Subject: Player Safety Coaches Memo and Certifications for ALL Football Coaches

Athletic Directors and Head Football Coaches,

The OSAA requires that any football coach (paid or volunteer) complete the NFHS Football Tackling Certification prior to assuming coaching duties and to recertify annually prior to the beginning of each Association year. Additionally, each member school sponsoring football is required to identify a Player Safety Coach. Each Player Safety Coach is required to attend an in-person clinic biennially prior to the start of the Association year that is conducted by an OSAA Master Trainer in preparation for implementing and overseeing the player safety program at their school.
