OSAA ADOPTED FOOTBALL RULES AND INTERPRETATIONS

The 2016 NFHS Football Rules Book will be used with the following clarifications:

1. TIE GAMES – REGULAR SEASON
   A. The procedure on page 84-86 of the 2016 NFHS Football Rules Book shall be used to decide all ties in varsity games played in Oregon with the exception that the first and second overtime series shall begin on the 25-yard line; any subsequent overtime series shall begin on the 10-yard line.
   B. NOTE: It is the option of each athletic district as to whether the tie-breaking method will be utilized below the varsity level. This option should be communicated to the local officials’ Association.

OSAA FOOTBALL POLICIES

Effective outside Association Year.

1. SUMMER POLICY (OSAA Handbook, Executive Board Policies) (Revised May 2016)
   A. All Sports. Summer activities under the direction of any person affiliated with the high school program, including practices, contests, weight training and conditioning, are permissible throughout the summer, excluding the defined Moratorium Week. The NFHS handbook shall be used.
   1) OSAA regulations regarding the Heat Index Calculator are in effect at all times. Athletes must be encouraged to stay well hydrated at all times, especially in hot and humid conditions. This applies to outdoor activities and indoor activities without air conditioning. See the NFHS statement on heat and hydration.
   2) Implement a slow and gradual preseason-conditioning regimen that prepares the athlete for the rigors of the sport.
   3) Slowly build up the intensity of activity over several days.
   4) Have fitness tests (mile run, shuttle run times, maximum repetition exercises) scheduled the second week of practices. Use a progressive, periodized program and evaluate performance once athletes are acclimated to the stress about to be placed upon them.
   5) Take into account the level of conditioning of all individuals and what their previous conditioning has been. Athletes who have just finished a sports season should have at least a short period (one to two weeks) of relative rest.
   6) Slowly introduce new exercises or workout routines to allow for adaptation by muscle groups.
   7) Provide adequate rest and recovery between repetitions in the weight room and especially during “gassers” and intense station or “mat” drills.
   8) Athletes should refrain from consuming high caffeine energy drinks and supplements, or other stimulants, as they may contribute to dehydration. See the NFHS statement on energy drinks.
   9) Athletes should refrain from extreme exercise during acute illness, if feeling ill, or while experiencing a fever.
   B. Football Only. Member schools are only allowed to utilize protective football equipment for eight days within one 10 consecutive day period beginning after the last day of the Association Year and concluding prior to the start of Moratorium Week, with the following requirements:
      1) No protective equipment shall be utilized from the start of Moratorium Week until the first day of the Association Year.
2) All levels of a program (Varsity, JV, etc.) shall use the same 10 consecutive day period.

3) At the beginning of the 10 consecutive day period, every student shall be required to have two days of helmet only practices. During this period, the only optional pieces of protective equipment that may be worn by individuals are shoes and helmets. No other pads (e.g. shoulder, knee, thigh, hip and rib) are to be worn. During helmet only practice, no live action drills or any other activity may occur which would result in a player completing a tackle, or being blocked or tackled to the ground. This policy does not preclude light contact with blocking sleds and tackling dummies. However, it is strongly recommended that any such contact be carefully controlled. Helmet only practice sessions are limited to a maximum of three hours in length.

4) Following two days of helmet only practices, students may wear helmets and shoulder pads on Day 3. On this day, the only optional pieces of protective equipment that may be worn by individuals are shoes, shoulder pads and helmets. No other pads (e.g. knee, thigh, hip and rib) are to be worn. During helmet/shoulder pad practice, no live action drills or any other activity may occur which would result in a player completing a tackle, or being blocked or tackled to the ground. This policy does not preclude light contact with blocking sleds and tackling dummies. However, it is strongly recommended that any such contact be carefully controlled. Helmet and shoulder pad practice sessions are limited to a maximum of three hours in length.

5) After completing the first three days, an individual may use the remainder of the football gear as described in the NFHS Football Rules Book for a maximum of five days. Activity during this five-day period is not restricted with regard to contact as defined by USA Football Levels of Contact.
   a) Level 3 (Thud) is the maximum level of play if not participating in full protective equipment.
   b) Level 4 (Live Action) occurs only between players in full protective equipment and shall not exceed more than 30 plays per player per day.
   c) Only one practice session per day during this five-day period may contain Live Action.
   d) Additional practice session restrictions:
      (1) Length of any practice session during this five-day period shall not exceed 2.5 hours.
      (2) Minimum recovery time between practice sessions is equivalent to total amount of time spent in previous practice session.
      (3) All players are limited to a maximum of five hours per day in protective equipment.
      (4) Teams may conduct an additional “teaching session” each day during this time period where no protective equipment of any type is used. Maximum time length for a teaching session is two hours. During a teaching session, the intensity, duration and pace of all practice components shall be modified from a normal practice session. The focus of a teaching session should be directed at developing skills fundamental to the sport at a significantly reduced pace. Light contact with bags is allowed but live action situations are prohibited. Practice components in all activities intended to develop skills while conditioning the athlete at the same time are not allowed. Coaches are encouraged to use this “teaching session” to address offensive and defensive strategies, skill development drills and other types of team building activities that do not involve conditioning.

6) A school shall not permit an individual to use the remainder of the football gear as described in the NFHS Football Rules Book unless that individual has had at least two days of helmet only practice and one day of helmet/shoulder pad practice.

7) It is imperative that local school administrators set guidelines for participation in the 10 consecutive day period. Safety of the participants is of the utmost importance; therefore, proper fundamental and physical preparation is necessary prior to the participants engaging in any type of person-to-person contact.

8) Individual school districts and other member schools of the association have the option of determining whether or not they will allow a school within their district to participate in one 10 consecutive day period that involves the use of protective equipment. This decision should take into consideration the inherent liability when a team represents the school district, is supervised by school personnel, uses school district transportation, uses school facilities, and participants use protective equipment owned by the school.

9) Individual school districts and other member schools of the association have the option of determining whether or not they will allow an individual student within their district to use protective equipment owned
by the school when attending camps/clinics not organized by any member school personnel. This decision should take into consideration the inherent liability when participants use protective equipment owned by the school.

10) Prior to participation in one 10 consecutive day period, each participant should be required to show proof of insurance and provide documentation of a valid physical examination within the last two years as prescribed by Oregon law. Coaches and other supervisors should have liability insurance.

Effective during Association Year, outside the designated OSAA sport season.

1. **PRACTICE LIMITATION RULE** *(OSAA Handbook, Executive Board Policies) (Revised Spring 2014)*

   A. **Team Sports Limitation.** Schools may conduct practices and/or compete in contests in team sports (baseball, basketball, football, softball, soccer, volleyball) only during the designated OSAA sports seasons as outlined in Rule 6. It shall be a violation of the rule if there is any attempt during the Association year to gather more than two members of the same high school program together per day outside the OSAA defined season to receive specialized athletic instruction from any coach associated with the participating athletes’ high school program. Attempts to circumvent the rule by encouraging team members to attend out-of-season practices or camps during the Association year other than through general dissemination of information or brochures shall be considered a violation of this rule. **EXCEPTION:** Baseball and softball coaches may begin pitching instruction and throwing workouts with pitchers and catchers only (maximum of eight total per day) two weeks prior to the Spring Sports First Practice Date.

Effective First Practice Date through End of HS Season.

1. **PRACTICE MODEL** *(OSAA Handbook, Executive Board Policies) (Revised May 2015)*

   Schools and students are required to adhere to the following practice model.

