacancy to the Delegate Assembly that would clarify the process when there’s a vacancy for an appointed position on the Executive Board?*

**RATIONALE:** In 2022 changes were made to the composition of the OSAA Executive Board that included three at-large representatives (6A/5A, 4A/3A, and 2A/1A). Specific language for how to address a vacancy to one of those positions wasn’t updated accordingly. This change would align the article with the current practice for a vacancy for an appointed position on the Executive Board.

**RULE CHANGE SPONSORED BY:** OSAA Executive Board

**NEXT STEP IF PASSED:** Forwarded to the October Delegate Assembly Meeting

### POSSIBLE RULE CHANGES:

<p>KEY: <b>Add</b></p> <p><del>Delete</del></p>
---

### Article 5 – Executive Board

#### 5.8. Vacancy.

- 5.8.1. A vacancy shall be declared by the Executive Director when any member of the Executive Board resigns, moves from the area or classification they represent, no longer serves in a position described in Article 5.1., dies or becomes incapacitated, withdraws or otherwise becomes disqualified from the teaching profession, or when there is a lapse of membership or suspension of the school employing said member.
- 5.8.2. A vacancy ***for an elected position*** may be filled, if it occurs more than 90 days prior to the next regularly scheduled Delegate Assembly meeting, by appointment by the remaining members of the Executive Board. Such appointments shall be temporary, and the appointee will serve until the next meeting of the Delegate Assembly, at which time all temporary appointments shall be filled by election.
- 5.8.3. ***A vacancy for an appointed position shall be filled by appointment by the remaining members of the Executive Board at their next scheduled meeting.***

## Proposal to Amend Rule 6.3 (e) – Emerging Activities

(Action Item)

**QUESTION:** Should the Executive Board propose an amendment to Rule 6.3. – Emerging Activities to the Delegate Assembly that would clarify how the Association will support an activity while in Year 1 and Year 2 of emerging status?

**RATIONALE:** This helps the activity and the Association staff understand what is going to be expected of the activity in each given year of the emerging activity process.

**RULE CHANGE SPONSORED BY:** OSAA Executive Board

**NEXT STEP IF PASSED:** Forwarded to the October Delegate Assembly Meeting

**POSSIBLE RULE CHANGES:**

<p>KEY: <b>Add</b></p> <p><del>Delete</del></p>
---

### 6.1. *Emerging Activities.*

- 6.3.1.** The purpose of this rule is to grow meaningful interscholastic participation opportunities for students in athletics and activities that have the potential to meet the required number of schools participating to be considered for official sanctioning by the OSAA.
- 6.3.2.** Listed below are the steps required to request designation as an Emerging Sport/Activity and the timeline involved. Any sport/activity that meets these requirements must successfully complete a two-year provisional period before consideration for adoption as an officially sanctioned sport/activity. At the end of the two-year provisional period, the sport/activity committee shall report back to the Delegate Assembly to summarize the progress that has been achieved. The Delegate Assembly then has the option to vote to officially sanction the sport/activity, keep the sport/activity in provisional status, or remove it from the list of emerging sports/activities.
  - (a) Have at least 25 member schools participating in the sport/activity and/or written indication from schools willing to offer the sport/activity on a provisional basis.
  - (b) Submit a request to the Delegate Assembly for approval under the same criteria listed in Rule 6.5. Contest limitations, individual player limitations and the applicable season of participation will be determined and specified in the approval by the Delegate Assembly.
  - (c) If approved, the sport/activity will be listed as an emerging sport/activity in the OSAA Handbook and registration in the sport/activity will be offered.
  - (d) If approved, a committee shall also be formed to help determine specific rules and any other necessary information for the sport/activity.

**RATIONALE:** House Bill 3007 and OAR 581-021-3007 were recently passed and puts requirements on Oregon public education providers. This amendment brings OSAA policy in alignment with these new requirements.

