SUBJECT: Update on the Proceedings of the Classification and Districting Committee

The Classification and Districting Committee for the 2026-30 four-year time block held its second public meeting at the OSAA office in Wilsonville on September 8, 2025, to receive testimony and review written correspondence thus far received. The Committee will be utilizing a hybrid format for all meetings that allows both committee members and those seeking to provide input the option of participating in-person or via webinar. The public portion of all meetings will be streamed live and archived to the OSAA YouTube channel.

After Committee and staff introductions, the group received a brief review of the Committee's standing charge and additional charges from the OSAA Executive Board, along with a review of the timeline and an explanation of the meeting and testimony procedure. The reviews were conducted by OSAA Executive Director Peter Weber and Committee Chair Iton Udosenata, Superintendent of Tigard-Tualatin School District.

The Committee received testimony from nine people, all in-person. The Committee then adjourned to a closed work session to review and discuss the testimony, along with written correspondence received in advance of the meeting.

- The Committee wants to remind the membership that all play up, play down, cooperative sponsorships, and independent status petitions dissolve with every time block (i.e. the end of this school year). OSAA Staff will be reaching out to schools that may meet criteria for play down consideration. Schools wishing to submit a [Petition to Play Up](#) or [Petition to Play Down](#) request should do so by **October 1** to give the Executive Board and Committee time to review and act as needed.
- The Committee has created **Draft #3 – 6 Classification and is seeking feedback on the cutoff points, league alignments and school placement.** **Please note that this is a draft proposal and is not a final recommendation.** This alignment tries to keep the current 6-classification structure as best as possible. In comparison to Draft #1 – 6 Classifications, the changes include, but are not limited to, honoring one play up request and adjustments to cutoff numbers for the 3A and 4A classifications. There are also updated league alignments in 5A, 4A, 3A, and 2A based on written feedback and correspondence received.
- The Committee has created **Draft #4 – 5 Classification and is seeking feedback on the cutoff points, league alignments and school placement.** **Please note that this is a draft proposal and is not a final recommendation.** This alignment attempts to create larger regional leagues where possible as well as smaller leagues of comparable size when requested. It is inevitable that removing a classification will increase the percentage between the largest and smallest possible school in the classification. In comparison to Draft #2 – 5 Classifications, the changes include, but are not limited to, honoring one play up request, larger leagues at the 4A level, and adjustments to cutoff numbers/updated league alignments for the 5A, 4A, and 3A classifications based on written feedback and correspondence received.
- The Committee understands that the beginning of the school year is very busy for all school personnel. However, constructive feedback is needed from the membership with their thoughts, preferences or modifications to the classification proposals. The Committee also welcomes classification proposals from member schools.
- Committee members were intrigued by a proposal from Brigham Baker at West Linn and spent time discussing his concepts in their work session. Of particular interest was the concept of utilizing school participation figures either

instead of or, more likely, in addition to enrollment figures. Other parts of the proposal had much less support from the group and were viewed as issues for another group/task force to potentially consider. The Committee remains committed, per its charge, to using the Computation of ADM enrollment figures outlined in the OSAA Handbook.

- The Committee understands that there are benefits and drawbacks to each approach and that a school's placement is a very important factor for school communities. The Committee readily acknowledges that achieving the desired outcome for each member school and their unique circumstances is simply not possible. The Committee is focused on addressing as many identified issues as possible while knowing that each aspect of the charge is interrelated.

The next public meeting of the Classification and Districting Committee will be at 1pm on Monday, October 6, 2025, following the Executive Board Meeting at the Holiday Inn Wilsonville. The general format for the meeting will be for the committee to receive public testimony followed by a closed work session.

OSAA Staff previously confirmed, based on conversations with the OSAA Executive Board, that the OSAA Football Ad Hoc Committee is again charged with reviewing and providing recommendations related to football classifications, districts and structure during the new time block. The OSAA Football Ad Hoc intends to convene after the conclusion of the regular season to begin deliberations on recommendations to be forwarded to the OSAA Executive Board for review and consideration at their February 2026 meeting.

The Committee will meet a handful of times throughout the Fall and will forward its final recommendations to the OSAA Executive Board and Delegate Assembly for action at their December 15, 2025, meetings. (see schedule below)

Written suggestions and proposals on these issues, as well as other classification related subjects should be emailed to the OSAA (kyles@osaa.org). Any communication received by the OSAA will be shared with all committee members for review and discussion. Public testimony in person or online will be welcome at each upcoming Committee meeting.

Specific classification proposals submitted to the Committee may be posted to the Classification and Districting Committee page on the OSAA website at <http://www.osaa.org/governance/committees#classification-and-districting-committee>. Proposals should address all classifications.

A full list of meeting dates, agendas/updates, Committee roster, charge to the Committee, etc. are available on the OSAA website: <http://www.osaa.org/governance/committees#classification-and-districting-committee>.

The Committee appreciates your support and encourages your participation in this process. Please do not hesitate to contact Kyle Stanfield (kyles@osaa.org), Lauren Brownrigg (lauren@osaa.org), or Kelly Foster (kellyf@osaa.org) at the OSAA if you have any questions.