   A. **Football**

   1) All practices shall allow for water breaks and general acclimatization to hot and/or humid weather. Ample amounts of water should always be available and a student’s access to water should not be restricted. In
addition, all practices shall follow the fundamentals set forth in the NFHS’s Heat Acclimatization and Heat Illness Prevention Position Statement. While the risk of heat illness is greatly dependent upon weather conditions, the fundamentals in the NFHS’s Heat Acclimatization and Heat Illness Prevention Position Statement promote safety and diminish injury risk in any setting.

2) Teams shall have two weeks of practice prior to playing in a jamboree and three weeks of practice prior to playing in an interscholastic contest.

3) Students may participate in multiple practice sessions per day, but not on consecutive days.
   a) Single Practice Session. No single practice session shall be longer than three hours, including warm-up and cool down. On days with a single practice session, students are limited to a maximum of one hour of weight training either before or after practice but not both.
   b) Multiple Practice Sessions. On days with multiple practice sessions, students shall not engage in more than five hours of total practice, including warm-up and cool down. No single practice session shall be longer than three hours, including warm-up and cool down. There must be at least three hours of recovery time between the end of one practice session and the beginning of the next practice session on a day with multiple practice sessions. During this recovery time, students may not engage in other physical activities (e.g. weight training, etc.)

4) Days in which multiple practice sessions are conducted are subject to the following restrictions:
   a) One practice session of the first two multiple practice session days shall be a teaching session only. Conditioning drills (gassers, timed runs or sprints) shall not be conducted.
   b) Only one practice of a multiple practice session day may include Full contact (defined below as Thud and Live Action).

5) At the beginning of football practice each year, every student shall be required to have two days of helmet only practices. During this period, the only optional pieces of protective equipment that may be worn by individuals are shoes and helmets. No other pads (e.g. shoulder, knee, thigh, hip and rib) are to be worn. During helmet only practice, no full contact drills or any other activity may occur which would result in a player completing a tackle, or being blocked or tackled to the ground. This policy does not preclude light contact with blocking sleds and tackling dummies. However, it is strongly recommended that any such contact be carefully controlled.

6) Following two days of helmet only practices, students may wear helmets and shoulder pads on Day 3. On this day, the only optional pieces of protective equipment that may be worn by individuals are shoes, shoulder pads and helmets. No other pads (e.g. knee, thigh, hip and rib) are to be worn. During helmet/shoulder pad practice, no full contact drills or any other activity may occur which would result in a player completing a tackle, or being blocked or tackled to the ground. This policy does not preclude light contact with blocking sleds and tackling dummies. However, it is strongly recommended that any such contact be carefully controlled.

7) After completing the first three days, a student may participate in a contact practice. During a contact practice the remainder of the football gear as described in the NFHS Football Rules Book may be worn and activity is not restricted with regard to contact as defined by USA Football Levels of Contact. A school shall not permit an individual to participate in a contact practice unless that individual has had at least two days of helmet only practice and one day of helmet/shoulder pad practice. Contact with another person on the fourth and fifth days should be controlled.

8) Beginning the third week of Football practice (Week 9 on NFHS Standardized Calendar) students may participate in three days of full contact each week, excluding games. A maximum of 90 minutes of Full Contact combined is allowed during these three days. Full contact is defined as follows:
   a) Thud – Drill is run at assigned speed through the moment of contact, no predetermined “winner.” Contact remains above the waist, players stay on their feet and a quick whistle ends the drill. This applies to simulations and drills involving any number of players.
   b) Live Action – Drill is run in game-like conditions and is the only time that players are taken to the ground. This applies to simulations and drills involving any number of players.

9) A student may not practice or participate in a contest for more than six consecutive days without a rest day. A rest day must be complete rest – no organized team physical activity is allowed. Travel is allowed on a rest day.
10) A student shall become eligible to participate in a jamboree or interscholastic contest after completing a minimum of nine days of actual on-field practice.

1. Q. Can the one-hour weight training session allowed on single practice days be conducted both prior to practice and after practice if players only participate in one of the weight training sessions?
   A. Yes, multiple one-hour weight training sessions may be held but individual players are limited to participation in a single session.

2. Q. Is the one-hour weight training session allowed on single practice days required to be “immediately” prior to and after the practice?
   A. No, the training session does not have to immediately precede or follow the scheduled practice.

3. Q. Is the one-hour weight training session allowed on single practice days also allowed on multiple practice days?
   A. No, weight training conducted on multiple practice days counts toward the daily five-hour practice limit.

4. Q. On single practice days may coaches conduct classroom-training sessions that would involve no physical activity?
   A. Yes, classroom instruction that requires no physical activity is allowed and does not count towards the daily five-hour practice limit.

5. Q. Is classroom instruction with no physical activity allowed during the required three-hour recovery period between multiple practices?
   A. Yes, classroom instruction that requires no physical activity is allowed during the recovery period.

6. Q. A team plans to conduct multiple practices on a single day but wants to reduce the length of each practice to 90 minutes. Can the team reduce the required recovery time of three hours between practice sessions because they have used less than the maximum practice time allowed?
   A. No, the three-hour recovery period between practices is required regardless of practice length.

7. Q. Are multiple practices on a single day required for all Fall teams?
   A. No, teams are not required to have multiple practices on a single day. If multiple practices are conducted, the second practice of the first two multiple practices days is a teaching session only.

8. Q. What is the definition of a “teaching session”?
   A. During a teaching session the intensity, duration, and pace of all practice components shall be modified from a normal practice session. The focus of a teaching session should be directed at developing skills fundamental to the sport at a significantly reduced pace. In Football, light contact with bags is allowed but Live Action situations are prohibited. Practice components in all activities intended to develop skills while conditioning the athlete at the same time are not allowed. Coaches are encouraged to use this “teaching session” to address offensive and defensive strategies, skill development drills and other types of team building activities that do not involve conditioning.

9. Q. How do you calculate practice time for multiple sport athletes participating in more than one Fall sport?
   A. Practice hours are cumulative. On a single practice day, the three-hour practice limit may be split between the two sports but the total practice time, including any breaks, must fit within the three-hour limit. On a multiple practice day, the daily five-hour practice limit may be split between the two sports but all required recovery periods must be implemented. Any participation for a fraction of a half hour counts as a half hour towards the daily practice limit.

10. Q. If Fall multiple sport athletes practice one hour with the Football team and two hours with the Soccer team are they required to have a recovery period between the two practices?
    A. No, this is considered to be one three-hour practice and no recovery period is required. If the combined practice time, including any breaks, exceeds three hours then a three-hour recovery is required.

11. Q. May a team practice for 2 hours, take a 30 min break, and resume for 1 hour?
    A. No, this would constitute a violation. Teams may not exceed the maximum practice time of three hours, including all breaks within the schedule.

12. Q. In football, are 7-on-7 drills permissible during teaching sessions?
    A. Yes, provided that they comply with the foregoing “teaching session” requirements.

2. **PARTICIPATION LIMITATIONS** (OSAA Handbook, Participation Limitations, Football) (Revised Spring, 2016):
   A. **Team.** A school team shall not play more than nine games at each level of competition, exclusive of the state championships.
B. **Individual.** A student shall not participate in more than nine weeks, exclusive of the state championships. A student may participate in only one jamboree.

C. **Jamboree.** A school may participate in only one jamboree at each level of competition. A jamboree shall include at least three teams, and shall not be counted as a contest. Jamborees may be held only on the Thursday of Week 8 and for 30 days thereafter.

1) **Reminder.** All participants must have completed a minimum of nine days of actual field practice prior to the jamboree.

2) In a jamboree, each team is allowed a total of 36 offensive snaps from the line of scrimmage. Any kicking play (e.g. punt, extra point, field goal) counts as an offensive snap.

3) **Four-team format.** Twelve offensive snaps against each opponent – 36 total snaps.