**RULE CHANGE SPONSORED BY:** Adhering to recently passed legislation and OAR.

### CONCUSSION MANAGEMENT

(Revised Summer 2020)

A. **Member School's Responsibilities** (Max's Law, [ORS 336.485](#), [OAR 581-022-0421](#)) (Jenna's Law, [ORS 417.875](#)) (Qualified Health Care Professional, [ORS 336.490](#))

- 1) **Suspected or Diagnosed Concussion.** Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion following an observed or suspected blow to the head or body, or who has been diagnosed with a concussion, shall not be permitted to return to that athletic contest or practice, or any other athletic contest or practice on that same day. In schools which have the services of an athletic trainer licensed by the Oregon Board of Athletic Trainers, that athletic trainer may determine that an athlete has not exhibited signs, symptoms, or behaviors consistent with a concussion, and has not suffered a concussion, and return the athlete to play. Athletic trainers may also work in consultation with a Qualified Health Care Professional (see below) in determining when an athlete is able to return to play following a concussion.
- 2) **Return to Participation.** Until an athlete who has suffered a concussion is no longer experiencing signs, symptoms, or behaviors consistent with a concussion, and a medical release form signed by a Qualified Health Care Professional (*as defined in [ORS 336.490](#)*) is obtained, the athlete shall not be permitted to return to athletic activity. ***All Oregon Qualified Healthcare Professionals, other than MD or DO, must complete the Oregon Concussion Return-To-Play Education course before signing any RTP forms.*** ~~As of July 1, 2020, [ORS 336.490](#) requires athletes be cleared by one of these Oregon Qualified Healthcare Professionals: Medical Doctor (MD), Osteopathic Doctor (DO), Chiropractic Doctor (DC), Naturopathic Doctor (ND), Nurse Practitioner (NP), Physician Assistant (PA), Physical Therapist (PT), Occupational Therapist (OT) or Psychologist who is licensed or registered under the laws of Oregon. Before signing any RTP forms, except for MD and DO signers, course completion certificates from the Oregon Concussion Return To Play Education must be obtained by all DC, ND, PT and OT and, after July 1, 2021, by all NP, PA, and Psychologists.~~
- 3) **Public Education Providers Only.** [ODE Return to School after a Concussion or Other Brain Injury Resources](#)

*In alignment with [HB 3007](#) and [OAR 581-021-3007](#), Oregon public education providers are required to:*

- a) Ensure that all students have access to a Brain Injury Management Team to assess needs, implement supports, and monitor recovery through ongoing collaboration with families.*
- b) Follow the [Oregon Department of Education's \(ODE\) Brain Injury Procedures](#) and use an [Immediate Temporary Accommodations Plan \(ITAP\) form](#).*
- c) Implement an [ITAP](#) within 10 school days of receiving written medical documentation of a brain injury. Schools may determine accommodations while awaiting complete documentation.*

**NOTE:** [HB 3007](#) and [OAR 581-021-3007](#) do not conflict with or change Max's Law and Jenna's Law.

4) **Private Schools Only.**      [\(Concussion-Private School Informed Consent\)](#)

On an annual basis prior to participation, private schools shall require each athlete and at least one parent or legal guardian of the athlete to sign the Concussion – Private School Informed Consent form acknowledging the receipt of information regarding symptoms and warning signs of concussions. Private schools shall maintain a copy of each athlete's signed form on file for review at any time by OSAA staff.

B. **Official's Responsibilities.**

An official shall remove an athlete from a contest when that athlete exhibits signs, symptoms, or behaviors consistent with a concussion due to an observed or suspected blow to the head or body. The official shall document and notify the head coach or their designee making sure that the head coach or designee understands that the athlete is being removed for exhibiting signs, symptoms, or behaviors consistent with a concussion as opposed to behavior, a non-concussive injury, or other reasons. The official is not responsible for evaluation or management of the athlete after they are removed from play. The official does not need written permission for an athlete to return nor does the official need to verify the credentials of the Qualified Health Care Professional who has cleared the athlete to return. The responsibility of further evaluating and managing the symptomatic athlete falls upon the school and an appropriate Qualified Health Care Professional.

## Activities Cooperative Sponsorship Proposal

(Action Item)

**QUESTION:** Should the Executive Board allow large schools (5A & 6A) to have cooperative sponsorships in activities but only receive feedback (not scores) and not compete or qualify for the state championships?

**RATIONALE:** To align all OSAA activities.

**RULE CHANGE SPONSORED BY:** OSAA

**NEXT STEP IF PASSED:** The OSAA Handbooks will be updated to reflect the following changes;

### OSAA Handbook

#### 15. COOPERATIVE SPONSORSHIP (Cooperative Sponsorship Application) (Revised May 2022)

For two or more schools to qualify for cooperative sponsorship as permitted in Article 6.5., they must meet the following requirements:

- A. **Who May Apply?** Only full member schools may apply for cooperative sponsorship, not families or individuals. Cooperating schools should be located in the same geographic area. Schools requesting cooperative sponsorship approval should make every effort to co-sponsor an activity with the nearest school that also has difficulty sponsoring the activity by itself. Cooperative sponsorship shall be considered only for 4A, 3A, 2A and 1A schools.

