To: Athletic Directors and Head Football Coaches
From: Brad Garrett, Assistant Executive Director
Subject: OSAA Hudl League Pool

In September the OSAA and Hudl [launched](#) a new partnership. Hudl is now the Exclusive Video Analysis and State Video Exchange Solution of the OSAA.

As a part of the partnership agreement, beginning this year all member schools that qualify into the OSAA Football State Championships will be required to upload game video from all contests played, Round 1 through the Championships, using the new Hudl Exchange Pool.

For any school who has qualified for the playoffs that does not have a Hudl account, a complimentary account will be provided for use during the OSAA post-season. You can contact Chad Swanson from Hudl at chad.swanson@hudl.com who will set this up for you.

Teams will be required to upload game film each week and in turn 'unlock' access to all film that has been added to the pool and can be immediately added to the team's library. Teams will upload their last regular season contest into the video pool to ensure by **noon, Sunday, October 31** to populate the pool. Teams are encouraged to continue to exchange additional film directly with their opponent as agreed upon by both teams. Teams will continue to be required to exchange a minimum of two previous game videos with their next opponent by Noon on Sunday of each week.

The OSAA League Pool creates the opportunity to share and view film equitably across each classification level and will provide a training and education resource for use by OSAA staff and local officials associations around the state.

Hudl has created a tutorial that walks you through how to add film to the pool as well as pull film to add to your library. You can find the tutorial at the link below:

<https://www.hudl.com/support/classic/review-share-video/share-video/use-a-league-pool>

Hudl also has a support team willing to assist you with any Hudl, Hudl Sideline, Hudl Focus, or the other Hudl products you may be using. Find support information at <https://www.hudl.com/support/>.

Good luck to all teams moving forward.

Below are some frequently asked questions with answers.

Q: Is audio included on film uploaded to the Exchange Pool?
A: Yes, if there is audio on the original film it will be included.

Q: Can teams be in more than one Exchange Pool at a time?
A: No

Q: Is there a time limit on uploading film to the Exchange Pool?
A: Yes, there will be an agreed upon lock out time, but teams can continue to pull film from the pool if they have already uploaded a film by the lock out time.