4) **Three-team format.** Eighteen offensive snaps against each opponent – 36 total snaps.

5) Students participating in jamborees shall adhere to the individual participation limitations set forth in this Handbook. Participation against a single opponent in a jamboree shall count as one quarter toward the weekly limit. A student may participate in only one jamboree.

D. **Quarter Rule.**

1) **Daily.** A student shall not compete in more than four quarters each day. Participation in any play in a quarter shall constitute participation in that quarter. If a student appears in more than four quarters in a day, the game in which the student exceeds the limit shall be forfeited.

   a) **NOTE:** A student may be allowed a fifth quarter of participation if the student plays 12 plays or less in any two of the student’s first four quarters that day.

2) **Weekly.** A student shall not compete in more than five quarters for the 6A, 5A and six quarters for the 4A, 3A, 2A and 1A each week. To be eligible for six quarters (4A, 3A, 2A, 1A) there has to be a minimum of 60 hours between contests. All players (6A – 1A) are limited to 45 total quarters per year during the regular season. The week is defined as running from Tuesday through Monday. Participation in any play in a quarter shall constitute participation in that quarter, no exceptions. If a student appears in more than five quarters in one week, the game in which the student exceeds the limit shall be forfeited. If a student appears in more than 45 total quarters during the regular season, the game in which the student exceeds the limit shall be forfeited.

   a) **NOTE:** 6A and 5A students may be allowed a sixth quarter of participation if the student plays 12 plays or less in any two of the student’s first five quarters that week.

E. **Adding a Fifth Quarter.** A fifth quarter may be played at the freshman level, or at the junior varsity level if there is no freshman team, providing both schools agree and the officials agree. The extra quarter is intended to provide an opportunity for those students whose play was limited in the regular contest. In no case shall a student exceed the quarter limits outlined above.

1. **Q.** May a student participate in two quarters at the varsity level during one week and three quarters at the JV level during another week and count the participation as one game?
   
   **A.** No. At all classifications, in order for quarters at multiple levels to be counted as one game under the individual participation limitation, the participation must occur during the same week running from Tuesday through Sunday.

2. **Q.** May a student play 12 plays or less in his fifth quarter of a day (or sixth quarter in a week) and count that as one of the two quarters of 12 plays or less?
   
   **A.** No. The allowance of a fifth quarter in a day (or sixth quarter in a week) can only be triggered by two quarters of 12 plays or less during the student’s first four quarters in a day (or first five quarters in a week).

3. **Q.** May a student be allowed a sixth quarter in a day (or seventh quarter in a week) by playing four quarters of 12 plays or less?
   
   **A.** No. A maximum of one additional quarter may be allowed in a day (or a week). Even with the allowance of an additional quarter, there is no scenario under which a student may play more than five quarters in a day (or six quarters in a week).
3. OFFICIALS – CERTIFIED REQUIREMENT (OSAA Handbook, Executive Board Policies) (Revised Fall 2013)

A. General requirement. Member schools shall secure certified officials from officials’ associations that have been recognized and certified by the OSAA for all interscholastic activities requiring those officials. EXCEPTION: Any request for an exception to this policy must receive the approval of the Executive Director. Exceptions shall be considered only when adherence to this policy presents a financial hardship to the school or when the local officials’ association is unable to service the member school. Any out-of-state official used under this exception in a contest in Oregon shall represent an association whose commissioner was an attendee at the OSAA Rules Interpreters’ Clinic for that year.

OSAA certified officials are required for all sanctioned activities at the varsity and junior varsity levels including jamborees. EXCEPTION: OSAA certified officials are required in baseball and softball at the varsity level only. OSAA certified officials are required in football at all sub-varsity levels.

Schools, leagues and tournaments are limited to using a maximum of the quantity of officials assigned to State Championship contests unless written permission to exceed that quantity is received from the OSAA Executive Director prior to the event(s).

Schools have the responsibility to request permission from their local associations to use non-certified officials at sub-varsity contests where certified officials are not required.

B. Quantity requirements. See Officials Fee Schedule for additional information.

3) Football. Five officials are required at the varsity level at the 6A, 5A and 4A classifications. Five officials are recommended but at least four are required at the varsity level at the 3A, 2A and 1A classifications. Five officials are recommended but at least four are required at the junior varsity, sophomore and freshman levels at all classifications.

4. INTERRUPTED CONTESTS (OSAA Handbook, Executive Board Policies) (Revised Fall 2013)

Following is the policy concerning interrupted athletic contests. NOTE: For state championship final games, the OSAA staff shall take jurisdiction and make any decisions rather than the schools involved.

D. Football. Contest shall be continued from point of interruption unless the teams agree to terminate the game with the existing score, or there are athletic district rules that apply.

5. FOOTBALL – CLEATS (OSAA Handbook, Executive Board Policies)

In addition to the unsportsmanlike conduct penalty (15 yards) specified by the National Federation Rules Book, a student who is wearing illegal cleats in excess of 1/2” in length shall be ejected from the contest, whether or not the student has participated.

6. FOOTBALL – 45-POINT RULE/ALTERNATIVE PLAN/RUNNING CLOCK (OSAA Handbook, Executive Board Policies) (Revised Fall 2008)

A. Each 6A, 5A, 4A, 3A, 2A, 1A classification shall report to the OSAA which of the following three options listed in B has been adopted by the classification to address football games in which one team leads by 45 or more points at halftime. 1A classification is limited to options one and three. The selected option shall apply to all levels (varsity, JV, sophomore and frosh). The selected option shall remain from year to year until the classification notifies the OSAA of a change.

B. For non-league contests, the option adopted by the athletic district of the host school shall be followed. For Football State Championship games, the option adopted by that classification shall be in effect.

3) Option 3: Running Clock. If the point differential occurs at halftime or any time thereafter, a running clock shall be used. The running clock shall be started with the ready-for-play signal from the official. Once the running clock is started, it shall be stopped only for the following reasons:

a) For measurement of a possible first down.

b) For a player who appears to be injured.

c) For unusual heat or humidity which may create a health risk to players.

d) For a coach/referee conference concerning the misapplication of a rule.

e) When a TV/radio time out is granted.

f) For a one-minute intermission between the third and fourth periods and following a try, successful field goal, or a safety.
2. A team time out is granted.
3. When a team attempts to conserve or consume time.
4. Any unusual circumstances (dog on field, etc.).

NOTE: For 2016 ALL Classifications will be using the Running Clock Option.

7. **FOOTBALL – LEAGUE PLAYOFF PROHIBITION** *(OSAA Handbook, Executive Board Policies) (Fall 1999)*
Leagues shall not use on-the-field procedures such as the “Kansas Plan” to break ties in league football standings at the end of the regular season. Each league shall develop its own standard operating procedure for resolving league ties off the field.

8. **FOOTBALL – VIDEO EXCHANGE** *(OSAA Handbook, Executive Board Policies) (Revised Fall 2010)*
Each school participating in the Football State Championships, excluding schools assigned to the 1A classification, shall be required to exchange at least two videos with their next opponent. The opposing coaches choose which videos to receive, and the exchange must be completed by noon on Sunday preceding the game in which the two schools meet.

**STATE CHAMPIONSHIPS INFORMATION**

1. **STATE CHAMPIONSHIPS POSTING TIMELINES:**
   A. **Athletic Directors, Coaches and Spectators:** Detailed information regarding the Football State Championships will be posted on the OSAA website [http://www.osaa.org/activities/fbl](http://www.osaa.org/activities/fbl) on Friday, September 30. Following is the policy regarding attached and unattached competition:

A. A high school team shall not compete against an unattached team (e.g., club team).
B. Students representing a high school shall not compete against unattached individuals.
C. Students shall not represent a high school and participate in a competition or exhibition as unattached on the same day at the same venue/facility.