**EXCEPTION:** The Executive Board also may approve cooperative sponsorships involving 4A, 3A, 2A or 1A schools with a 6A or 5A school if the 4A, 3A, 2A or 1A schools are located in an isolated area, are unable to find a closer 4A, 3A, 2A or 1A school willing to enter into a cooperative sponsorship agreement, or if the two schools are physically housed in the same building where students take classes together.

**EXCEPTION: In Activities Only – 6A Schools or schools whose combined ADM would classify them as 6A, may apply for a cooperative sponsorship and if approved may participate and receive feedback (not scores) at OSAA sanctioned events but are not eligible for state championships.**

## Proposal to Amend Board Policy Practice Limitation Rule (6A, 5A, 4A)

(Action Item)

**QUESTION:** Should the Executive Board adjust the Practice Limitation Rule terminology of the word Open to the word Instructional?

**RATIONALE:** The staff has been inundated with questions from the 6A, 5A, and 4A schools on what can take place during the Open period. By changing the terminology, the goal is to clarify for schools when direct instruction can take place, we are editing the terminology OPEN with the word INSTRUCTIONAL.

**PRACTICE LIMITATION RULE (6A, 5A, 4A)**

***(Revised July 2022)***

C. **Closed** Period. The Closed Period for out-of-season team sports begins on the first practice date of each Fall, Winter, and Spring season. Dates shall follow the NFHS Numbered Calendar, as adopted by the OSAA. The Closed Period shall last six weeks. During the six-week Closed Period conditioning is the only activity allowed between out-of-season coaches and student(s) from their high school. Conditioning is defined as a session where students work on physical fitness and conditioning by use of weights, running, and/or exercises. Conditioning does not allow for the use of individualized and specialized sports equipment or apparatus, including but not limited to balls, bats, protective equipment, blocking dummies, batting cages, charging sleds and other implements related to specific OSAA activities. Participation in conditioning activities must be optional.

D. ~~Open~~ **Instructional** Period. The ~~Open~~ **Instructional** Period for all out-of-season team sports begins on the first practice date of each season Monday following the six-week Closed Period and ends when the next OSAA defined season begins. Dates shall follow the NFHS Numbered Calendar, as adopted by the OSAA. Fundamental skill development with an unlimited number of the school's student-athletes is allowed for a maximum of six hours each week per program. All open facility times shall be included in the weekly limitation. It shall be a violation of the Practice Limitation Rule (6A, 5A, 4A) if there is any attempt by a coach during the ~~Open~~ **Instructional** Period to coach student-athletes from their high school in a contest in the activity they coach at that high school. For the purpose of this rule, a contest is any event (practice, scrimmage, game, etc.) that involves anyone other than the students at your high school. While boys' and girls' basketball (and soccer) are examples of the same sport, for the purpose of this rule they are considered different activities. Participation in ~~Open~~ **Instructional** Period fundamental skill development and/or conditioning must be optional. NOTE: The use of football protective equipment is prohibited from the conclusion of a school's regular and/or post-season until the end of the Association Year as outlined in Rule 6.7. This does not prohibit an individual student from using football protective equipment owned by the school when attending camps/clinics not organized by any member school personnel.

### 3.m.

1. Q. Under the Practice Limitation Rule (6A, 5A, 4A), may a coach work on fundamental skill development with two students a day as was allowed previously?

A. Yes, but only during the ~~Open~~ **Instructional** Period. During the ~~Open~~ **Instructional** Period coaches may work with an unlimited number of students on fundamental skill development for a maximum of six hours each week per program. All open facility times shall be included in the weekly limitation. During the Closed Period coaches are prohibited from working on fundamental skill development with any students.

2. Q. Under the Practice Limitation Rule (6A, 5A, 4A), may students who do not currently attend your school and/or students planning to transfer to your high school participate in fundamental skill development during the ~~Open~~ **Instructional** Period?

A. No. Only full-time students currently attending your school, or students eligible to participate for your school via Rule 8.5 School Representation, are allowed to participate in fundamental skill development during the ~~Open~~ **Instructional** Period.

3. Q. Under the Practice Limitation Rule (6A, 5A, 4A), is a coach allowed to coach student-athletes from their high school in a contest during the Association Year outside their sport season in the activity they coach at that high school?

