FROM: Kyle Stanfield, Assistant Executive Director  
Brad Garrett, Assistant Executive Director

SUBJECT: Update on the Proceedings of the Classification and Districting Committee

The Classification and Districting Committee for the 2018-2022 four-year time block held its eleventh public meeting at the OSAA Offices in Wilsonville on August 28, 2017 to receive testimony and review written communication thus far received.

The Committee initially met in a closed work session to review written correspondence received since the last meeting. Once the public meeting began, Classification and Districting Committee Chair Curt Shelley and OSAA staff members Peter Weber and Kyle Stanfield addressed those assembled. The three welcomed those assembled, reminded them of the meeting proceedings, future meeting dates and their goals after the meeting concluded. Kyle Stanfield also reviewed the charge of the committee, specifically the four items the Committee must first consider when placing schools (9.2.1(d)1 a, b, c, d).

The group received testimony from 19 representatives from schools and leagues. The Committee then adjourned to a closed work session to review and discuss the testimony and written correspondence.

During the work session, the Committee spent considerable time discussing both the written and verbal testimony received. The Committee is moving forward with establishing the cutoff points for the six-classification structure. Schools are reminded that until the final recommendation is forwarded to the OSAA Executive Board for review and adoption, the cutoff points are variable and could change again before the Committee recommendation is finalized.

Through the June meeting the Committee was working off 2015-16 ADM numbers. In late August, the OSAA received 2016-17 ADM numbers from the Oregon Department of Education along with the free lunch information. The staff applied the computation methods listed in Article 6 prior to the meeting for the Committee to review. The Committee was able to review the new ADM numbers following the public meeting and used them in Draft #19 (attached).

Below is a summary of cutoff point information and other notes related the proposal after these modifications.

#### Draft #19 – 6 Classifications

This draft makes changes to some cutoff points from Draft #18. In general, the Committee attempted to find gaps between classifications that will allow for some enrollment fluctuation by schools moving forward into the timeblock.

1A - The 1A level's cutoff was moved from 95 to 89. This move allowed minimal movement between the 2A and 1A from previous proposals and helped keep an adequate number of teams in the 2A-6 Wapiti League. Echo was moved to the Big Sky League in order to help balance the number of competing teams.

2A – The 2A's bottom cutoff was moved to 90. The geographic exception that was given to Lakeview on Draft #18 was removed as they now fit within the cutoff points for the 2A level.

3A – The Committee changed the top number of the 3A from 365 to 349. A proposal from Horizon Christian (Tualatin) to increase the number of 3A leagues was discussed but the group felt there were too many schools moved by the new ADM figures to support that alignment at this time.

4A – The Committee modified the bottom number of the 4A to 350. Additionally, the top number of the 4A was lowered to 664. Slight changes to league alignments in the northern Willamette Valley were made in attempt to balance leagues. A proposal from Junction City to have two super leagues in this region was discussed but Committee members didn't feel they had enough input from member schools to recommend that approach at this time.

5A – The Committee changed the bottom number of the 5A classification to 665.

6A – The Committee spent a considerable amount of time reviewing where to place the Bend Schools in the 6A classification. The Committee reviewed potential placements with Southern Oregon/Eugene schools, Salem schools and East Portland schools. After lengthy conversation, the Committee reached consensus that the three Bend schools fit best within the Greater Valley Conference when reviewing the four criteria of placement. Though it has become evident that no current league is all that interested in adding the three Bend schools, the group believes that choosing the shortest of the three travel options makes the most sense. The committee then made minor changes to league alignments in keeping with recent athletic district history.

The Committee understands that not all of the moves made and placements of schools are going to be ideal for each individual school itself. The Committee’s charge is to review placements for all 290 schools within the OSAA for the next four-year time block.

With such immense time spent on the current structure and classifications, the Committee was not able to effectively tackle the concept of different classifications in the sport of football. The Committee recommends that the OSAA Executive Board take action in putting together a committee of invested football minds to look at the future of the sport in Oregon and if it should be in a different classification structure than is presented in Draft #19. At the very least, a conversation about special districts will need to occur in several classifications. The Committee feels strongly that the sport of football is different and with declining participation and the dropping of programs throughout the state that it is time to review if a different approach should be used.

The Committee has one final public meeting on Monday, September 25 at the Al Kader Shiners Building in Wilsonville (adjacent to the OSAA offices). The final opportunity for public testimony will be on Monday, October 16 when it is presented to the OSAA Executive Board and Delegate Assembly for adoption.

**Written suggestions and proposals on these issues, as well as other classification related subjects should be mailed or emailed to the OSAA ([bradg@osaa.org](mailto:bradg@osaa.org))** Any communication received by the OSAA will be shared with all committee members for review and discussion.

The Committee appreciates your support and encourages your participation in this process. Please do not hesitate to contact Kyle Stanfield ([kyles@osaa.org](mailto:kyles@osaa.org)) or Brad Garrett ([bradg@osaa.org](mailto:bradg@osaa.org)) at the OSAA if you have any questions.

A full list of meeting dates, Committee Roster, Charge to the Committee and previous Updates are available at the OSAA website: <http://www.osaa.org/governance/committees#classification-and-districting-committee>

**PETER WEBER**  
EXECUTIVE DIRECTOR  
EXT 231  
peterw@osaa.org

TO: Superintendents, Principals and Athletic Directors  
FROM: Peter Weber, Executive Director  
SUBJECT: 2016-17 ADM Figures

**BRAD GARRETT**  
ASST. EXECUTIVE DIRECTOR  
EXT 229  
bradg@osaa.org

The OSAA has completed its computation of the 2016-17 ADM Figures. The information was compiled using data supplied by the Oregon Department of Education and OSAA member schools. The following is from the OSAA Handbook, Article 6.3 describing the computation of ADM formula.

**CINDY SIMMONS**  
ASST. EXECUTIVE DIRECTOR  
EXT 227  
cindys@osaa.org

**6.3. Computation of ADM.** A school's ADM for the purpose of classification shall include the school's base number minus the school's SES factor.

**6.3.1. Base Number.** A school's base number shall include the following:

(a) **Public High Schools.**

- (1) ADM for grades 9-12 as reported by the Oregon Department of Education for the previous school year, plus
- (2) All students that participated for the school in the previous school year that did not attend the school (home school students, Associate Member school students, and students at private schools that do not offer an activity).

(b) **Private High Schools.**

- (1) ADM for grades 9-12 as reported by the private school to the OSAA (average of actual enrollment for four dates during the previous school year).
- (2) All students that participated for the school in the previous school year that did not attend your school (home school students).

**NOTE:** For a non-coeducational school, the ADM shall be doubled to determine the classification figure.

**6.3.2. SES Factor.** A school's socioeconomic (SES) factor shall be subtracted from a school's base number to create an adjusted base number. The SES factor shall be determined by:

- (a) **Public Schools.** Using the school's free lunch number as reported by the Oregon Department of Education, multiplied by 25%.
- (b) **Private Schools.** Using the school's free lunch number as reported by the private school to the OSAA, multiplied by 25%. The OSAA shall verify that private schools are following the same household size and income guidelines required by the Oregon Department of Education.

These numbers will be used by the Classification and Districting Committee to recommend placement of schools into classifications for the time block starting in 2018-19.

The OSAA uses the [Child and Adult Care Food Program/Summer Food Service Program Report](#) from the Oregon Department of Education to calculate free lunch percentage. This is the most up to date version of this computation according to ODE.

Please contact any Executive Staff member with questions.