2. CERTIFICATION – ATHLETIC DIRECTORS AND COACHES (OSAA Handbook, Executive Board Policies) (Revised Spring 2016)

Athletic directors and coaches shall achieve certification in the following areas prior to assuming duties as an athletic director or coach. The high school principal shall be held accountable for verifying that athletic directors and coaches have been certified. EXCEPTION: Any emergency exception to an OSAA requirement must be authorized in writing by the OSAA.

A. NFHS Fundamentals of Coaching http://nfhslearn.com/

The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS Fundamentals of Coaching course. This is a one-time requirement.

B. Concussion Recognition and Management Training http://nfhslearn.com/

The OSAA and Oregon State Law (ORS 336.485) requires that athletic directors and coaches receive training to learn how to recognize the symptoms of a concussion and how to seek proper medical treatment for a person suspected of having a concussion. The NFHS’s Concussion in Sports free course satisfies this requirement. This training is required annually.

C. NFHS Heat Illness Prevention http://nfhslearn.com/

The OSAA requires that athletic directors and coaches must achieve a passing score on the test included with the NFHS’s Heat Illness Prevention free course. This training is required every four years.

D. Anabolic Steroids and Performance-Enhancing Substances Training http://www.ode.state.or.us/search/page/?=2571

The OSAA and Oregon State Law (ORS 342.726) require that athletic directors and coaches receive training on identifying the components of anabolic steroid abuse and use and prevention strategies for the use of performance-enhancing substances. This training is required every four years.

E. Spirit Safety Clinic (Cheerleading and Dance/Drill Coaches Only) http://www.osaa.org/activities/che

The OSAA requires that any cheerleading or dance/drill coach attend an OSAA Spirit Safety Clinic by the first day of the Association year in which that person serves as a coach. Should a cheerleading/dance drill coach fail to attend an OSAA Spirit Safety Clinic by the first day of the Association Year, the squad of the non-attending coach shall be prohibited from performing partner stunts, lifts or tumbling until the coach has attended a clinic. This training is required annually.

F. Heads Up Football Certification http://www.osaa.org/activities/fbl

The OSAA requires that any football coach complete the USA Football Heads Up Certification prior to assuming coaching duties and to recertify annually prior to the beginning of each Association year. Additionally, each member school sponsoring football is required to identify a Player Safety Coach. Each Player Safety Coach is required to attend an in person clinic annually prior to the start of the Association year that is conducted by a USA Football Master Trainer in preparation for implementing and overseeing the primary components of Heads Up Football at their school.

1. Q. Does certification through the American Sport Education Program (ASEP) satisfy the requirement in Rule 1.4?

   A. Yes, so long as the athletic director or coach was certified through ASEP prior to August 1, 2007. Thereafter, only the NFHS Coach Education Program “Fundamentals of Coaching” will satisfy this requirement unless an exception is granted in writing by the OSAA.

2. Q. When must a coach be certified?

   A. All coaches must be certified prior to assuming coaching duties unless an emergency exception is authorized in writing by the OSAA. This includes cheerleading coaches, dance/drill coaches and choreographers at schools that do not participate in competitions.
3. Q. Is certification required of volunteer coaches?
   A. Yes.

4. Q. Must a “guest” coach be certified?
   A. No, but if the coach has contact with students more than three times in a sport season, the coach shall no longer be considered a “guest” and must be certified. A non-certified “guest” coach may not serve as a coach at a contest.

5. Q. May a school bring in alumni or other non-high school personnel to scrimmage with teams or individuals as “guest coaches” if those personnel are limited to student contact on no more than three occasions during the sport season?
   A. No. The “guest coach” exception is intended to allow a limited number of visits by a guest instructor; it is NOT intended to allow coaches to bring in coaches or players to participate in drills or scrimmages against teams or individuals. Any attempt to circumvent the Participation Limitations by calling practice participants “guest coaches” would be a violation of OSAA rules.

6. Q. In individual sports, may a parent or non-certified coach accompany a participant to a contest as the school representative if that person is an authorized representative of the principal?
   A. Yes, but the authorized representative may not coach the participant unless specific permission has been granted in writing by the Executive Director.

7. Q. Does the OSAA require high school coaches to have current first aid certification?
   A. No. However, coaches should check with their athletic directors as most high schools have this as a requirement.

3. **CHARITABLE CAUSES** *(OSAA Handbook, Executive Board Policies) (Fall 2012)*

The OSAA is supportive of charitable initiatives and has developed guidelines in regards to an athletic competition being held in the name of a charitable cause. Schools may host a contest in recognition of a charitable cause under the following conditions:

A. Uniform color must be legal under NFHS rules. Example: Breast cancer awareness pink uniforms would not be legal in sports that require white and dark uniforms because pale pink is neither. Pale pink would be a legal color uniform in sports that require LIGHT and dark uniforms.

B. A permanently attached commemorative patch may be worn but must adhere to NFHS rules in each specific sport.

C. Colored game balls may not be used during competition unless they are legal under NFHS rules. They may be used during any warm-up period prior to the contest, except in softball and baseball.

D. Basketball Only: Pink headbands or wristbands, not legal under NFHS basketball rules unless pink is a school color, are allowed. Note that all team members must be uniform in color of headbands or wristbands.

E. Officials may use a colored whistle.

4. **CONCUSSION MANAGEMENT** *(OSAA Handbook, Executive Board Policies)*

   *(Concussion-Return to Participation Medical Release) (Revised Fall 2015)*

A. **Member School’s Responsibilities** *(Max’s Law, [ORS 336.485, OAR 581-022-0421]) (Jenna’s Law, [ORS 417.875])*

1) **Suspected or Diagnosed Concussion.** Any athlete who exhibits signs, symptoms or behaviors consistent with a concussion following an observed or suspected blow to the head or body, or who has been diagnosed with a concussion, shall not be permitted to return to that athletic contest or practice, or any other athletic contest or practice on that same day. In schools which have the services of an athletic trainer registered by the Oregon Board of Athletic Trainers, that athletic trainer may determine that an athlete has not exhibited signs, symptoms or behaviors consistent with a concussion, and has not suffered a concussion, and return the athlete to play. Athletic trainers may also work in consultation with an appropriate Health Care Professional (see below) in determining when an athlete is able to return to play following a concussion.

2) **Return to Participation.** Until an athlete who has suffered a concussion is no longer experiencing signs, symptoms, or behaviors consistent with a concussion, and a medical release form signed by an appropriate Health Care Professional (Physician (MD), Physician’s Assistant (PA), Doctor of Osteopathic (DO) licensed by the Oregon State Board of Medicine, nurse practitioner licensed by the Oregon State Board of Nursing, or Psychologist licensed by the Oregon Board of Psychologist Examiners) is obtained, the athlete shall not be permitted to return to athletic activity.
3) **Private Schools Only.** *(Concussion-Private School Informed Consent)*

On an annual basis prior to participation, private schools shall require each student and at least one parent or legal guardian of the student to sign the Concussion – Private School Informed Consent form acknowledging the receipt of information regarding symptoms and warning signs of concussions. Private schools shall maintain a copy of each student’s signed form on file for review at any time by OSAA staff.

B. **Official’s Responsibilities.**

An official shall remove a player from a contest when that player exhibits signs, symptoms or behaviors consistent with a concussion due to an observed or suspected blow to the head or body. The official shall document and notify the head coach or his/her designee making sure that the head coach or designee understands that the player is being removed for exhibiting signs, symptoms or behaviors consistent with a concussion as opposed to behavior, a non-concussive injury or other reasons. The official is not responsible for evaluation or management of the player after he/she is removed from play. The official does not need written permission for a player to return nor does the official need to verify the credentials of the appropriate health care professional who has cleared the player to return. The responsibility of further evaluating and managing the symptomatic player falls upon the school and appropriate health care professionals.