A. No.

4. Q. Under the Practice Limitation Rule (6A, 5A, 4A), are coaches allowed to work on fundamental skill development with their students during the ~~Open~~ **Instructional** Period. and organize their students to participate in contests while being coached by someone else?

A. No.

5. Q. Under the Practice Limitation Rule (6A, 5A, 4A), how does the maximum of six hours each week per program work during the ~~Open~~ **Instructional** Period?

A. Any fundamental skill development involving a coach and any number of students from the coach's school in the activity they coach at that high school counts toward the maximum of six hours each week per program (football, girls' basketball, boys' basketball, etc.). A week is defined as Monday-Sunday. All open facility times shall be included in the weekly limitation. General weight training and conditioning may take place prior to or after fundamental skill development and that time does not count towards the maximum six hours per week.

6. Q. Are open gyms still permissible under the Practice Limitation Rule (6A, 5A, 4A)?

A. Yes, provided they occur during the ~~Open~~ **Instructional** Period, and fall within the maximum of six hours each week per program. The terminology has been changed to "open facility" and is applicable to gymnasiums, fields, tracks, etc.

7. Q. What are the penalties if a high school coach violates the Practice Limitation Rule (6A, 5A, 4A) by coaching members of their team during the Closed Period, or in an out-of-season contest?

A. Rule 5, "Violations of Regulations – Penalties" – outlines violations of rules and penalties. As outlined in Rule 5.2., violations of any rule of the OSAA could include probation, forfeiture, fines, suspension, or expulsion from the Association. The Executive Board will determine the penalty.

8. Q. Is a school in violation of the Practice Limitation Rule (6A, 5A, 4A) if an unpaid volunteer coach coaches both the high school team and an out-of-season team during the OSAA year?

A. Yes, this would be a violation. The Practice Limitation Rule (6A, 5A, 4A) applies to any coach associated with a high school program (paid, volunteer, etc.).

9. Q. Under the Practice Limitation Rule (6A, 5A, 4A), may two high school coaches “trade” teams and coach each other’s teams in an out-of-season contest, or may a person coach a high school team and then arrange for their parent/spouse/family member to coach the out-of-season club team during the Association Year?

A. No. The intent of the rule is to provide high school coaches with more opportunities to teach fundamental skill development during specified times during the Association Year.

10. Q. A coach of a high school team arranges for a parent/spouse/family member to coach that same team in an *out-of-season* contest during the Association Year. Is this legal under the Practice Limitation Rule (6A, 5A, 4A)?

A. No, this would be considered a violation.

11. Q. Under the Practice Limitation Rule (6A, 5A, 4A), may a high school coach work with a group of 9th graders before they turn out for a sport?

A. Yes, provided it occurs during the ~~Open~~ **Instructional** Period.

12. Q. Under the Practice Limitation Rule (6A, 5A, 4A), may a high school coach conduct tryouts prior to the end of the Association Year?

A. Yes, provided that the tryouts don’t include students from the coach’s high school in the activity they coach. Coaches may conduct tryouts for non-high school students, students from other high schools, and/or students from the coach’s high school in an activity they don’t coach.

13. Q. Under the Practice Limitation Rule (6A, 5A, 4A), may students serve as demonstrators at a clinic or camp at which their school coach is making a presentation outside of the OSAA season for that sport?

A. Yes, but with these restrictions - 1) The clinic or camp occurs during the ~~Open~~ **Instructional** Period. 2) All participants at a clinic or camp are non-high school. 3) Each school is limited to only one clinic or camp to which this interpretation applies per program per school year. 4) Clinic or camps to which this interpretation applies may be no more than two days in length.

14. Q. Under the Practice Limitation Rule (6A, 5A, 4A), may a coach own a club on which there are teams, which includes members of their school?

A. Yes, but the coach may not personally coach a team with members of their school in the activity they coach at that high school during the Closed Period. During the ~~Open~~ **Instructional** Period the coach may conduct fundamental skill development and/or conditioning but may not coach members of *their school* in a contest in the activity they coach at that high school.

15. Q. May a coach be present at a camp, clinic, or practice during the Closed in the activity they coach at that high school if their high school students are attending as participants?

A. No, a coach may not attend as an instructor or observer.

16. Q. Would it be a violation of the Practice Limitation Rule (6A, 5A, 4A) for a coach to teach members of the high school program in a sport-specific class outside of the season for that sport during the Association Year?