5. **EJECTION POLICIES – EJECTED PLAYER OR COACH** *(OSAA Handbook, Executive Board Policies) (Ejection Report) [Revised Summer 2016]*

A. If a player or coach is ejected by an official, the commissioner of officials shall notify the OSAA and the athletic director of the school of the ejected player/coach by completing the online ejection report by the next workday. Ejected coaches must leave the contest immediately and shall remain out of “sight and sound” of the team for the duration of that contest and any other school contests that day. It shall be the responsibility of the school to disallow the ejected player or coach from participating during the period of suspension specified in the Regulations, regardless of whether written notification has been received by the school from the commissioner of officials. Should an ejected player participate or an ejected coach remain within “sight and sound” of the team during the period of suspension specified in the Regulations, and no appeal is pending, that action shall be considered use of an ineligible participant and shall result in forfeiture of that contest and other penalties as determined by the Executive Board.

B. **Additional Requirements Regarding an Ejected Coach.** In addition to the requirements previously listed in this policy, an ejected coach shall be required to complete the online NFHS course, “Teaching and Modeling Behavior”, within seven calendar days of the school being provided a license to take the course by the OSAA. Should a coach fail to complete the course requirement within the time limit stipulated in this policy, the ejection suspension shall be reinstated and the coach shall be ineligible to coach until the requirement has been fulfilled. Should an ejected coach remain within “sight and sound” of the team during the reinstated period of suspension specified in the Regulations, and no appeal is pending, that action shall be considered use of an ineligible participant and shall result in forfeiture of that contest and other penalties as determined by the Executive Board.

C. **Appeal Process.** If the principal or the Athletic Director of the ejected coach/player and the commissioner of officials agree that the suspension should be set aside, the principal may appeal to the Executive Director within 48 hours of the ejection to set aside the next game suspension portion of the penalty. Unless the commissioner agrees that the suspension should be set aside, the appeal must be denied by the Executive Director. If the Executive Director denies an appeal, that denial may be appealed to the Executive Board, which shall hear the appeal at its earliest convenience and issue a final ruling. Implementation of the next game suspension may be postponed during the time that an appeal is pending.

1. **Q.** When a player is ejected, may the player remain on the bench?
   **A.** Yes. The player is required to sit out the remainder of the contest, but may remain on the bench.

   **A.** Yes, but the player must not be in uniform.
4. Q. May a coach have any contact with a team at a contest following an ejection or at the contest at which the suspension is served?

Further, the coach is allowed no direct or indirect contact with the team at the contest at which the suspension is served nor is the coach permitted to attend the contest at which the suspension is served.

5. Q. May a coach or participant who has been suspended at one level of competition (e.g. varsity) participate in a contest at another level during the period of suspension?
   A. No.

6. Q. May a coach or participant who has been suspended at one level of competition (e.g. varsity) serve the suspension in a contest at another level?
   A. No.

7. Q. When a coach or player is ejected, when and over what period of time are the ejection period and suspension period?
   A. NOTE: If the ejection occurs in the last contest at a particular level, the suspension carries over to the next contest at any level in that sport in that season.

10. Q. May a suspended coach have contact with team members/other coaches of the team during the period of suspension on a game day that is a school day?
    A. A suspended coach may have contact with team members/other coaches of the team during regular school hours. However, once the regular school day is over, the coach must be “out of sight and sound” of the team members/other coaches of the team, and have no contact with them until the game is over.

11. Q. May a suspended coach have contact with team members/other coaches of the team during the period of suspension on a game day that is NOT a school day?

12. Q. May a suspended coach have any contact with other coaches of the team (for example, via mobile phone or wireless radio) during a game in which a suspension is being served?
    A. No. The suspended coach must be “out of sight and sound” of the contest during which a suspension is served.

13. Q. If a player or coach is ejected during the last contest of the season, does the unserved suspension carry forward to a subsequent season?
    A. No.

14. Q. In basketball, does the ejection of a player or coach as a result of receiving two technical fouls result in the player or coach being suspended through the next contest at that level?
    A. Yes, a player or coach who is ejected as a result of receiving two technical fouls is ejected for the remainder of the day and must sit out through the next contest at that level.

15. Q. Does the contest from which a participant is suspended due to an ejection count against the individual contest limitation for the participant?
    A. Yes.
16. **Q.** When a player or coach is ejected while acting as a spectator at a contest in the same sport in which the coach or player participates, but at which he or she is not serving as a player or a coach, does a period of suspension still apply?

**A.** Yes. The ejected player or coach is suspended from all participation for the same period of time as if he or she had been a participant in the contest at which the ejection occurred.

17. **Q.** When a player or coach is ejected in one sport, may the player or coach participate or coach in another sport during the period of suspension?

**A.** No.

18. **Q.** When a player or coach is ejected from an out-of-state contest, does the OSAA ejection policy apply?

**A.** Yes. It is the responsibility of the school to notify the OSAA of the ejection.

19. **Q.** When a player or coach is ejected from an out-of–state contest, what appeals process is followed?

**A.** If the school of the ejected player or coach wishes to appeal to set aside the next game suspension portion of the penalty for the ejection, it is the responsibility of the school to contact the commissioner of the out-of-state officials association to obtain written information to submit to the OSAA in support of the appeal.

6. **EJECTION POLICIES – FINES** *(OSAA Handbook, Executive Board Policies) (Revised Fall 2015)*

**A.** Schools shall be assessed fines for ejections within specific sports programs. Each sport (e.g., Football, Boys Basketball, Softball) shall be tracked as separate and distinct for the purpose of calculating fines. When the first participant or coach in a sport is ejected, the school that the participant or coach is representing shall be assessed a $50 fine by the Executive Board. A second ejection in the same sport during the same season shall result in the assessment of a $100 fine, and each ejection thereafter in that sport during that season shall result in a fine to be increased by $50 increments for each ejection without limitation.

1) **EXCEPTION:** The fine for an ejection in the last contest of the season shall be increased by $100 over the greater of the standard fine described above or the most recent fine for that program.

2) **EXCEPTION:** Soccer Player: A soccer player who is disqualified because he or she “deliberately handles a ball to prevent it from going into the goal” or “receives two cautions (yellow cards)” shall not be subject to the fine specified in this and other OSAA ejection policies, but shall be subject to the specified suspension.

**B.** A school receiving five or more ejections during one school year shall be required to attend a sportsmanship training class and submit a written Plan of Correction to the OSAA, including timelines for implementation of the Plan.

7. **EJECTION POLICIES – MULTIPLE EJECTIONS OF INDIVIDUAL** *(OSAA Handbook, Executive Board Policies) (Fall 2012)*

A second ejection during the same sport season will result in a two-game suspension. A third ejection during the same sport season will result in disqualification from further participation in that sport during that sport season.

8. **HEAT INDEX** *(OSAA Handbook, Executive Board Policies) (Heat Index Calculator) (Heat Index Record) (Fall 2014)*

Schools shall monitor the Heat Index for their geographic area prior to practices. Outlined below are the steps that each member school shall take in order to implement this policy. NOTE: Indoor activities where air conditioning is available are not bound by this policy.

**A.** **Subscribe.** Athletic directors and coaches shall subscribe to OSAA Heat Index Notifications at [http://www.osaa.org/heat-index](http://www.osaa.org/heat-index). An OSAA Heat Index Alert is generated for areas where the forecasted high temperature and relative humidity indicate a forecasted heat index that may require practice modifications. Only those areas that have a forecasted heat index of 95 or higher receive alerts. Notifications are sent daily via e-mail and/or SMS to subscribers.

**B.** **Designate.** Schools shall designate someone who will take the necessary steps to determine and record the heat index for your geographic area within one hour of the start of each team’s practice. This is only necessary on days when the school receives an OSAA Heat Index Alert. Depending on practice schedules, it is possible that the designated person will have to record the heat index multiple times on the same day.

**C.** **Calculate.** Within one hour of the start of each team’s practice on days when the school receives an OSAA Heat Index Alert, the designated person shall utilize the OSAA Heat Index Calculator to determine the actual heat index.

**D.** **Record.** If the actual heat index is 95 or higher, the designated person shall record it using the OSAA Heat Index Record or by printing out a copy to be kept at the school for inspection at the request of the OSAA. A separate record shall be kept for each fall sport at each level. Practice modifications, as necessary, shall also be recorded. If the actual heat index is less than 95, no action is needed.
E. **Act.** If the actual heat index is 95 or higher, activity should be altered and/or eliminated using the following guidelines:

1) **95° to 99° Heat Index** – OSAA Recommendation: Consider postponing practice to later in the day.
   a) Maximum of five hours of practice.
   b) Practice length a maximum of three hours.
   c) Mandatory three-hour recovery period between practices.
   d) Contact sports and activities with additional equipment - helmets and other possible equipment removed if not involved in contact or necessary for safety.
   e) Provide ample amounts of water.
   f) Water shall always be available and athletes should be able to take in as much water as they desire.
   g) Watch/monitor athletes for necessary action.

2) **100° to 104° Heat Index** – OSAA Recommendation: Postpone practice to later in the day.
   a) Maximum of five hours of practice.
   b) Practice length a maximum of three hours.
   c) Mandatory three-hour recovery period between practices.
   d) Alter uniform by removing items if possible - allow for changes to dry t-shirts and shorts.
   e) Contact sports and activities with additional equipment - helmets and other possible equipment removed if not involved in contact or necessary for safety.
   f) Reduce time of planned outside activity as well as indoor activity if air conditioning is unavailable.
   g) Provide ample amounts of water.
   h) Water shall always be available and athletes should be able to take in as much water as they desire.
   i) Watch/monitor athletes for necessary action.

3) **Above 104° Heat Index** – OSAA Recommendation: Stop all outside activity in practice and/or play, and stop all inside activity if air conditioning is unavailable.

A. These guidelines provide a default policy to those responsible or sharing duties for making decisions concerning the suspension and restarting of practices and contests based on the presence of lightning or thunder.

B. **Proactive Planning:**

1) Assign a staff to monitor local weather conditions before and during practices and contests.
2) Develop an evacuation plan, including identification of appropriate nearby safe areas.
3) Develop criteria for suspension and resumption of play:
   a) When thunder is heard within 30 seconds of a visible lightning strike, or a cloud-to-ground lightning bolt is seen, the thunderstorm is close enough to strike your location with lightning. Suspend play for 30 minutes and take shelter immediately.
   b) Thirty-minute Rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or flash of lightning is witnessed prior to resuming play.
   c) Any subsequent thunder or lightning after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
4) Review annually with all administrators, coaches and game personnel.
5) Inform student athletes of the lightning policy at start of season.

C. For more detailed information, refer to the Lightning and Thunder Safety section contained in the NFHS Sports Medicine Handbook.
10. **MORATORIUM WEEK** *(OSAA Handbook, Executive Board Policies) (Revised May 2014)*

C. Monitoring and responding to inappropriate crowd conduct during and after the contest; and

D. Providing an escort to the designated dressing facilities or vehicle for officials following each contest unless that offer is declined.

12. **REPORTING SCHEDULES AND RESULTS** (OSAA Handbook, Executive Board Policies) (Revised Fall 2015)

A. **Schedules.**

1) **Team Sports.** It shall be the responsibility of each member school to submit varsity team schedules to the OSAA through [http://www.osaa.org/](http://www.osaa.org/) prior to the first contest date of that sport’s season. Varsity schedules are required for the following OSAA-sanctioned sports: football, boys’ soccer, girls’ soccer, volleyball, boys’ basketball, girls’ basketball, baseball, softball. Subsequent changes to each varsity team’s schedule shall be submitted as they occur throughout the season.

2) **Wrestling.** It shall be the responsibility of each member school to input varsity team schedules into the assigned TrackWrestling team profile prior to the first contest date. Subsequent changes to the schedule shall be submitted as they occur throughout the season.

B. **Results.**

1) **Team Sports.** The host school is required to report the result of each varsity contest through [http://www.osaa.org/](http://www.osaa.org/) by 10pm on the day the contest is played. In neutral site contests, the designated home team shall report the result. In the case where an OSAA member school is competing outside of Oregon, it is the responsibility of the member school to report the result. Reports of varsity scores are required for the following OSAA-sanctioned sports: football, boys’ soccer, girls’ soccer, volleyball, boys’ basketball, girls’ basketball, baseball, softball.

2) **Wrestling.** Member schools shall verify after all Varsity dual meets and Varsity tournaments (individual and dual meet formats) that complete results are entered into the school’s assigned TrackWrestling team profile and have been accepted. It is highly recommended, but not required, that all events be scored live using TrackWrestling. If the host school does not score the event live using TrackWrestling, then the host school has the responsibility for inputting results for all participating teams within 24 hours after the conclusion of the event. In the case where an OSAA member school is competing outside of Oregon, it is the responsibility of the member school to input the results.

C. **Consequences of Failure to Report Complete Schedules.** Failure to report a complete schedule shall be punishable by fines, forfeiture and/or other penalties as determined by the OSAA Executive Board.
D. **Consequences of Failure to Report Results.** Failure to report results shall cause the following progressive sanction(s) process for each individual incident and in the time stated. Failure to report results by the 3rd Level shall be punishable by fines, forfeiture and/or other penalties as determined by the OSAA Executive Board.

1) **Team Sports:**
   a) **1st Level** – Reminder Email (1st day after scheduled contest)
   b) **2nd Level** – Warning Email (2nd day after scheduled contest)
   c) **3rd Level** – Probation Email (3rd day after scheduled contest)

2) **Wrestling:**
   a) **1st Level** – Reminder Email (5th day after scheduled contest)
   b) **2nd Level** – Warning Email (6th day after scheduled contest)
   c) **3rd Level** – Probation Email (7th day after scheduled contest)

13. **SHARED FACILITIES** *(OSAA Handbook, Executive Board Policies) (Shared Facility Request) (Fall 2015)*

Member schools are permitted to share practice and/or competition facilities with other teams with prior approval from the OSAA. Schools requesting a shared facility are required to submit a “Shared Facility Request” for approval prior to the facility being utilized by different groups at the same time. This policy prohibits practice or competition to or between groups approved to share a facility. It is recommended that each team have their own coaching staff and that staggered practice times be utilized when possible.

In addition to the general expectations included in the OSAA Constitution, Rule 3, that school officials...shall take all reasonable measures to ensure that the school’s students and supporters maintain a sportsmanlike attitude toward all events... the following specific expectations regarding spectator conduct at all OSAA sanctioned events, including regular and post season competition, are provided:

A. All cheers, comments and actions shall be in direct support of one’s team. No cheers, comments or actions shall be directed at one’s opponent or at contest officials. Some examples of inappropriate conduct or actions that are not permitted are: turning backs, holding up newspapers or jeering at cheerleaders during opposing team introductions; disrespecting players by name, number or position; negative cheers or chants; throwing objects on the floor.