A. No, so long as the sport-specific class meets the following conditions: 1) The coach must be the teacher of record for the sport-specific class, and 2) The sport-specific class must be part of the regular school curriculum for which credit is granted, and 3) Enrollment in the sport-specific class must not be limited to team members.

17. Q. Would it be a violation of the Practice Limitation Rule (6A, 5A, 4A) if a school was to offer a sport specific class for which the coach is not the teacher of record, and the coach was allowed to attend the class as a guest and teach sport specific skills to members of the high school program outside of the season for that sport during the Association Year?

A. Yes.

18. Q. At what point does the OSAA consider a person to be a school's coach?

A. Once a person and a school have verbally agreed that the person will perform coaching duties for the school, they are considered to be that school's coach by the OSAA. At that time, all OSAA policies are in effect for that coach until such time that the coach resigns or is notified by the school that they are no longer a coach for that school.

19. Q. May a returning coach work with students outside their designated sports season since the coach is working under a one-year contract and has not signed a contract for the coming year?

A. No. Once a person becomes a school's coach, the OSAA considers that person to be a coach for the school until such time that the coach resigns or is notified by the school that they are no longer a coach for that school. Coaches who resign and are then brought back in a coaching capacity by the same school in an attempt to circumvent OSAA policy are subject to penalties as outlined in Rule 5, "Violations of Regulations - Penalties."

20. Q. A school is conducting interviews for a vacant coaching position. Is the interviewee allowed to conduct a practice in part of the interview process?

A. Yes, but the trial practice session shall be no longer than 30 minutes in length.

21. Q. Under the Practice Limitation Rule (6A, 5A, 4A), may a high school coach work with their own children during the Closed Period?

A. Yes, a coach may work with their own children at any time.

22. Q. May a high school coach be present as a spectator at an out-of-season club team contest if their high school student(s) are participating on the team?

A. Yes, this is allowed during both the Closed and ~~Open~~ **Instructional** Period.

23. Q. During the Closed Period may a high school facility be used by an out-of-season student from that high school?

A. Yes, provided no coach from that school organizes the usage, is involved in it or is in attendance.

24. Q. During the Closed Period, may a high school facility be used by an out-of-season coach to hold an out-of-season event or open facility?

A. Yes, provided no student from their high school is present.

25. Q. Are activities such as futsal (soccer), beach volleyball, 7-on-7 football, 3-on-3 basketball etc. considered equivalent to activities sanctioned by the Association?

A. Yes, these and others related to a sanctioned activity are considered equivalent by the Association.

### **OREGON WRESTLING WEIGHT MONITORING PROGRAM**

#### ➤ **GROWTH ALLOWANCE**

- CURRENT: A 2lb growth allowance will be added to each weight class on the second Sunday in January.
- NEW: December 25
- *Rationale: Aligns Oregon's growth allowance with neighboring states. Uses a standard date that is easy for coaches and athletes to remember. Will be helpful for large tournaments over the holiday break.*

#### ➤ **INDIVIDUAL SEASON LONG WEIGHT LOSS PLAN**

- Current: Any wrestler whose body fat was assessed below 7% males and 12% females at the time of initial assessment shall not use the growth allowance granted in Part V of the policy to achieve a lower minimum wrestling weight.
- New: Remove the restriction for athletes on Physician's Clearance
- *Rationale: Aligning with many other states in US. Allows for athletes with lower body fat to actually gain weight and still access the lower weight class.*

#### ➤ **WEIGH-INS**

- Current: Prior to any weigh-in during the regular season each school is required to provide a roster containing a listing of their potential wrestlers and the two eligible weight classes for each wrestler on that competition date. Each wrestler's actual weight and weight class of participation that day will be recorded on the school's roster and submitted to the represented school's Athletic Director directly after the conclusion of the event.
- New: Require Coaches to input weigh-ins directly to the online Optimal Performance Calculator (OPC) within 48 hours or prior to the next contest, whichever comes first.
- *Rationale: Holds coaches and athletic directors more accountable to make sure athletes are following their descent plan.*

#### ➤ **OUT OF STATE COMPETITION**

- Athletes may compete at the eligible weight class based on their weigh-in and their season-long weight loss plan.
- WEIGHT CLASSES OF PARTICIPATION – The season-long weight loss plan will determine which weight classes a wrestler may participate at each week.
- *Rationale: Consistent enforcement of a policy that has been unclear in the past.*