B. Spectators are not permitted to have signs or banners (larger than 8 ½ by 11 inches), confetti, balloons or glass containers. Fathead type items are considered signs and shall not be larger than 8 ½ by 11 inches. Spectators are required to wear shirts.

C. Spectators are not permitted to have artificial noisemakers. Some examples of artificial noisemakers are Thunder Stix, cowbells, clappers and air horns.

D. Spectators shall not be permitted to use vulgar/offensive or racially/culturally insensitive language. Spectators shall not be permitted to engage in any racially / culturally insensitive action.

E. Spectators who fail to comply with Association or site management spectator conduct expectations may be expelled from the contest.

1. **Q.** May home team schools display signs and/or banners at their home venues?
   **A.** Yes, home team schools may display permanent signs and/or banners that are positive/supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league/state championship banners and sportsmanship banners.

2. **Q.** May visiting schools bring signs and/or banners to hang at the host school’s venue?
   **A.** No.

3. **Q.** Are run through signs allowed?
   **A.** Yes, so long as the message is positive/supportive.

4. **Q.** May a school use an artificial noisemaker at specific times during athletic events?
   **A.** In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.
5. **Q.** May spectators use small, handheld megaphones?
   **A.** Yes, but only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.

6. **Q.** What are some examples of cheers that do not encourage a positive atmosphere?
   **A.** Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. Air Ball! Air Ball! boosing, You! You! You! or You Got Swatted! are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team’s opponents.

7. **Q.** May students stand on the bottom row of the bleachers?
   **A.** Yes, but when they sit down, they must be seated on the second row.

8. **Q.** May students cheer during serves in volleyball and free throws in basketball?
   **A.** Yes, so long as they are just making noise and not specifically addressing a contest official or an individual player from the opposing team.

9. **Q.** May a school use balloons at an athletic event?
   **A.** Yes, a host school may use balloons for decoration. However, fans may not have balloons, and balloons may not be placed by the school in any manner that would block spectator viewing.

10. **Q.** May a school use balloons at a state championship final site?
    **A.** No.

11. **Q.** May spectators have oversized foam fingers at athletic events?
    **A.** Yes, they are allowed so long as they are not blocking spectator viewing.

15. **STATE CHAMPIONSHIPS – RANKINGS** *(OSAA Handbook, Executive Board Policies) (Revised Fall 2015):*

The OSAA shall use a ranking system to place qualifying teams on to OSAA State Championship brackets in the following team sports: football, boys’ soccer, girls’ soccer, volleyball, boys’ basketball, girls’ basketball, baseball and softball. Specifically regarding the ranking system and its implementation are listed below.

**A. Overall OSAA Ranking.** The overall OSAA ranking system shall be a combination of a Rating Percentage Index (RPI) system and the Colley Rating system. Each team will have an RPI Rank and a Colley Rank that will be averaged to create their overall OSAA Ranking. The Colley Rank will be used to break ties between teams with the same OSAA Ranking.

**B. Rating Percentage Index (RPI).** Factors included are wins, losses, ties and location of the contest (home, neutral, away). Score differential and rewards/penalties for playing teams outside one’s classification are not a part of the RPI system.

1) **Weighting of Contests.** The weight of a particular contest in the RPI system is determined by its location.
   - Home Win – .8 of .8
   - Road Win – 1.2 of 1.2
   - Neutral Site Win – 1.0 of 1.0
   - Home Tie – .4 of .8
   - Road Tie – .6 of 1.2
   - Neutral Site Tie - .5 of 1.0
   - Home Loss – 0 of 1.2
   - Road Loss – 0 of .8
   - Neutral Site Loss – 0 of 1.0

2) **Percentage Breakdown.** The RPI system factors a team’s weighted winning percentage (35%) and a team’s opponents’ winning percentage (65%) to create a team’s RPI ranking.

**C. Colley Rating.** This system is based on winning percentage, which is adjusted for a team’s strength of schedule. Only games against opponents within the same classification are included in the formula. When this system is expanded to include all teams in a classification, a linear system is created with the same number of variables as there are equations. The result of the calculations is a rating for each team in the classification that measures the team’s winning percentage against the strength of its opponents and the interactions of their opponents with all teams within the classification.

**D. Results.** Wins and losses shall be included in the rankings for all team sports. Ties shall only be included for boys’ and girls’ soccer.

1) **Endowment Games.** Results from contests designated as Endowment Games shall be included.

2) **Independent Status Teams.** Results from contests that have been granted Independent Status by the OSAA shall be included.
3) **Forfeits.** Forfeits shall be included and counted as a loss for the forfeiting team and a win for the team receiving the forfeit victory. However, in the RPI system, computation of opponents’ winning percentage (OWP) shall not include the results of any forfeits. Contests that have been legally played (using eligible players, etc.) shall not be counted as forfeits in the rankings, regardless of a league/district’s standard operating procedures.

4) **Out of State Teams.** In the RPI system, results from contests against out of state teams shall be included in a team’s weighted winning percentage and a team’s opponents’ winning percentage only. Schools are strongly encouraged to utilize the ScoreCenter Out-of-State Opponents form in order to have direct, regular contact with these teams.

5) **Out of Country Teams.** In the RPI system, results from contests against out of country teams shall not be included, except for contests against teams who are members of NFHS Affiliate Associations (e.g. Canadian provinces, U.S. territories, etc.) which shall be treated like contests against out of state teams.

6) **Contests vs. Teams Whose Classification’s Rankings Are Frozen.** Results from contests involving any team whose classification’s rankings are already frozen shall not be included in the rankings.

7) **Contests vs. Teams More Than One Classification Away.** In the RPI system, results from contests added to a team’s schedule after a certain date each season (Fall – Sept. 12; Winter – Dec. 19; Spring – Apr. 3) vs. a team more than one classification away shall not be included in the rankings. **NOTE:** bracketed contests at tournaments are not affected by this policy.

8) **Contests Added After a Certain Date.** Results from contests added to a team’s schedule after a certain date each season (Fall – Sept. 26; Winter – Jan. 9; Spring – Apr. 10) shall not be included in the rankings. **NOTE:** contests not affected by this policy include bracketed contests at tournaments, league tiebreakers, and district/league tournaments. Schools may apply for an exception to OSAA Staff in extenuating circumstances.

9) **Volleyball Pool Play.** Results from pool play in volleyball tournaments shall not be included.

10) **1A Football.** Results from contests between 1A football teams (8-man) and other classifications shall not be included.

11) **JV Teams.** Results from contests against JV teams shall not be included.

12) **Alumni Teams.** Results from contests against alumni teams shall not be included.

13) **Jamborees.** Results from jamborees shall not be included.

14) **Cancellations.** Results from contests that are cancelled shall not be included.

E. **Home/Away Designation.** Since the RPI system factors in where a contest is played, it is important that schools correctly designate this information when reporting schedules and results, especially for tournaments. Tournament play shall be considered a neutral site, except for contests played by the tournament host at its home venue. Baseball and softball contests, even those played as part of a tournament, shall not be listed as neutral due to the fundamental difference associated with being the home team in those sports (advantage of batting last).

F. **Ranking Timelines.** The rankings for each team sport shall be available to the public through the OSAA website beginning with the first contest date of each sports season. Rankings shall be frozen on the following dates for each classification in each team sport:

G. **Breaking Ties in the Overall Rankings.** In the event of a tie in the final overall OSAA Rankings, the teams’ Colley Rank will be used to break the tie. Although the Colley Ratings are displayed to the thousandths, the Colley Ratings shall be extended to as many digits as possible in order to break the tie. If a tie still exists then head-to-head competition shall decide the higher overall OSAA ranking. If a tie still exists, the RPI ranking shall be extended to as many digits as possible in order to break the tie. If that does not resolve the tie, the RPI ranking shall be extended to as many digits as possible for each of the following components in this order: winning percentage, weighted...
winning percentage, opponents’ winning percentage. If a tie still exists, a coin flip by the OSAA staff shall decide the higher overall OSAA ranking.

H. **Home Games for League Champions.** League champions at the 6A, 5A, 4A, 3A, 2A and 1A classifications shall be guaranteed a home game in their first state playoff contest, provided that the league champion finished in the top 16 of the final frozen rankings. Only one team per league will be considered the league champion under this policy; ties must be broken by the league. League champions meeting this criterion shall be moved up in the rankings the least number of places in order to ensure a home game (e.g. a league champion ranked #13 in the final frozen rankings shall be moved up to #8 and affected teams will shift down accordingly). League champions not meeting this criterion shall not be moved.

I. **Avoiding Same League Matchups in 1st Round.** The OSAA Staff shall make adjustments to the bracket to avoid teams from the same league matching up in the 1st Round. At the 1A level in volleyball and basketball, adjustments to the bracket shall be made beginning in the Round of 16 to avoid same league matchups. The following process shall be used:

1) Always move the lower ranked team when a conflict occurs.
2) Never take a home game away from a team when trying to resolve a conflict.
3) Make a total of three moves for a team to try and fix the conflict.
4) The three moves must move downward, if possible (e.g. #23 shifting with #24, #25, #26).
5) If there is not room to move downward (e.g. #32 is the conflict in a 32-team bracket), then move upward.
6) If the conflict is not resolved after a total of three moves, no change shall be made to fix the conflict.

J. **Placing Teams on the OSAA Bracket.** Once any adjustments are completed per sections H and I above, teams shall be assigned an adjusted playoff ranking (APR) and placed on the bracket accordingly (e.g. 1-32, 1-16, etc.)

16. **WITHDRAWAL DURING A COMPETITION** *(OSAA Handbook, Executive Board Policies)*

A. Removal of a team from competition prior to completion of that competition shall be considered a gross act of unsportsmanlike conduct.

B. In such a case, the school shall forfeit the contest and an administrator and the coach responsible for the action shall appear before the Executive Board at its next regularly scheduled meeting. See Executive Board Policies, “Withdrawal from State Championships” for additional information.

**Rule 3 – Contests – Sportsmanship – Crowd Control** *(OSAA Handbook, Rules)*

3.1. The arrangement of all festivals, meets, contests or championships is the responsibility of the superintendent, assistant superintendent or high school principal, subject to the Regulations of the Association.

3.2. When a festival, meet, contest or championship is in progress, the National Federation of State High School Associations (NFHS) rules governing such activities shall apply, except for specific deviations as approved by the Executive Board.

3.3. **Sportsmanship Responsibility.** The high school principal, coach and other responsible officials of each member school shall take all reasonable measures to insure that the school’s coaches, players, students and supporters maintain a sportsmanlike attitude toward all events so that events may be conducted without unreasonable danger or disorder. All cheers, comments and actions shall be in direct support of one’s team. No cheers, comments or actions shall be directed at one’s opponent or at contest officials. Derogatory and/or unsportsmanlike language is not allowed. No player may be singled out by number, name or position with negative comments of any kind.

When a petition is filed alleging violation of this rule, the Executive Director may, at his/her discretion and with concurrence of any two Executive Board members, postpone any pending event which the Executive Director has reason to believe cannot be conducted without an unreasonable danger of disorder. All such protests shall be referred to the Executive Board, which shall proceed as provided in Rule 4. In addition to any other action the Executive Board may take regarding a protest alleging a violation of this rule, the Executive Board shall have the power to cancel or re-schedule the event involved, or to impose conditions on conducting it.

3.4. **Sportsmanship Violations/Penalties.** When the coaches, players, students, staff or supporters of any member school engage in unsportsmanlike conduct, disorder or infliction of damage to persons or property
in connection with any festival, meet, contest or championship sponsored by this Association, the Executive Board may treat such acts as a violation by the school of the Rules of the Association. Any school whose coaches, players, students, supporters, rooters or partisans take part in riots, fights, pilfering, painting or any other unsportsmanlike conduct shall be subject to penalty.

3.5. A member school shall not participate in any festival, meet, contest or championship with a school that has been suspended or expelled from the Association.

3.6. The Association shall conduct state championships as directed by the Delegate Assembly.

3.7. A school shall not be allowed to participate in more than one state championship in a given sport.

1. Q. Is the host school exclusively responsible for crowd control?
   A. No. While the host school for any activity must assume a primary responsibility for the physical management of the activity, including providing for crowd control, this is a mutual responsibility. The visiting school also must take such measures as are necessary to insure proper behavior on the part of its own students and fans.

2. Q. May home team schools display signs and/or banners at their home venues?
   A. Yes, home team schools may display permanent signs and/or banners that are positive / supportive at their home venues. Examples are welcome signs, in-season rosters, league banners, league / state championship banners and sportsmanship banners.

3. Q. May visiting schools bring signs and/or banners to hang at the host school’s venue?
   A. No.

4. Q. Are run through signs allowed?
   A. Yes, so long as the message is positive/supportive.

5. Q. May a school use an artificial noisemaker at specific times during athletic events?
   A. In limited cases, yes. An example of an allowable use of artificial noisemakers by a school would be the firing of a cannon or the ringing of a bell after a touchdown is scored.

6. Q. May spectators use small, handheld megaphones?
   A. Yes, but only cheerleaders are allowed to use large megaphones. Neither cheerleaders nor spectators may use megaphones for banging on the floor or bleachers.

7. Q. What are some examples of cheers that do not encourage a positive atmosphere?
   A. Any yell that is intended to antagonize an opponent detracts from a positive atmosphere. Air Ball! Air Ball! booing, You! You! You! or You Got Swatted! are examples of yells that will not encourage a positive atmosphere. Conversely, a positive atmosphere is created when fans focus on positive yells in support of their team, rather than on negative yells attacking their team’s opponents.

8. Q. May students stand on the bottom row of the bleachers?
   A. Yes, but when they sit down, they must be seated on the second row.

9. Q. May students cheer during serves in volleyball and free throws in basketball?
   A. Yes, so long as they are just making noise and not specifically addressing a contest official or an individual player from the opposing team.

10. Q. May a school use balloons at an athletic event?
    A. Yes, a host school may use balloons for decoration. However, fans may not have balloons, and balloons may not be placed by the school in any manner that would block spectator viewing.

11. Q. May a school use balloons at a state championship final site?
    A. No.

12. Q. May spectators have oversized foam fingers at athletic events?
    A. Yes, they are allowed so long as they are not blocking spectator viewing.

**Rule 7 – Out-of-Season and Non-School Activities** *(OSAA Handbook, Rules)*

7.1. Out-of-season festivals, meets, contests or championships shall not be permitted during the school year involving member schools of this Association unless special authorization is given by the Executive Board.

7.2. A member school or official representative of a member school shall not participate, either directly or indirectly, in the promotion, management, supervision, player selection, coaching or officiating of an all-star contest involving high school students during the Association year.
7.3. No member school or official representative of a member school shall condition participation in high school athletics on participation in non-school athletic events or workouts, including, but not limited to camps, leagues, and any form of organized out-of-season or summer competition. Further, no member school may give consideration to such participation when determining membership on, or participation in, high school competitive athletics.

1. Q. May a coach require participation on a non-school team including summer teams or use participation on a non-school team as a factor in selecting members of a school team or allowing full participation in team activities?
   
   A. No to both questions. Participation on a non-school team is a personal choice of the student and his/her parents, and may not be required or even considered when selecting school team members or allowing full participation in team activities.
